610.027. VIOLATIONS — REMEDIES, PROCEDURE, PENALTY, PURPOSEFUL VIOLATIONS — VALIDITY OF ACTIONS BY GOVERNING BODIES IN VIOLATION — GOVERNMENTAL BODIES MAY SEEK INTERPRETATION OF LAW, ATTORNEY GENERAL TO PROVIDE. — 1. The remedies provided by this section against public governmental bodies shall be in addition to those provided by any other provision of law. Any aggrieved person, taxpayer to, or citizen of, this state, or the attorney general or prosecuting attorney, may seek judicial enforcement of the requirements of sections 610.010 to 610.026. Suits to enforce sections 610.010 to 610.026 shall be brought in the circuit court for the county in which the public governmental body has its principal place of business. **Upon service of a summons, petition, complaint, counterclaim, or cross-claim in a civil action brought to enforce the provisions of sections 610.010 to 610.026, the custodian of the public record that is the subject matter of such civil action shall not transfer custody, alter, destroy, or otherwise dispose of the public record sought to be inspected and examined, notwithstanding the applicability of an exemption pursuant to section 610.021 or the assertion that the requested record is not a public record until the court directs otherwise.**

2. Once a party seeking judicial enforcement of sections 610.010 to 610.026 demonstrates to the court that the body in question is subject to the requirements of sections 610.010 to 610.026 and has held a closed meeting, record or vote, the burden of persuasion shall be on the body and its members to demonstrate compliance with the requirements of sections 610.010 to 610.026.

3. Upon a finding by a preponderance of the evidence that a public governmental body or a member of a public governmental body has [purposely] **knowingly** violated sections 610.010 to [610.027] **610.026**, the public governmental body or the member shall be subject to a civil [fine in the amount of not more than five hundred dollars and] **penalty in an amount up to one thousand dollars. If the court finds that there is a knowing violation of sections 610.010 to 610.026**, the court may order the payment by such body or member of all costs and reasonable attorney fees to any party successfully establishing a violation [of sections 610.010 to 610.026].

The court shall determine the amount of the penalty by taking into account the size of the jurisdiction, the seriousness of the offense, and whether the public governmental body or member of a public governmental body has violated sections 610.010 to 610.026 previously.

4. Upon a finding by a preponderance of the evidence that a public governmental body or a member of a public governmental body has purposely violated section 610.010 to 610.026, the public governmental body or the member shall be subject to a civil penalty in an amount up to five thousand dollars. If the court finds that there was a purposeful violation of sections 610.010 to 610.026, then the court shall order the payment by such body or member of all costs and reasonable attorney fees to any party successfully establishing such a violation. The court shall determine the amount of the penalty by taking into account the size of the jurisdiction, the seriousness of the offense, and whether the public governmental body or member of a public governmental body has violated sections 610.010 to 610.026 previously.

5. Upon a finding by a preponderance of the evidence that a public governmental body has violated any provision of sections 610.010 to 610.026, a court shall void any action taken in violation of sections 610.010 to 610.026, if the court finds under the facts of the particular case that the public interest in the enforcement of the policy of sections 610.010 to 610.026 outweighs the public interest in sustaining the validity of the action taken in the closed meeting, record or vote. Suit for enforcement [must] **shall** be brought within one year from which the violation is ascertainable and in no event shall it be brought later than two years after the violation. This subsection shall not apply to an action taken regarding the issuance of bonds or other evidence of indebtedness of a public governmental body if a public hearing, election or public sale has been held regarding the bonds or evidence of indebtedness.

[5.] 6. A public governmental body which is in doubt about the legality of closing a particular meeting, record or vote may bring suit at the expense of that public governmental body in the circuit court of the county of the public governmental body's principal place of business to ascertain the propriety of any such action, or seek a formal opinion of the attorney general or an attorney for the governmental body.

610.029. GOVERNMENTAL AGENCIES TO PROVIDE INFORMATION BY ELECTRONIC SERVICES, CONTRACTS FOR PUBLIC RECORDS DATABASES, REQUIREMENTS, ELECTRONIC SERVICES DEFINED — DIVISION OF DATA PROCESSING MAY BE CONSULTED. — 1. A public governmental body keeping its records in an electronic format is strongly encouraged to provide access to its public records to members of the public in an electronic format. A public governmental body is strongly encouraged to make information available in usable electronic formats to the greatest extent feasible. **A public governmental body may not enter into a contract for the creation or maintenance of a public records database if that contract impairs the ability of the public to inspect or copy the public records of that agency, including public records that are on-line or stored in an electronic recordkeeping system used by the agency. Such contract may not allow any impediment that as a practical matter makes it more difficult for the public to inspect or copy the records than to inspect or copy the public governmental body's records. For purposes of this section, a useable electronic format shall allow, at a minimum, viewing and printing of records. However, if the public governmental body keeps a record on a system capable of allowing the copying of electronic documents into other electronic documents, the public governmental body shall provide data to the public in such electronic format, if requested.** The activities authorized pursuant to this section may not take priority over the primary responsibilities of a public governmental body. For purposes of this section the term "electronic services" means on-line access or access via other electronic means to an electronic file or data base. **This subsection shall not apply to contracts initially entered into before August 28, 2004.**

2. Public governmental bodies shall include in a contract for electronic services provisions that:

(1) Protect the security and integrity of the information system of the public governmental body and of information systems that are shared by public governmental bodies; and

(2) Limit the liability of the public governmental body providing the services.

3. Each public governmental body may consult with the division of data processing and telecommunications of the office of administration to develop the electronic services offered by the public governmental body to the public pursuant to this section.

610.100. DEFINITIONS — ARREST AND INCIDENT RECORDS SHALL BE AVAILABLE TO PUBLIC — CLOSED RECORDS, WHEN — RECORD REDACTED, WHEN — ACCESS TO INCIDENT REPORTS, RECORD REDACTED, WHEN — ACTION FOR DISCLOSURE OF INVESTIGATIVE REPORT AUTHORIZED, COSTS — APPLICATION TO OPEN INCIDENT AND ARREST REPORTS, VIOLATIONS, CIVIL PENALTY — IDENTITY OF VICTIM OF SEXUAL OFFENSE. — 1. As used in sections 610.100 to 610.150, the following words and phrases shall mean:

(1) "Arrest", an actual restraint of the person of the defendant, or by his or her submission to the custody of the officer, under authority of a warrant or otherwise for a criminal violation which results in the issuance of a summons or the person being booked;

(2) "Arrest report", a record of a law enforcement agency of an arrest and of any detention or confinement incident thereto together with the charge therefor;

(3) "Inactive", an investigation in which no further action will be taken by a law enforcement agency or officer for any of the following reasons:

(a) A decision by the law enforcement agency not to pursue the case;

(b) Expiration of the time to file criminal charges pursuant to the applicable statute of limitations, or ten years after the commission of the offense; whichever date earliest occurs;

(c) Finality of the convictions of all persons convicted on the basis of the information contained in the investigative report, by exhaustion of or expiration of all rights of appeal of such persons;

(4) "Incident report", a record of a law enforcement agency consisting of the date, time, specific location, name of the victim and immediate facts and circumstances surrounding the initial report of a crime or incident, including any logs of reported crimes, accidents and complaints maintained by that agency;

(5) "Investigative report", a record, other than an arrest or incident report, prepared by personnel of a law enforcement agency, inquiring into a crime or suspected crime, either in response to an incident report or in response to evidence developed by law enforcement officers in the course of their duties.

2. Each law enforcement agency of this state, of any county, and of any municipality, shall maintain records of all incidents reported to the agency, investigations and arrests made by such law enforcement agency. All incident reports and arrest reports shall be open records. Notwithstanding any other provision of law other than the provisions of subsections 4, 5 and 6 of this section or section 320.083, RSMo, investigative reports of all law enforcement agencies are closed records until the investigation becomes inactive. If any person is arrested and not charged with an offense against the law within thirty days of the person's arrest, the arrest report shall thereafter be a closed record except that the disposition portion of the record may be accessed and except as provided in section 610.120.

3. Except as provided in subsections 4, 5, 6 and 7 of this section, if any portion of a record or document of a law enforcement officer or agency, other than an arrest report, which would otherwise be open, contains information that is reasonably likely to pose a clear and present danger to the safety of any victim, witness, undercover officer, or other person; or jeopardize a criminal investigation, including records which would disclose the identity of a source wishing to remain confidential or a suspect not in custody; or which would disclose techniques, procedures or guidelines for law enforcement investigations or prosecutions, that portion of the

record shall be closed and shall be redacted from any record made available pursuant to this chapter.

4. Any person, attorney for a person, or insurer of a person involved in any incident or whose property is involved in an incident, may obtain any records closed pursuant to this section or section 610.150 for purposes of investigation of any civil claim or defense, as provided by this subsection. Any individual, his or her attorney or insurer, involved in an incident or whose property is involved in an incident, upon written request, may obtain a complete unaltered and unedited incident report concerning the incident, and may obtain access to other records closed by a law enforcement agency pursuant to this section. Within thirty days of such request, the agency shall provide the requested material or file a motion pursuant to this subsection with the circuit court having jurisdiction over the law enforcement agency stating that the safety of the victim, witness or other individual cannot be reasonably ensured, or that a criminal investigation is likely to be jeopardized. If, based on such motion, the court finds for the law enforcement agency, the court shall either order the record closed or order such portion of the record that should be closed to be redacted from any record made available pursuant to this subsection.

5. Any person may bring an action pursuant to this section in the circuit court having jurisdiction to authorize disclosure of the information contained in an investigative report of any law enforcement agency, which would otherwise be closed pursuant to this section. The court may order that all or part of the information contained in an investigative report be released to the person bringing the action. In making the determination as to whether information contained in an investigative report shall be disclosed, the court shall consider whether the benefit to the person bringing the action or to the public outweighs any harm to the public, to the law enforcement agency or any of its officers, or to any person identified in the investigative report in regard to the need for law enforcement agencies to effectively investigate and prosecute criminal activity. The investigative report in question may be examined by the court in camera. The court may find that the party seeking disclosure of the investigative report shall bear the reasonable and necessary costs and attorneys' fees of both parties, unless the court finds that the decision of the law enforcement agency not to open the investigative report was substantially unjustified under all relevant circumstances, and in that event, the court may assess such reasonable and necessary costs and attorneys' fees to the law enforcement agency.

6. Any person may apply pursuant to this subsection to the circuit court having jurisdiction for an order requiring a law enforcement agency to open incident reports and arrest reports being unlawfully closed pursuant to this section. If the court finds by a preponderance of the evidence that the law enforcement officer or agency has [purposely] **knowingly** violated this section, the officer or agency shall be subject to a civil penalty in an amount [not to exceed five hundred dollars, and] **up to one thousand dollars. If the court finds that there is a knowing violation of this section,** the court [shall] **may** order payment by such officer or agency of all costs and attorneys' fees, as provided by section 610.027. **If the court finds by a preponderance of the evidence that the law enforcement officer or agency has purposely violated this section, the officer or agency shall be subject to a civil penalty in an amount up to five thousand dollars and the court shall order payment by such officer or agency of all costs and attorney fees, as provided in section 610.027. The court shall determine the amount of the penalty by taking into account the size of the jurisdiction, the seriousness of the offense, and whether the law enforcement officer or agency has violated this section previously.**

7. The victim of an offense as provided in chapter 566, RSMo, may request that his or her identity be kept confidential until a charge relating to such incident is filed.

610.200. LAW ENFORCEMENT AGENCY LOG OR RECORD OF SUSPECTED CRIMES, ACCIDENTS OR COMPLAINTS, AVAILABLE FOR INSPECTION AND COPYING. — [1. Except as provided in subsection 2 of this section] All law enforcement agencies that maintain a daily log or record that lists suspected crimes, accidents, or complaints, shall make available the following information for inspection and copying by the public:

- (1) The time, substance, and location of all complaints or requests for assistance received by the agency;
- (2) The time and nature of the agency's response to all complaints or requests for assistance; and
- (3) If the incident involves an alleged crime or infraction:

 - (b) The name and age of any victim, unless the victim is a victim of a crime under chapter 566, RSMo;

 - (d) A general description of any injuries, property or weapons involved.

[2. Any law enforcement agency with custody of an accident report or incident report, as defined in section 610.100, shall not release for sixty days after the date of the accident or incident the report containing the factual circumstances or general description of any injuries as provided in paragraphs (c) and (d) of subdivision (3) of subsection 1 of this section to a person that is not an interested party. For the purposes of this subsection, an "interested party" is any law enforcement agency, any person who was involved in the accident or incident, the street department of the jurisdiction involved, the owner of any vehicle involved in the accident or incident, the insurance company, physician or family member of any person involved in the accident or incident or any attorney or any member of the news media.]

SECTION 1. INTERNET WEB SITES, REQUIRED POSTINGS. — **If any public school district hosts a district-sponsored Internet web site, that district shall post the following on such site:**

- (1) **A current version of that district's policy manual and all related documents; and**
- (2) **A current version of that district's handbook, or, if the district has more than one handbook, a current version of all of that district's handbooks.**

SECTION B. EMERGENCY CLAUSE. — Because immediate action is necessary to alleviate any harm posed to the public from the lack of any qualified newspaper approved for public notices, the repeal and reenactment of section 493.050 of this act is deemed necessary for the immediate preservation of the public health, welfare, peace, and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and the repeal and reenactment of section 493.050 of this act shall be in full force and effect upon its passage and approval.

260.370. DUTIES AND POWERS OF COMMISSION — RULES AND REGULATIONS TO BE ADOPTED, PROCEDURES — INSPECTION FEES, USE OF, REFUND, WHEN — VARIANCES GRANTED, WHEN — JOINT COMMITTEE FOR FEE RESTRUCTURING AUTHORIZED. — 1. Where proven technology is available and the economic impact is reasonable, pursuant to rules and regulations promulgated by the commission, the hazardous waste management commission shall encourage that every effort is made to effectively treat, recycle, detoxify, incinerate or otherwise treat hazardous waste to be disposed of in the state of Missouri in order that such wastes are not disposed of in a manner which is hazardous to the public health and the environment. Where proven technology is available with respect to a specific hazardous waste and the economic impact is reasonable, pursuant to rules and regulations promulgated by the commission, the hazardous waste management commission shall direct that disposal of the specific hazardous wastes using land filling as the primary method is prohibited.

2. The hazardous waste management commission shall, by rules and regulations, categorize hazardous waste by taking into account toxicity, persistence and degradability in nature, potential for accumulation in tissue, and other related factors such as flammability, corrosiveness and other hazardous characteristics. The commission shall by rules and regulations further establish within each category the wastes which may or may not be disposed of through alternative hazardous waste management technologies including, but not limited to, treatment facilities, incinerators, landfills, landfarms, storage facilities, surface impoundments, recycling, reuse and reduction. The commission shall specify, by rule and regulation, the frequency of inspection for each method of hazardous waste management and for the different waste categories at hazardous waste management sites. The inspection may be daily when the hazardous waste management commission deems it necessary. The hazardous waste management commission shall specify, by rule, fees to be paid to the department by owners or operators of hazardous waste facilities who have obtained, or are required to obtain, a hazardous waste facility permit and who accept, on a commercial basis for remuneration, hazardous waste from off-site sources, but not including wastes generated by the same person at other sites located in Missouri or within a metropolitan statistical area located partially in Missouri and owned or operated by the same person and transferred to the hazardous waste facility, for treatment, storage or disposal, for inspections conducted by the department to determine compliance with sections 260.350 to 260.430 and the regulations promulgated thereunder. Funds derived from these inspection fees shall be used for the purpose of funding the inspection of hazardous waste facilities, as specified in subsection 3 of section 260.391. Such fees shall not exceed twelve thousand dollars per year per facility and the commission shall establish a graduated fee scale based on the volume of hazardous waste accepted with reduced fees for facilities accepting smaller volumes of hazardous waste. The department shall furnish, upon request, to the person, firm or corporation operating the hazardous waste facility a complete, full and detailed accounting of the cost of the department's inspections of the facility for the twelve-month period immediately preceding the request within forty-five days after receipt of the request. Failure to provide the accounting within forty-five days shall require the department to refund the inspection fee paid during the twelve-month-time period.

3. In addition to any other powers vested in it by law, the commission shall have the following powers:

(1) From time to time adopt, amend or repeal, after due notice and public hearing, standards, rules and regulations to implement, enforce and carry out the provisions of sections 260.350 to 260.430 and any required of this state by any federal hazardous waste management act and as the commission may deem necessary to provide for the safe management of hazardous wastes to protect the health of humans and the environment. In implementing this subsection, the commission shall consider the variations within this state in climate, geology, population density, quantities and types of hazardous wastes generated, availability of hazardous waste facilities and such other factors as may be relevant to the safe management of hazardous wastes. Within two years after September 28, 1977, the commission shall adopt rules and regulations including the following:

(a) Rules and regulations establishing criteria and a listing for the determination of whether any waste or combination of wastes is hazardous for the purposes of sections 260.350 to 260.430, taking into account toxicity, persistence and degradability in nature, potential for accumulation in tissue, and other related factors such as flammability, corrosiveness and other hazardous characteristics;

(b) Rules and regulations for the storage, treatment and disposal of hazardous wastes;

(c) Rules and regulations for the transportation, containerization and labeling of hazardous wastes, which shall be consistent with those issued by the Missouri public service commission;

(d) Rules and regulations establishing standards for the issuance, modification, suspension, revocation or denial of such licenses and permits as are consistent with the purposes of sections 260.350 to 260.430;

(e) Rules and regulations establishing standards and procedures for the safe operation and maintenance of hazardous waste facilities in order to protect the health of humans and other living organisms;

(f) Rules and regulations listing those wastes or combinations of wastes, for which criteria have been established under paragraph (a) of this subdivision and which are not compatible and which may not be stored or disposed of together;

(g) Rules and regulations establishing procedures and requirements for the reporting of the generation, storage, transportation, treatment or disposal of hazardous wastes;

(2) Adopt and publish, after notice as required by the provisions of chapter 536, RSMo, pertaining to administrative rulemaking, and public hearing, a state hazardous waste management plan to provide for the safe and effective management of hazardous wastes within this state. This plan shall be adopted within two years after September 28, 1977, and revised at least once every five years thereafter;

2. The supervisor of alcohol and tobacco control may issue a special license to caterers and other persons holding licenses to sell intoxicating liquor by the drink at retail for consumption on the premises pursuant to the provisions of this chapter who furnish provisions and service for use at a particular function, occasion, or event at a particular location other than the licensed premises, but not including a "festival" as defined in chapter 316, RSMo. No insurer subject to registration under section 382.100 shall pay any extraordinary dividend or make any other extraordinary distribution to its shareholders until thirty days after the director has received notice of the declaration thereof and has not within such period disapproved such payment, or the director has approved the payment within such thirty-day period. For purposes of this section, **net income excludes net realized capital gains to the extent that realized capital gains exceed realized capital losses, and** an extraordinary dividend or distribution includes any dividend or distribution of cash or other property, whose fair market value together with that of dividends or distributions made within the period of twelve consecutive months ending on the date on which the proposed dividends are scheduled for payment or distribution:

(1) For life [insurance companies and], title [insurance companies] **and property and casualty insurance companies**, such amount exceeds the greater of ten percent of the insurer's surplus as regards policyholders as of the thirty-first day of December next preceding, or the net gain from operations of the insurer, if the insurer is a life insurer, or the net investment income, if the insurer is a title insurer, **or the net income if the insurer is a property and casualty insurer**, for the twelve-month period ending the thirty-first day of December next preceding, but shall not include pro rata distributions of any class of the insurer's own securities;

(1) The quality of the company's earnings and the extent to which the reported earnings include extraordinary items; or

(2) The recent past and projected future trend in the company's surplus as regards policyholders.

4. Notwithstanding any other provision of law, an insurer may declare an extraordinary dividend or distribution which is conditional upon the director's approval thereof, and the declaration shall confer no rights upon shareholders until the director has approved the payment of the dividend or distribution, or the director has not disapproved the payment within the thirty-day period referred to above.

Be it enacted by the General Assembly of the State of Missouri, as follows:

SECTION A. ENACTING CLAUSE. — Sections 160.518, 160.538, 160.720, and 174.453, RSMo, are repealed and three new sections enacted in lieu thereof, to be known as sections 160.518, 160.720, and 174.453, to read as follows:

160.518. STATEWIDE ASSESSMENT SYSTEM, STANDARDS, RESTRICTION — EXEMPLARY LEVELS, OUTSTANDING SCHOOL WAIVERS — SUMMARY WAIVER OF PUPIL TESTING REQUIREMENTS — WAIVER VOID, WHEN — SCORES NOT COUNTED, WHEN — ALTERNATIVE ASSESSMENTS FOR SPECIAL EDUCATION STUDENTS — ADJUSTMENTS ADMINISTERED, WHEN — WAIVERS OF RESOURCES AND PROCESS STANDARDS, WHEN. — 1. Consistent with the provisions contained in section 160.526, the state board of education shall develop a statewide assessment system that provides maximum flexibility for local school districts to determine the degree to which students in the public schools of the state are proficient in the knowledge, skills, and competencies adopted by such board pursuant to subsection 1 of section 160.514. The statewide assessment system shall assess problem solving, analytical ability, evaluation, creativity, and application ability in the different content areas and shall be performance-based to identify what students know, as well as what they are able to do, and shall enable teachers to evaluate

actual academic performance. The assessment system shall neither promote nor prohibit rote memorization and shall not include existing versions of tests approved for use pursuant to the provisions of section 160.257, nor enhanced versions of such tests. The statewide assessment shall measure, where appropriate by grade level, a student's knowledge of academic subjects including, but not limited to, reading skills, writing skills, mathematics skills, world and American history, forms of government, geography and science.

2. The assessment system shall only permit the academic performance of students in each school in the state to be tracked against prior academic performance in the same school.

3. The state board of education shall suggest criteria for a school to demonstrate that its students learn the knowledge, skills and competencies at exemplary levels worthy of imitation by students in other schools in the state and nation. "Exemplary levels" shall be measured by the assessment system developed pursuant to subsection 1 of this section, or until said assessment is available, by indicators approved for such use by the state board of education. The provisions of other law to the contrary notwithstanding, the commissioner of education may, upon request of the school district, present a plan for the waiver of rules and regulations to any such school, to be known as "Outstanding Schools Waivers", consistent with the provisions of subsection 4 of this section.

4. For any school that meets the criteria established by the state board of education for three successive school years pursuant to the provisions of subsection 3 of this section, by August first following the third such school year, the commissioner of education shall present a plan to the superintendent of the school district in which such school is located for the waiver of rules and regulations to promote flexibility in the operations of the school and to enhance and encourage efficiency in the delivery of instructional services. The provisions of other law to the contrary notwithstanding, the plan presented to the superintendent shall provide a summary waiver, with no conditions, for the pupil testing requirements pursuant to section 160.257, in the school. Further, the provisions of other law to the contrary notwithstanding, the plan shall detail a means for the waiver of requirements otherwise imposed on the school related to the authority of the state board of education to classify school districts pursuant to subdivision (9) of section 161.092, RSMo, and such other rules and regulations as determined by the commissioner of education, excepting such waivers shall be confined to the school and not other schools in the district unless such other schools meet the criteria established by the state board of education consistent with subsection 3 of this section and the waivers shall not include the requirements contained in this section and section 160.514. Any waiver provided to any school as outlined in this subsection shall be void on June thirtieth of any school year in which the school fails to meet the criteria established by the state board of education consistent with subsection 3 of this section.

5. The score on any assessment test developed pursuant to this section or this chapter of any student for whom English is a second language shall not be counted until such time as such student has been educated for three full school years in a school in this state, or in any other state, in which English is the primary language.

6. The state board of education shall identify or, if necessary, establish one or more developmentally appropriate alternate assessments for students who receive special educational services, as that term is defined pursuant to section 162.675, RSMo. In the development of such alternate assessments, the state board shall establish an advisory panel consisting of a majority of active special education teachers and other education professionals as appropriate to research available assessment options. The advisory panel shall attempt to identify preexisting developmentally appropriate alternate assessments but shall, if necessary, develop alternate assessments and recommend one or more alternate assessments for adoption by the state board. The state board shall consider the recommendations of the advisory council in establishing such alternate assessment or assessments. Any student who receives special educational services, as that term is defined pursuant to section 162.675, RSMo, shall be assessed by an alternate assessment established pursuant to this subsection upon a determination by the student's individualized education program team that such alternate assessment is more appropriate to

assess the student's knowledge, skills and competencies than the assessment developed pursuant to subsection 1 of this section. The alternate assessment shall evaluate the student's independent living skills, which include how effectively the student addresses common life demands and how well the student meets standards for personal independence expected for someone in the student's age group, sociocultural background, and community setting.

7. Notwithstanding the provisions of subsections 1 to 6 of this section, no later than June 30, 2006, the state board of education shall administer the following adjustments to the statewide assessment system:

(1) Align the performance standards of the statewide assessment system so that such indicators meet, but do not exceed, the performance standards of the National Assessment of Education Progress (NAEP) exam;

(2) Institute yearly examination of students in the required subject areas where compelled by existing federal standards, as of the effective date of this section; and

(3) Administer any other adjustments that the state board of education deems necessary in order to aid the state in satisfying existing federal requirements, as of the effective date of this section, including, but not limited to, the requirements contained in the federal "No Child Left Behind Act". Grade level expectations shall be considered when the state board of education establishes performance standards.

8. By July 1, 2006, the state board of education shall examine its rules and regulations and revise them to permit waivers of resource and process standards based upon achievement of performance profiles consistent with accreditation status.

160.720. PRIORITY SCHOOLS IDENTIFIED, CRITERIA — COMPREHENSIVE SCHOOL IMPROVEMENT PLAN REQUIRED, CONTENTS — EDUCATIONAL AUDITS, REQUIREMENTS — EVALUATION OF PLAN, TIMELINES — WITHHOLDING OF FUNDS, WHEN — RULES. — 1. The department of elementary and secondary education shall identify as a priority school any school building or attendance center that fails to meet acceptable standards of student achievement established by the state board of education and based upon factors which shall include, but not be limited to, student assessments, graduation rate, drop-out rate, school attendance rate, graduate placement in college, vocational or technical school, or high-wage employment and incidence of school violence.

2. The board of education of any district that contains a priority school shall submit a comprehensive school improvement plan that provides for the following:

(1) Identification of the areas of academic deficiency in student performance on the statewide assessment established pursuant to section 160.518 by disaggregating scores based upon school, grade, academic content area and student demographic subgroups, which shall include, but shall not be limited to, race, ethnicity, disability status, migrant status, limited English proficiency, and economic disadvantage;

(2) Implementation of research-based strategies to assist the priority school in addressing the areas of deficiency;

(3) Alignment of the priority school's curriculum to address deficiencies in student achievement;

(4) Reallocation of district resources to address the areas of academic deficiency, which shall include focusing available funding on professional development in the areas of deficiency; and

(5) Listing of all school buildings and attendance centers declared to be priority schools in the district's annual school accountability report distributed pursuant to section 160.522.

3. The state board of education may appoint a team to conduct an educational audit of any priority school to determine the factors that have contributed to the lack of student achievement and shall give audit priority to schools based upon failure to meet standards of student achievement as established pursuant to this section.

(1) An audit team shall include an experienced teacher and an experienced administrator from successful school districts of comparable size and per pupil funding. The size of the audit team shall be based upon the size of the school to be audited;

(2) The audit team shall report its findings to the state board of education and the local board of education;

(3) The state board may require all or part of those findings to be addressed in the comprehensive school improvement plan required pursuant to this section.

4. Comprehensive school improvement plans shall be evaluated based upon standards established pursuant to subsection 2 of this section and upon the following timelines:

(1) The comprehensive school improvement plan shall be submitted to the department of elementary and secondary education on or before August fifteenth following any school year in which a school district building meets the criteria established under subsection 1 of this section;

(2) The department of elementary and secondary education shall review and identify areas of concern in the plan within sixty days of receipt; and

(3) Changes to the plan shall be forwarded to the department of elementary and secondary education within sixty days of notice to the district of the areas of concern.

5. The department of elementary and secondary education shall withhold funds authorized in section 163.031, RSMo, from any school district that fails to submit a comprehensive school improvement plan based upon the standards and timelines established in this section. Withheld funds shall be released upon submission of a comprehensive school improvement plan that meets the established requirements.

6. Designation as a priority school and the effectiveness of the school district in implementing the comprehensive school improvement plan required under this section shall be considered by the state board of education in the school district's accreditation granted pursuant to section 161.092, RSMo.

7. No rule or portion of a rule promulgated under this section shall become effective unless it has been promulgated pursuant to chapter 536, RSMo.

[160.538. ACADEMICALLY DEFICIENT SCHOOLS — AUDIT TEAMS, FINDINGS, REPORT — MANAGEMENT TEAMS, INVESTIGATIONS, RECOMMENDATIONS — MEMBERS — ELECTION FOR RECALL OF MEMBERS OF DISTRICT BOARD BY ORDER OF COMMISSIONER OF EDUCATION OR PETITION — SUSPENSION OF INDEFINITE CONTRACTS, HEARING — RESTRICTION UPON RENEWAL OF CONTRACTS — SCHOOL ACCOUNTABILITY COUNCIL — INSTRUCTIONAL RESOURCE REALLOCATION PLAN — TUITION REIMBURSEMENT. — 1. By July 1, 1996, the state board of education shall develop a procedure and criteria for determining that a school in a school district is "academically deficient". In making such a determination for any school, the state board of education shall consider the results for the school from the assessment system developed pursuant to the provisions of section 160.518 together with the results from the education audit performed under subsection 2 of this section.

2. (1) Prior to a decision that a school is academically deficient, the state board of education shall appoint an audit team of at least ten persons to conduct an education audit of the school to determine the factors that have contributed to the lack of student achievement at the school as measured by the district assessment system and make a finding as to whether the school is academically deficient. The specific standards and implementation of the education audit shall be pursuant to rules adopted by the state board of education.

(2) The audit team shall report its findings to the state board. If the audit team finds that the school is academically deficient, then the state board shall declare the school to be academically deficient.

(3) Following a decision that a school is academically deficient, the state board of education shall, within sixty days, appoint a management team of at least ten persons to conduct any necessary investigations and make any recommendations the team believes are appropriate for the administration and management of the school necessary to promote student achievement and any additional resources which are required. Funds shall be provided, upon appropriation, under subsection 2 of section 160.530 for the operation of the audit and management teams and resources needed in the district.

(4) In the appointment of the audit and management teams, the state board of education shall appoint such persons so that at least fifty percent of the team is composed of active classroom teachers at the elementary, middle or secondary level grades. Teachers who have retired within five years of the appointment may be included in the classroom teacher component of the team. Further, no more than two persons of said team may be employees of the department of elementary and secondary education. At least one member of the team shall be a public school superintendent from another district.

(5) The management team shall report its findings and recommendations to the state board within sixty school days. The commissioner of education shall, subject to availability of resources, provide resources to the district as recommended by the management team. The management team report may also include recommendations for one or more of the following:

(a) Conduct a recall election for each member of the district school board;

(b) Suspend indefinite contracts for certificated staff in the school and a one-year maximum length for new or renewal of contracts for the superintendent or the principal of the school;

(c) Require that the district develop a plan for the recruitment and retention of high quality teachers and administrators within the district; or

(d) Appoint a school accountability council to monitor one or more school buildings in the district.

(6) The education audit team shall reevaluate the school two years after the filing of the management team report. No recall election, suspension of indefinite contract or maximum contract length limit may be imposed unless the audit team determines that the school is still academically deficient.

(7) The commissioner of education shall, upon such recommendation by the management team and upon approval by the state board of education, but only in the case where the education audit team finds the school academically deficient in its reevaluation audit under subdivision (6) of this subsection, order an election in the district to be held for the purpose of conducting a recall election of all members of the district school board. The recall election shall be held on the next available election day thereafter as provided under section 115.123, RSMo, and shall be conducted pursuant to chapter 115, RSMo, except as otherwise provided herein.

3. (1) A district school board member of a district which contains a school declared academically deficient may be removed by the voters in a recall election. Such election shall be held upon the submission of a petition signed by voters of the district equal in number to at least twenty-five percent of the number of persons voting at the last preceding election to elect a district board member. The petition shall be filed with the election authority and the secretary of the district board of education, which petition shall contain a general statement of the grounds for which the removal is sought. The signatures to the petition need not all be appended to one paper, but each signer shall add to his signature his place of residence, giving the street and number. One of the signers of each such paper shall make oath before an officer competent to administer oaths that the statements therein made are true as he believes and that each signature to the paper appended is the genuine signature of the person whose name it purports to be.

(2) Within ten days from the date of filing such petition the election authority shall examine and ascertain whether said petition is signed by the requisite number of voters; and he shall attach to the petition his certificate, showing the result of the examination. If the petition is shown to be insufficient, it may be amended within ten days from the date of said certificate. The election authority shall, within ten days after such amendment, make like examination of the amended petition and, if his certificate shall show the same to be insufficient, it shall be returned to the person filing the same, without prejudice, however, to the filing of a new petition to the same effect. If the petition shall be deemed to be sufficient, the election authority shall submit the same to the district board without delay. If the petition shall be found to be sufficient, the district board shall order the question to be submitted to the voters of the district.

(3) If a majority of the voters vote in favor of retaining the member, he shall remain in office and shall not be subject to another recall election during his term of office except as provided in subsection 2 of this section. If a majority of voters vote to remove the member, his successor shall be chosen as provided in section 162.261, RSMo.

4. Under subdivision (5) of subsection 2 of this section, a district board of education may suspend indefinite contracts and issue probationary contracts to all certificated staff in a school declared academically deficient. However, no such indefinite contract for any person may be suspended without providing the person an opportunity for a due process hearing, conducted according to the provisions of chapter 536, RSMo, and only after the school board demonstrates that the performance of the person's duties contributed to the school meeting the criteria for being declared academically deficient. The district board of any school which is declared academically deficient shall not issue new contracts or renew contracts to either the superintendent or the principal of the academically deficient school for a period of longer than one year. The provisions of other law to the contrary notwithstanding, a probationary teacher in a school declared academically deficient shall not be granted an indefinite contract until one year after such school is no longer determined to be academically deficient, and the probationary teacher meets all other requirements for permanent status required by law.

5. (1) If the management team so recommends pursuant to subdivision (5) of subsection 2 of this section, a district board of education may appoint a school accountability council for one or more buildings within the district.

(2) The school accountability council may monitor implementation of an instructional resource reallocation plan within the areas of deficiency identified by the state board of education.

(3) The school accountability council shall consist of seven members, with no fewer than four members being the parent or guardian of a student currently enrolled in the school building.

(4) If the district board of education fails to appoint a school accountability council pursuant to this subsection, then the state board of education may appoint the council.

6. An instructional resource reallocation plan for any school building shall provide for the focusing of any discretionary local, state or federal funds available to the school on the areas of academic deficiency. The instructional resource reallocation plan shall address:

(1) Instruction in math and reading/communication arts if performance by students in those areas under the assessment system developed pursuant to section 160.518 is such that the percentage of the subject school's students scoring at step 1 of the assessment scale is at least twice the percentage of students statewide scoring at step 1 of the assessment scale;

(2) Professional development to improve instruction in the areas of academic deficiency or in areas where the number of certificated staff teaching one or more classes outside of their area of certification results in ten percent or more of the students within the school building being taught by teachers outside their areas of certification;

(3) Special education and related services and the level of integration of children with disabilities within the regular education curriculum where the percentage of students eligible to receive services under the Individuals with Disabilities Education Act and scoring at step 1 of the assessment scale of the assessment system developed pursuant to section 160.518 is at least twice the percentage of students statewide who are eligible to receive services under the Individuals with Disabilities Education Act and who score at step 1 of the assessment scale;

(4) Any waivers required for implementation of the plan to be requested on behalf of the district from the state board of education.

7. The school accountability council shall report annually to the state board of education with regard to the implementation of the instructional resources reallocation plan until such time as the academic deficiencies are addressed.

8. Notwithstanding any other provision of law to the contrary, any district which has one or more buildings declared academically deficient shall provide summer school programming to any student making application in those areas identified as an area of concern by the school audit team pursuant to subsection 2 of this section.

9. (1) Subject to appropriation, the state board of education may establish a program of financial aid for prospective teachers to assist schools identified as academically deficient.

(2) This program may include tuition reimbursement for current teachers and student loan forgiveness for new teachers employed within the district based upon their term of service in the district.

Restricts lenders from requiring borrowers to obtain homeowners insurance exceeding the property's replacement value.

AN ACT to repeal section 375.937, RSMo, and to enact in lieu thereof one new section relating to homeowner insurance requirements by lenders.

SECTION

A. Enacting clause.

375.937. Lenders, duties — prohibited acts.

Be it enacted by the General Assembly of the State of Missouri, as follows:

SECTION A. ENACTING CLAUSE. — Section 375.937, RSMo, is repealed and one new section enacted in lieu thereof, to be known as section 375.937, to read as follows:

375.937. LENDERS, DUTIES — PROHIBITED ACTS. — 1. No person may require as a condition precedent to the lending of money or extension of credit, or any renewal thereof, that the person to whom such money or credit is extended or whose obligation a creditor is to acquire or finance, negotiate any contract of insurance or renewal thereof through a particular insurer or group of insurers or agent, broker or group of agents or brokers.

2. No person who lends money or extends credit may:

(1) Unreasonably reject a contract of insurance furnished by the borrower for the protection of the property securing the credit or lien. A rejection shall not be deemed unreasonable if it is based on reasonable standards, uniformly applied, relating to the extent of coverage required and the financial soundness and the services of an insurer. Such standards shall not discriminate against any particular type of insurer, nor shall such standards call for rejection of an insurance contract because the contract contains coverage in addition to that required in the credit transaction;

(2) Require that any borrower, mortgagor, purchaser, insurer, broker or agent pay a separate charge, in connection with the handling of any contract of insurance required as security for a loan on real estate, or pay a separate charge to substitute the insurance policy of one insurer for that of another. This subdivision does not include the interest which may be charged on premium loans or premium advancements in accordance with the terms of the loan or credit documents;

(3) Use or disclose, without the prior written consent of the borrower, mortgagor, or purchaser taken at a time other than the making of the loan or extension of credit, information relative to a contract of insurance which is required by the credit transaction, for the purpose of replacing such insurance;

(4) Require any procedures or conditions of duly licensed agents, brokers or insurers not customarily required of those agents, brokers or insurers affiliated or in any way connected with the person who lends money or extends credit;

(5) Solicit insurance for the protection of real property, after a person indicates interest in securing a first mortgage credit extension, until such person has received a commitment in writing from the lender as to a loan or credit extension;

(6) As a condition of financing a residential mortgage or providing other financial arrangements for residential property, require a borrower to purchase homeowners' insurance coverage in an amount exceeding the replacement value of the improvements and contents on the real property. A violation of this subdivision shall not affect the validity of the loan, note secured by a deed of trust, mortgage, or deed of trust.

3. Every person who lends money or extends credit and who solicits insurance on real and personal property subject to subsection 2 of this section must explain to the borrower in writing that the insurance related to such credit extension may be purchased from an insurer or agent of the borrower's choice, subject only to the lender's right to reject a given insurer or agent as provided in subdivision (1) of subsection 2 of this section. Compliance with disclosures as to insurance required by truth-in-lending laws or comparable state laws shall be in compliance with this subsection. This requirement for a commitment shall not apply in cases where the premium for the required insurance is to be financed as part of the loan or extension of credit involving personal property transactions. The commitment shall contain the rate or rate formula, amount and terms of the loan, subject to the creditworthiness of the borrower, valuation of the property and the insurability to value of the property.

4. The director shall have the power to examine and investigate those insurance-related activities of any person which may be in violation of this section. Any affected person may submit to the director a complaint or material pertinent to the enforcement of this section.

5. Nothing in this section shall prevent a person who lends money or extends credit from placing insurance on real or personal property in the event the mortgagor, borrower or purchaser has failed to provide required insurance in accordance with the terms of the loan or credit document.

6. Nothing contained in this section shall apply to credit life or credit accident and health insurance.

AN ACT to repeal section 163.191, RSMo, and to enact in lieu thereof one new section relating to community colleges.

SECTION

A. Enacting clause.

163.191. State aid to community colleges — distribution to be based on resource allocation model, adjustment annually, factors involved — report on effectiveness of model, due when.

Be it enacted by the General Assembly of the State of Missouri, as follows:

SECTION A. ENACTING CLAUSE. — Section 163.191, RSMo, is repealed and one new section enacted in lieu thereof, to be known as section 163.191, to read as follows:

Each year public community colleges in the aggregate shall be eligible to receive from state funds, if state funds are available and appropriated, an amount up to but not more than fifty percent of the state community colleges' planned operating costs as determined by the department of higher education. As used in this subsection, the term "year" means from July first to June thirtieth of the following year. As used in this subsection, the term "operating costs" means all costs attributable to current operations, including all direct costs of instruction, instructors' and counselors' compensation, administrative costs, all normal operating costs and all similar noncapital expenditures during any year, excluding costs of construction of facilities and the purchase of equipment, furniture, and other capital items authorized and funded in accordance with subsection 2 of this section. Operating costs shall be computed in accordance with accounting methods and procedures to be specified by the department of higher education. The department of higher education shall review all institutional budget requests and prepare appropriation recommendations annually for the community colleges under the supervision of the department. The department's budget request shall include a recommended level of funding. Distribution of appropriated funds to community college districts shall be in accordance with the community college resource allocation model. This model shall be developed and revised as appropriate cooperatively by the community colleges and the department of higher education. The department of higher education shall recommend the model to the coordinating board for higher education for their approval. The core funding level for each community college shall initially be established at an amount agreed upon by the community colleges and the department of higher education. This amount will be adjusted annually for inflation, limited growth, and program improvements in accordance with the resource allocation model starting with fiscal year 1993. The department of higher education shall request new and separate state aid funds for any new districts for their first six years of

operation. The request for the new districts shall be based upon the same level of funding being provided to the existing districts, and should be sufficient to provide for the growth required to reach a mature enrollment level. The department of higher education will be responsible for evaluating the effectiveness of the resource allocation model and will submit a report to the speaker of the house of representatives and president pro tem of the senate by November 1997, and every four years thereafter.

2. In addition to state funds received for operating purposes, each community college district shall be eligible to receive an annual appropriation, **exclusive of any capital appropriations**, for the cost of maintenance and repair of facilities and grounds, including surface parking areas, and purchases of equipment and furniture. Such funds shall not exceed in any year an amount equal to ten percent of the state appropriations, **exclusive of any capital appropriations**, to community college districts for operating purposes during the most recently completed fiscal year. The department of higher education may include in its annual appropriations request the necessary funds to implement the provisions of this subsection and when appropriated shall distribute the funds to each community college district as appropriated. The department of higher education appropriations request shall be for specific maintenance, repair, and equipment projects at specific community college districts, shall be in an amount of fifty percent of the cost of a given project as determined by the coordinating board and shall be only for projects which have been approved by the coordinating board through a process of application, evaluation, and approval as established by the coordinating board. The coordinating board, as part of its process of application, evaluation, and approval, shall require the community college district to provide proof that the fifty-percent share of funding to be defrayed by the district is either on hand or committed for maintenance, repair, and equipment projects. Only salaries or portions of salaries paid which are directly related to approved projects may be used as a part of the fifty-percent share of funding.

3. School districts offering two-year college courses pursuant to section 178.370, RSMo, on October 31, 1961, shall receive state aid pursuant to subsections 1 and 2 of this section if all scholastic standards established pursuant to sections 178.770 to 178.890, RSMo, are met.

4. In order to make postsecondary educational opportunities available to Missouri residents who do not reside in an existing community college district, community colleges organized pursuant to section 178.370, RSMo, or sections 178.770 to 178.890, RSMo, shall be authorized pursuant to the funding provisions of this section to offer courses and programs outside the community college district with prior approval by the coordinating board for higher education. The classes conducted outside the district shall be self-sustaining except that the coordinating board shall promulgate rules to reimburse selected out-of-district instruction only where prior need has been established in geographical areas designated by the coordinating board for higher education. Funding for such off-campus instruction shall be included in the appropriation recommendations, shall be determined by the general assembly and shall continue, within the amounts appropriated therefor, unless the general assembly disapproves the action by concurrent resolution.

5. A "community college" is an institution of higher education deriving financial resources from local, state, and federal sources, and providing postsecondary education primarily for persons above the twelfth grade age level, including courses in:

- (1) Liberal arts and sciences, including general education;
- (2) Occupational, vocational-technical; and

Community college course offerings lead to the granting of certificates, diplomas, and/or associate degrees, but do not include baccalaureate or higher degrees.

6. When distributing state aid authorized for community colleges, the state treasurer may, in any year if requested by a community college, disregard the provision in section 30.180, RSMo, requiring the state treasurer to convert the warrant requesting payment into a check or

draft and wire transfer the amount to be distributed to the community college directly to the community college's designated deposit for credit to the community college's account.

2. The commission may establish reasonable fees to cover the cost of implementing sections 700.650 to 700.692. The commission shall collect the fees and transmit them to the department of revenue for deposit in the state treasury to the credit of the "Manufactured Housing Fund" created pursuant to section 700.040.

3. The commission may promulgate any rules necessary and convenient to carry out the purposes of sections 700.650 to 700.692. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. Six months after the annual report is past due, the administering agency shall notify the department of revenue of any taxpayer subject to penalties. The taxpayer shall be liable for any penalties as of December thirty-first of any tax year and such liability shall be due as of the filing date of the taxpayer's next income tax return. Any nonpayment of liability for penalties shall be subject to the same provisions of law as a liability for unpaid income taxes, including, but not limited to, interest and penalty provisions.

Such delinquency shall not affect the authorization of the application for such tax credits, except that the amount of credits issued shall be reduced by the applicant's tax delinquency. If the department of revenue or the department of insurance concludes that a taxpayer is delinquent after June fifteenth but before July first of any year, and the application of tax credits to such delinquency causes a tax deficiency on behalf of the taxpayer to arise, then the taxpayer shall be granted thirty days to satisfy the deficiency in which interest, penalties, and additions to tax shall be tolled. After applying all available credits towards a tax delinquency, the administering agency shall notify the appropriate department, and that department shall update the amount of outstanding delinquent tax owed by the applicant.  - (3) The text of the entire proposed rule or the entire text of any affected section or subsection of an existing rule which is proposed to be amended, with all new matter [underlined or] printed in boldface type and with all deleted matter placed in brackets, except that when a proposed rule consists of material so extensive that the publication thereof would be unduly cumbersome or expensive, the secretary of state need publish only a summary and description of the substance of the proposed rule so long as a complete copy of the rule is made immediately available to any interested person upon application to the adopting state agency at a cost not to exceed the actual cost of reproduction. A proposed rule may incorporate by reference only if the material so incorporated is retained at the headquarters of the state agency and made available to any interested person at a cost not to exceed the actual cost of the reproduction of a copy. When a proposed amendment to an existing rule is to correct a typographical or printing error, or merely to make a technical change not affecting substantive matters, the amendment may be described in general terms without reprinting the entire existing rule, section or subsection;
 - (4) The number and general subject matter of any existing rule proposed to be rescinded;
 - (5) Notice that anyone may file a statement in support of or in opposition to the proposed rulemaking at a specified place and within a specified time not less than thirty days after publication of the notice of proposed rulemaking in the Missouri Register; and
 - (6) Notice of the time and place of a hearing on the proposed rulemaking if a hearing is ordered, which hearing shall be not less than thirty days after publication of the notice of proposed rulemaking in the Missouri Register; or a statement that no hearing has been ordered if such is the case.
3. Any state agency issuing a notice of proposed rulemaking may order a hearing thereon, but no such hearing shall be necessary unless otherwise required by law.
 4. Any state agency which has issued in the Missouri Register a notice of proposed rulemaking to be made without a hearing, but which thereafter concludes that a hearing is desirable, shall withdraw the earlier notice and file a new notice of proposed rulemaking which fully complies with the provisions of subdivision (6) of subsection 2 of this section, and the state agency shall not schedule the hearing for a time less than thirty days following the publication of the new notice.
 5. Within ninety days after the expiration of the time for filing statements in support of or in opposition to the proposed rulemaking, or within ninety days after the hearing on such proposed rulemaking if a hearing is held thereon, the state agency proposing the rule shall file with the secretary of state a final order of rulemaking either adopting the proposed rule, with or without further changes, or withdrawing the proposed rule, which order of rulemaking shall be published in the Missouri Register. Such ninety days shall be tolled for the time period any rule is held under abeyance pursuant to an executive order. If the state agency fails to file the order of rulemaking as indicated in this subsection, the proposed rule shall lapse and shall be null, void and unenforceable.
 6. The final order of rulemaking shall contain:
 - (1) Reference to the date and page or pages where the notice of proposed rulemaking was published in the Missouri Register;
 - (2) An explanation of any change between the text of the rule as contained in the notice of proposed rulemaking and the text of the rule as finally adopted, together with the reason for any such change;
 - (3) The full text of any section or subsection of the rule as adopted which has been changed from that contained in the notice of proposed rulemaking;
 - (4) A brief summary of the general nature and extent of comments submitted in support of or in opposition to the proposed rule and a concise summary of the testimony presented at the hearing, if any, held in connection with said rulemaking, together with a concise summary of the state agency's findings with respect to the merits of any such testimony or comments which are opposed in whole or in part to the proposed rule; and
-

(5) The legal authority upon which the order of rulemaking is based.

7. Except as provided in section 536.025, any rule, or amendment or rescission thereof, shall be null, void and unenforceable unless made in accordance with the provisions of this section.

8. Except as provided in subsection 1 of this section[, all orders of rulemaking] **and subsection 4 of section 536.031, after the final order of rulemaking has been published in the Missouri Register, the text of the entire rule** shall be published in full in the Missouri code of state regulations. No rule, except an emergency rule, shall become effective prior to the thirtieth day after the date of publication of the revision to the Missouri code of state regulations. The secretary of state shall distribute revisions of the Missouri code of state regulations to all subscribers of the Missouri code of state regulations on or before the date of publication of such revision. The publication date of each rule shall be printed below the rule in the Missouri code of state regulations, provided further, that rules pertaining to changes in hunting or fishing seasons and limits that must comply with federal requirements or that are necessary because of documented changes in fish and game populations may become effective no earlier than on the tenth day after the filing of the final order of rulemaking.

9. If it is found in a contested case by an administrative or judicial fact finder that a state agency's action was based upon a statement of general applicability which should have been adopted as a rule, as required by sections 536.010 to 536.050, and that agency was put on notice in writing of such deficiency prior to the administrative or judicial hearing on such matter, then the administrative or judicial fact finder shall award the prevailing nonstate agency party its reasonable attorney's fees incurred prior to the award, not to exceed the amount in controversy in the original action. This award shall constitute a reviewable order. If a state agency in a contested case grants the relief sought by the nonstate party prior to a finding by an administrative or judicial fact finder that the agency's action was based on a statement of general applicability which should have been adopted as a rule, but was not, then the affected party may bring an action in the circuit court of Cole County for the nonstate party's reasonable attorney's fees incurred prior to the relief being granted, not to exceed the amount in controversy in the original action.

10. The actions authorized by subsection 9 of this section shall not apply to the department of revenue if that department implements the authorization hereby granted to the director or the director's duly authorized agents to issue letter rulings which shall bind the director or the director's agents and their successors for a minimum of three years, subject to the terms and conditions set forth in properly published regulations. An unfavorable letter ruling shall not bind the applicant and shall not be appealable to any forum. Subject to appropriations, letter rulings shall be published periodically with information identifying the taxpayer deleted. For the purposes of this subsection, the term "letter ruling" means a written interpretation of law by the director to a specific set of facts provided by a nonstate party.

536.023. PROCEDURES FOR NUMBERING, INDEXING AND PUBLISHING TO BE PRESCRIBED BY SECRETARY OF STATE. — 1. The secretary of state shall prescribe in [writing] **a format and medium as prescribed by the secretary of state and in writing upon request** uniform procedures for the numbering, indexing, form and publication of all rules, notices of proposed rulemaking and orders of rulemaking. Copies of the procedures shall be furnished by the secretary of state to each state agency and copies thereof shall be permanently maintained in the office of the secretary of state and shall be available for public inspection at all reasonable times.

2. No rule, notice of proposed rulemaking or final order of rulemaking shall be accepted for filing with the secretary of state unless it conforms to said uniform procedures.

3. Each state agency shall adopt as a rule a description of its organization and general courses and methods of its operation and the methods and procedures whereby the public may obtain information or make submissions or requests. Substantial changes in any matter covered by the foregoing description shall be made only in accordance with the procedures set forth in this chapter.

536.031. CODE TO BE PUBLISHED — TO BE REVISED MONTHLY — INCORPORATION BY REFERENCE AUTHORIZED, COURTS TO TAKE JUDICIAL NOTICE — INCORPORATION BY REFERENCE OF CERTAIN RULES, HOW. — 1. There is established a publication to be known as the "Code of State Regulations", which shall be published **in a format and medium as prescribed and in writing upon request** by the secretary of state as soon as practicable after ninety days following January 1, 1976, and may be republished from time to time thereafter as determined by the secretary of state.

2. The code of state regulations shall contain the full text of all rules of state agencies in force and effect upon the effective date of the first publication thereof, and effective September 1, 1990, it shall be revised no less frequently than monthly thereafter so as to include all rules of state agencies subsequently made, amended or rescinded. The code may also include citations, references, or annotations, prepared by the state agency adopting the rule or by the secretary of state, to any intraagency ruling, attorney general's opinion, determination, decisions, order, or other action of the administrative hearing commission, or any determination, decision, order, or other action of a court interpreting, applying, discussing, distinguishing, or otherwise affecting any rule published in the code.

3. The code of state regulations shall be published in looseleaf form in one or more volumes **upon request and a format and medium as prescribed by the secretary of state** with an appropriate index [and cover], and revisions in the text and index may be made by [printing additional pages for insertion in the looseleaf cover] **the secretary of state as necessary and provided in written format upon request.**

4. **An agency may incorporate by reference rules, regulations, standards, and guidelines of an agency of the United States or a nationally or state recognized organization or association without publishing the material in full. The reference in the agency rules shall fully identify the incorporated material by publisher, address, and date in order to specify how a copy of the material may be obtained, and shall state that the referenced rule, regulation, standard, or guideline does not include any later amendments or additions. The agency adopting a rule, regulation, standard, or guideline under this section shall maintain a copy of the referenced rule, regulation, standard, or guideline at the headquarters of the agency and shall make it available to the public for inspection and copying at no more than the actual cost of reproduction.** The secretary of state may omit from the code of state regulations [such rules and] such material incorporated by reference in any rule the publication of which would be unduly cumbersome or expensive[, provided that the full text of such rule or the full text of the material incorporated by reference is made available to any interested person at both the office of the secretary of state and the office of the adopting state agency, and copies thereof made available to any interested party at a cost not to exceed the actual cost of copy reproduction].

5. The courts of this state shall take judicial notice, without proof, of the contents of the code of state regulations.

67.402. ABATEMENT OF NUISANCE IN CERTAIN COUNTIES (BOONE, COLE, JEFFERSON) — **ORDINANCE REQUIREMENTS.** — 1. The governing body of **any county of the first classification with more than one hundred thirty-five thousand four hundred but less than one hundred thirty-five thousand five hundred inhabitants, any county of the first classification with more than seventy-one thousand three hundred but less than seventy-one thousand four hundred inhabitants, and** any county of the first classification without a charter form of government and with more than one hundred ninety-eight thousand but less than one hundred ninety-nine thousand two hundred inhabitants may enact ordinances to provide for the abatement of a condition of any lot or land that has the presence of rubbish and trash, lumber, bricks, tin, steel, parts of derelict motorcycles, derelict cars, derelict trucks, derelict construction equipment, derelict appliances [and], broken furniture, **or overgrown or noxious weeds in residential subdivisions or districts** which may endanger public safety or which is unhealthy or unsafe and declared to be a public nuisance.

(4) Provide that upon failure to commence work of abating the nuisance within the time specified or upon failure to proceed continuously with the work without unnecessary delay, the building commissioner or designated officer or officers shall call and have a full and adequate hearing upon the matter before the county commission, giving the affected parties at least ten days' written notice of the hearing. Any district [in a city with a population of at least four hundred thousand located in more than one county] **formed as a political subdivision** may impose by resolution a district sales and use tax on all retail sales made in such district which are subject to taxation pursuant to sections 144.010 to 144.525, RSMo, except sales of motor vehicles, trailers, boats or outboard motors and sales to public

utilities. Any sales and use tax imposed pursuant to this section may be imposed at a rate of one-eighth of one percent, one-fourth of one percent, three-eighths of one percent, one-half of one percent or one percent. Such district sales and use tax may be imposed for any district purpose designated by the district in its ballot of submission to its qualified voters; except that, no resolution adopted pursuant to this section shall become effective unless the board of directors of the district submits to the qualified voters of the district, by mail-in ballot, a proposal to authorize a sales and use tax pursuant to this section. If a majority of the votes cast by the qualified voters on the proposed sales tax are in favor of the sales tax, then the resolution is adopted. If a majority of the votes cast by the qualified voters are opposed to the sales tax, then the resolution is void.

2. The ballot shall be substantially in the following form:

Shall the (insert name of district) Community Improvement District impose a community improvement districtwide sales and use tax at the maximum rate of (insert amount) for a period of (insert number) years from the date on which such tax is first imposed for the purpose of providing revenue for (insert general description of the purpose)?

☐ YES ☐ NO

If you are in favor of the question, place an "X" in the box opposite "Yes". If you are opposed to the question, place an "X" in the box opposite "No".

3. Within ten days after the qualified voters have approved the imposition of the sales and use tax, the district shall, in accordance with section 32.097, RSMo, notify the director of the department of revenue. 4. The director of the department of revenue shall collect any tax adopted pursuant to this section pursuant to section 32.087, RSMo.

5. In each district in which a sales and use tax is imposed pursuant to this section, every retailer shall add such additional tax imposed by the district to such retailer's sale price, and when so added such tax shall constitute a part of the purchase price, shall be a debt of the purchaser to the retailer until paid and shall be recoverable at law in the same manner as the purchase price.

6. In order to allow retailers to collect and report the sales and use tax authorized by this section as well as all other sales and use taxes required by law in the simplest and most efficient manner possible, a district may establish appropriate brackets to be used in the district imposing a tax pursuant to this section in lieu of the brackets provided in section 144.285, RSMo.

8. All revenue received by the district from a sales and use tax imposed pursuant to this section which is designated for a specific purpose shall be deposited into a special trust fund and expended solely for such purpose. Upon the expiration of any sales and use tax adopted pursuant to this section, all funds remaining in the special trust fund shall continue to be used solely for the specific purpose designated in the resolution adopted by the qualified voters. Any funds in such special trust fund which are not needed for current expenditures may be invested by the board of directors pursuant to applicable laws relating to the investment of other district funds.

9. A district may repeal by resolution any sales and use tax imposed pursuant to this section before the expiration date of such sales and use tax unless the repeal of such sales and use tax will impair the district's ability to repay any liabilities the district has incurred, moneys the district has borrowed or obligation the district has issued to finance any improvements or services rendered for the district.

Costs for office administration beginning in the second fiscal year of district operations may be up to but shall not exceed fifteen percent of the amount deposited pursuant to this subdivision;

(2) Fifty percent of the sales taxes collected from each county shall be returned to the source county for park purposes, except that forty percent of such fifty percent amount shall be reserved for distribution to municipalities within the county in the form of grant revenue sharing funds. Each county in the district shall establish its own process for awarding the grant proceeds to its municipalities for park purposes **provided the purposes of such grants are consistent with the purpose of the district.** In the case of a county of the first classification with a charter form of government having a population of at least nine hundred thousand inhabitants, such grant proceeds shall be awarded to municipalities by a municipal grant commission as described in section 67.1757.

The election regarding the incorporation of the district and the imposing of the sales tax shall follow the procedure set forth in section 67.2520, and shall be held pursuant to the order and certification by the governing body. Only those subdistricts approving the question of creating the district and imposing the sales tax shall become part of the district.

(5) A request that the district be established;

(6) A general description of the activities that are planned for the district;

2. The circuit clerk of the county in which the petition is filed pursuant to this section shall present the petition to the judge, who shall thereupon set the petition for hearing not less than thirty days nor more than forty days after the filing. The judge shall cause publication of the notice of the hearing on two separate occasions in at least one newspaper of general circulation in the county where the proposed district is located, with the first publication to occur not more than thirty days before the hearing, and the second publication to occur not more than fifteen days or less than ten days before the hearing. 4. The court shall hear the case without a jury. If the court determines the petition is defective or the proposed district or its plan of operation is unconstitutional, it shall enter its judgment to that effect and shall refuse to incorporate the district as requested in the pleadings. If the court determines the petition is not legally defective and the proposed district and plan of operation are not unconstitutional, the court shall order an election on the questions of the district creation and sales tax funding for voter approval and certify the questions to the circuit clerk. The election order shall include the date on which the ballots will be mailed to qualified electors, which shall be not sooner than the eighth Tuesday from the issuance of the order. - (8) Such other matters as the circuit court deems appropriate.

6. Any subdistrict that does not approve the creation of the district and imposing the sales tax shall not be a part of the district and the sales tax shall not be imposed until after the district board of directors has submitted another proposal for the inclusion of the area into the district and such proposal and the sales tax proposal are approved by a majority of the qualified voters in the subdistrict voting thereon. Such subsequent elections shall be conducted in accordance with section 67.2520; provided, however, that the district board of directors may place the question of the inclusion of a subdistrict within a district and the question of imposing a sales tax in the proposed subdistrict before the voters of a proposed subdistrict, and the circuit clerk shall conduct the subsequent election. In subsequent elections, the election judges shall certify the election results to the district board of directors.

The costs of printing and publication of the notice, and mailing of the notices to registered voters, shall be paid by the petitioners. subdistrict, shall have the authority to appoint or elect, as set forth in this section, an interim director to complete any unexpired term of a director caused by resignation or disqualification.

Any note, bond, or other indebtedness of the district may be refunded at any time by the district by issuing refunding bonds in such amount as the district may deem necessary. Such bonds shall be subject to, and shall have the benefit of the foregoing provisions regarding notes, bonds, and other obligations. Without limiting the generality of the foregoing, refunding bonds may include amounts necessary to finance any premium, unpaid interest, and costs of issuance in connection with the refunding bonds. Any such refunding may be effected whether the bonds to be refunded then shall have matured or thereafter shall mature, either by sale of the refunding bonds and the application of the proceeds thereof to the payment of the obligations being refunded or the exchange of the refunding bonds for the obligations being refunded with the consent of the holders of the obligations being refunded.

2. Notes, bonds, or other indebtedness of the district shall be exclusively the responsibility of the district payable solely out of the district funds and property and shall not constitute a debt or liability of the state of Missouri or any agency or political subdivision of the state. Any notes, bonds, or other indebtedness of the district shall state on their face that they are not obligations of the state of Missouri or any agency or political subdivision thereof other than the district.

3. Any district may by resolution impose a district sales tax of up to one half of one percent on all retail sales made in such district that are subject to taxation pursuant to the provisions of sections 144.010 to 144.525, RSMo. Upon voter approval, and receiving the necessary certifications from the governing body of the municipality in which the district is located, or from the circuit court if the district was formed by the circuit court, the board of directors shall have the power to impose a sales tax at its first meeting, or any meeting thereafter. Voter approval of the question of the imposing sales tax shall be in accordance with section 67.2520. The sales tax shall become effective in those subdistricts that approve the sales tax on the first day of the first calendar quarter immediately following the passage of a resolution by the board of directors imposing the sales tax.

4. In each district in which a sales tax has been imposed in the manner provided by this section, every retailer shall add the tax imposed by the district pursuant to this section to the retailer's sale price, and when so added, such tax shall constitute a part of the price, shall be a debt of the purchaser to the retailer until paid, and shall be recoverable at law in the same manner as the purchase price.

5. In order to permit sellers required to collect and report the sales tax authorized by this section to collect the amount required to be reported and remitted, but not to change the requirements of reporting or remitting tax or to serve as a levy of the tax, and in order to avoid fractions of pennies, the district may establish appropriate brackets which shall be used in the district imposing a tax pursuant to this section in lieu of those brackets provided in section 144.285, RSMo.

6. All revenue received by a district from the sales tax authorized by this section shall be deposited in a special trust fund and shall be used solely for the purposes of the district. Any funds in such special trust fund which are not needed for the district's current expenditures may be invested by the district board of directors in accordance with applicable laws relating to the investment of other district funds.

7. The sales tax may be imposed at a rate of up to one half of one percent on the receipts from the sale at retail of all tangible personal property or taxable services at retail within the district adopting such tax, if such property and services are subject to taxation by the state of Missouri pursuant to the provisions of sections 144.010 to 144.525, RSMo. Any district sales tax imposed pursuant to this section shall be imposed at a rate that shall be uniform throughout the subdistricts approving the sales tax.

8. The resolution imposing the sales tax pursuant to this section shall impose upon all sellers a tax for the privilege of engaging in the business of selling tangible personal property or rendering taxable services at retail to the extent and in the manner provided in sections 144.010 to 144.525, RSMo, and the rules and regulations of the director of revenue issued pursuant thereto; except that the rate of the tax shall be the rate imposed by the resolution as the sales tax and the tax shall be reported and returned to and collected by the district.

9. (1) On and after the effective date of any sales tax imposed pursuant to this section, the district shall perform all functions incident to the administration, collection, enforcement, and operation of the tax. The sales tax imposed pursuant to this section shall be collected and reported upon such forms and under such administrative rules and regulations as may be prescribed by the district.

(2) All such sales taxes collected by the district shall be deposited by the district in a special fund to be expended for the purposes authorized in this section. The district shall keep accurate records of the amount of money which was collected pursuant to this section, and the records shall be open to the inspection of officers of each district and the general public.

(3) The district may contract with the municipality that the district is within for the municipality to collect any revenue received by the district and, after deducting the cost of such collection, but not to exceed one percent of the total amount collected, deposit such

revenue in a special trust account. Such revenue and interest may be applied by the municipality to expenses, costs, or debt service of the district at the direction of the district as set forth in a contract between the municipality and the district.

10. (1) All applicable provisions contained in sections 144.010 to 144.525, RSMo, governing the state sales tax, sections 32.085 and 32.087, RSMo, and section 32.057, RSMo, the uniform confidentiality provision, shall apply to the collection of the tax imposed by this section, except as modified in this section.

(2) All exemptions granted to agencies of government, organizations, persons, and to the sale of certain articles and items of tangible personal property and taxable services pursuant to the provisions of sections 144.010 to 144.525, RSMo, are hereby made applicable to the imposition and collection of the tax imposed by this section.

(3) The same sales tax permit, exemption certificate, and retail certificate required by sections 144.010 to 144.525, RSMo, for the administration and collection of the state sales tax shall satisfy the requirements of this section, and no additional permit or exemption certificate or retail certificate shall be required; except that the district may prescribe a form of exemption certificate for an exemption from the tax imposed by this section.

(4) All discounts allowed the retailer pursuant to the provisions of the state sales tax laws for the collection of and for payment of taxes pursuant to such laws are hereby allowed and made applicable to any taxes collected pursuant to the provisions of this section.

(5) The penalties provided in section 32.057, RSMo, and sections 144.010 to 144.525, RSMo, for violation of those sections are hereby made applicable to violations of this section.

(6) For the purpose of a sales tax imposed by a resolution pursuant to this section, all retail sales shall be deemed to be consummated at the place of business of the retailer unless the tangible personal property sold is delivered by the retailer or the retailer's agent to an out-of-state destination or to a common carrier for delivery to an out-of-state destination. In the event a retailer has more than one place of business in this state which participates in the sale, the sale shall be deemed to be consummated at the place of business of the retailer where the initial order for the tangible personal property is taken, even though the order must be forwarded elsewhere for acceptance, approval of credit, shipment, or billing. A sale by a retailer's employee shall be deemed to be consummated at the place of business from which the employee works.

(7) Subsequent to the initial approval by the voters and implementation of a sales tax in the district, the rate of the sales tax may be increased, but not to exceed a rate of one-half of one percent on retail sales as provided in this subsection. The election shall be conducted in accordance with section 67.2520; provided, however, that the district board of directors may place the question of the increase of the sales tax before the voters of the district by resolution, and the municipal clerk of the city, town, or village which originally conducted the incorporation of the district, or the circuit clerk of the court which originally conducted the incorporation of the district, shall conduct the subsequent election. In subsequent elections, the election judges shall certify the election results to the district board of directors. The ballot of submission shall be in substantially the following form:

"Shall (name of district) increase the (insert amount) percent district sales tax now in effect to..... (insert amount) in the (name of district)?

☐ YES ☐ No

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the proposal by the qualified voters of the district voting thereon are in favor of the increase, the increase shall become effective December thirty-first of the calendar year in which such increase was approved.

11. (1) There shall not be any election as provided for in this section while the district has any financing or other obligations outstanding.

(2) The board, when presented with a petition signed by at least one-third of the registered voters in a district that voted in the last gubernatorial election, or signed by at least two-thirds of property owners of the district, calling for an election to dissolve and repeal the tax shall submit the question to the voters using the same procedure by which the imposing tax was voted. The ballot of submission shall be in substantially the following form:

"Shall (name of district) dissolve and repeal the (insert amount) percent district sales tax now in effect in the (name of district)?

☐ YES ☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

Such subsequent elections for the repeal of the sales tax shall be conducted in accordance with section 67.2520; provided, however, that the district board of directors may place the question of the repeal of the sales tax before the voters of the district, and the municipal clerk of the city, town, or village which originally conducted the incorporation of the district, or the circuit clerk of the court which originally conducted the incorporation of the district shall conduct the subsequent election. In subsequent elections the election judges shall certify the election results to the district board of directors.

(3) If a majority of the votes cast on the proposal by the qualified voters of the district voting thereon are in favor of repeal, that repeal shall become effective December thirty-first of the calendar year in which such repeal was approved or after the repayment of the district's indebtedness, whichever occurs later.

12. (1) At such time as the board of directors of the district determines that further operation of the district is not in the best interests of the inhabitants of the district, and that the district should dissolve, the board shall submit for a vote in an election held throughout the district the question of whether the district should be abolished. The question shall be submitted in substantially the following form:

"Shall the theater, cultural arts, and entertainment district be abolished?

☐ YES ☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

(2) The district board shall not propose the question to abolish the district while there are outstanding claims or causes of action pending against the district, while the district liabilities exceed its assets, while indebtedness of the district is outstanding, or while the district is insolvent, in receivership or under the jurisdiction of the bankruptcy court. Prior to submitting the question to abolish the district to a vote of the entire district, the state auditor shall audit the district to determine the financial status of the district, and whether the district may be abolished pursuant to law. The vote on the abolition of the district shall be conducted by the municipal clerk of the city, town, or village in which the district is located. The procedure shall be the same as in section 67.2520, except that the question shall be determined by the qualified voters of the entire district. No individual subdistrict may be abolished, except at such time as the district is abolished.

(3) While the district still exists, it shall continue to accrue all revenues to which it is entitled at law.

(4) Upon receipt by the board of directors of the district of the certification by the city, town, or village in which the district is located that the majority of those voting within the entire district have voted to abolish the district, and if the state auditor has determined that the district's financial condition is such that it may be abolished pursuant to law, then the board of directors of the district shall:

(a) Sell any remaining district real or personal property it wishes, and then transfer the proceeds and any other real or personal property owned by the district to the city, town, or village in which the district is located, including revenues due and owing the district, for its further use and disposition;

(b) Terminate the employment of any remaining district employees, and otherwise conclude its affairs;

The fund shall also consist of any gifts, contributions, grants, or bequests received from federal, private, or other sources. The general assembly, however, shall not provide for any transfer of general revenue funds into the community college job retention training program fund. Such disbursements by the division of workforce development shall be made to the special fund for each project in the same proportion as the retained jobs credit from withholding remitted by the employer participating in such project bears to the total retained jobs credit from withholding remitted by all employers participating in projects during the period for which the disbursement is made. The employer shall remit the amount of the retained job credit to the department of revenue in the same manner as provided in sections 143.191 to 143.265, RSMo.

3. The director of economic development shall prescribe the manner in which the tax credit may be applied for. The tax credit authorized by this section may be claimed by the taxpayer to offset the tax liability imposed by chapter 143, RSMo, or chapter 148, RSMo, that becomes due in the tax year during which such qualified research expenses were incurred. Where the amount of the credit exceeds the tax liability, the difference between the credit and the tax liability may only be carried forward for the next five succeeding taxable years or until the full credit has been claimed, whichever first occurs. Failure to expend such funds in the manner prescribed pursuant to this section shall cause the applicant to be subject to the provisions of section 620.017.

5. No rule or portion of a rule promulgated under the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of chapter 536, RSMo. All rulemaking authority delegated prior to June 27, 1997, is of no force and effect and repealed; however, nothing in this section shall be interpreted to repeal or affect the validity of any rule filed or adopted prior to June 27, 1997, if such rule complied with the provisions of chapter 536, RSMo. The provisions of this section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, including the ability to review, to delay the effective date, or to disapprove and annul a rule or portion of a rule, are subsequently held unconstitutional, then the purported grant of rulemaking authority and any rule so proposed and contained in the order of rulemaking shall be invalid and void.

6. The aggregate of all tax credits authorized pursuant to this section shall not exceed nine million seven hundred thousand dollars in any year.

7. For all tax years beginning on or after January 1, 2005, no tax credits shall be approved, awarded, or issued to any person or entity claiming any tax credit under this section.

Such examination shall be sufficient to test the qualification of the candidates as practitioners. [The examination shall be given by the board at least once each year. The board shall not issue a license to practice as a physical therapist assistant or allow any person to sit for the Missouri state board examination for physical therapist assistants who has failed three or more times any physical therapist licensing examination administered in one or more states or territories of the United States or the District of Columbia. The examination given at any particular time shall be the same for all candidates and the same curriculum shall be included and the same questions shall be asked.]

6. The examination shall include, as related to the human body, the subjects of anatomy, kinesiology, pathology, physiology, psychology, physical therapy theory and procedures as related to medicine and such other subjects, including medical ethics, as the board deems useful to test the fitness of the candidate to practice as a physical therapist assistant.

[5. Examination grades or scores shall be preserved by the board subject to public inspection. Examination papers retained by the board shall be subject to public inspection for a period of three years and thereafter may be destroyed.

6.] **7. The board may license such persons pursuant to this subsection until ninety days after rules developed by the state board of healing arts regarding physical therapist assistant licensing become effective.**

334.660. RECIPROCITY WITH OTHER STATES. — 1. The board shall license without examination legally qualified persons who hold certificates of licensure, registration or certification in any state or territory of the United States or the District of Columbia, who have

[The board shall not issue a license to any applicant who has failed three or more times any physical therapist assistant licensing examination administered in one or more states or territories of the United States or the District of Columbia.]

2. Board shall not issue a license to any applicant who has failed three or more times any physical therapist assistant licensing examination administered in one or more states or territories of the United States or the District of Columbia.

3. The board may waive the provisions of subsection 1 if the applicant has met one of the following provisions:

(1) The applicant is licensed and has maintained an active clinical practice for the previous three years in another state of the United States, the District of Columbia or Canada and the applicant has achieved a passing score on a licensing examination administered in a state or territory of the United States, the District of Columbia and no license issued to the applicant has been disciplined or limited in any state or territory of the United States, the District of Columbia or Canada.

4. Every applicant for a license pursuant to this section, upon making application and providing documentation of the necessary qualifications as provided in this section, shall pay the same fee required of applicants to take the examination before the board. Within the limits of this section, the board may negotiate reciprocal contracts with licensing boards of other states for the admission of licensed practitioners from Missouri in other states.

334.665. TEMPORARY LICENSE. — [Upon the applicant paying a temporary fee, the board shall issue, without examination, a temporary license to practice as a physical therapist assistant for a period of time not to exceed beyond the time when the results of the next examination are announced to any person who meets the qualifications of section 334.655. EXPLANATION — Matter enclosed in bold-faced brackets [thus] in this bill is not enacted and is intended to be omitted in the law.

Modifies requirements for annuity contracts.

AN ACT to repeal section 376.671, RSMo, and to enact in lieu thereof two new sections relating to annuity contracts, with an expiration date and an emergency clause.

SECTION

- A. Enacting clause.
- 376.669. Annuity contract requirements — paid-up annuity benefits, how calculated — cash surrender benefits, how calculated — applicable, when.
- 376.671. Provisions which shall be contained in annuity contracts — expiration date.
- B. Emergency clause.

Be it enacted by the General Assembly of the State of Missouri, as follows:

SECTION A. ENACTING CLAUSE. — Section 376.671, RSMo, is repealed and two new sections enacted in lieu thereof, to be known as sections 376.669 and 376.671, to read as follows:

376.669. ANNUITY CONTRACT REQUIREMENTS — PAID-UP ANNUITY BENEFITS, HOW CALCULATED — CASH SURRENDER BENEFITS, HOW CALCULATED — APPLICABLE, WHEN.

— **1.** This section shall not apply to any reinsurance, group annuity purchased under a retirement plan, or plan of deferred compensation established or maintained by an employer (including a partnership or sole proprietorship) or by an employee organization, or by both, other than a plan providing individual retirement accounts or individual retirement annuities under Section 408 of the Internal Revenue Code of 1986, as amended, premium deposit fund, variable annuity, investment annuity, immediate annuity, any deferred annuity contract after annuity payments have commenced, or reversionary annuity, nor to any contract which shall be delivered outside this state through an agent or other representative of the company issuing the contract.

2. In the case of contracts issued on or after the effective date of this section as defined in subsection 11 of this section, no contract of annuity, except as stated in subsection 1 of this section, shall be delivered or issued for delivery in this state unless it contains in substance the following provisions, or corresponding provisions which in the opinion of the director are at least as favorable to the contract holder, upon cessation of payment of considerations under the contract:

(1) That upon cessation of payment of considerations under a contract, or upon the written request of the contract owner, the company shall grant a paid-up annuity benefit on a plan stipulated in the contract of such value as is specified in subsections 4, 5, 6, 7, and 9 of this section;

(2) If a contract provides for a lump sum settlement at maturity, or at any other time, that upon surrender of the contract at or prior to the commencement of any annuity payments, the company shall pay in lieu of a paid-up annuity benefit a cash surrender benefit of such amount as is specified in subsections 4, 5, 7, and 9 of this section. The company may reserve the right to defer the payment of the cash surrender benefit for a period not to exceed six months after demand therefor with surrender of the contract after making written request and receiving written approval of the director. The request shall address the necessity and equitability to all policyholders of the deferral;

(3) A statement of the mortality table, if any, and interest rates used in calculating any minimum paid-up annuity, cash surrender or death benefits that are guaranteed under the contract, together with sufficient information to determine the amounts of the benefits; and

(4) A statement that any paid-up annuity, cash surrender or death benefits that may be available under the contract are not less than the minimum benefits required by any statute of the state in which the contract is delivered and an explanation of the manner in which the benefits are altered by the existence of any additional amounts credited by the company to the contract, any indebtedness to the company on the contract or any prior withdrawals from or partial surrenders of the contract.

Notwithstanding the requirements of this subsection, a deferred annuity contract may provide that if no considerations have been received under a contract for a period of two full years and the portion of the paid-up annuity benefit at maturity on the plan stipulated

in the contract arising from prior considerations paid would be less than twenty dollars monthly, the company may at its option terminate the contract by payment in cash of the then present value of the portion of the paid-up annuity benefit, calculated on the basis on the mortality table, if any, and interest rate specified in the contract for determining the paid-up annuity benefit, and by this payment shall be relieved of any further obligation under the contract.

3. The minimum values as specified in subsections 4, 5, 6, 7, and 9 of this section of any paid-up annuity, cash surrender or death benefits available under an annuity contract shall be based upon minimum nonforfeiture amounts as defined in this section.

(1) The minimum nonforfeiture amount at any time at or prior to the commencement of any annuity payments shall be equal to an accumulation up to such time at rates of interest as indicated in subdivision (3) of this subsection of the net considerations (as hereinafter defined) paid prior to such time, decreased by the sum of paragraphs (a) to (d) below:

(a) Any prior withdrawals from or partial surrenders of the contract accumulated at rates of interest as indicated in subdivision (3) of this subsection; and

(b) An annual contract charge of fifty dollars, accumulated at rates of interest as indicated in subdivision (3) of this subsection;

(c) Any premium tax paid by the company for the contract, accumulated at rates of interest as indicated in subdivision (3) of this subsection; and

(d) The amount of any indebtedness to the company on the contract, including interest due and accrued.

(2) The net considerations for a given contract year used to define the minimum nonforfeiture amount shall be an amount equal to eighty-seven and one-half percent of the gross considerations credited to the contract during that contract year.

(3) The interest rate used in determining minimum nonforfeiture amounts shall be an annual rate of interest determined as the lesser of three percent per annum and the following, which shall be specified in the contract if the interest rate will be reset:

(a) The five-year Constant Maturity Treasury Rate reported by the Federal Reserve as of a date, or average over a period, rounded to the nearest one-twentieth of one percent, specified in the contract no longer than fifteen months prior to the contract issue date or redetermination date under paragraph (d) of this subdivision;

(b) Reduced by one hundred twenty-five basis points;

(c) Where the resulting interest rate is not less than one percent; and

(d) The interest rate shall apply for an initial period and may be redetermined for additional periods. The redetermination date, basis and period, if any, shall be stated in the contract. The basis is the date or average over a specified period that produces the value of the five-year Constant Maturity Treasury Rate to be used at each redetermination date.

(4) During the period or term that a contract provides substantive participation in an equity indexed benefit, it may increase the reduction described in paragraph (b) of subdivision (3) of this subsection by up to an additional one hundred basis points to reflect the value of the equity index benefit. The present value at the contract issue date, and at each redetermination date thereafter, of the additional reduction shall not exceed the market value of the benefit. The director may require a demonstration that the present value of the additional reduction does not exceed the market value of the benefit. Lacking such a demonstration that is acceptable to the director, the director may disallow or limit the additional reduction.

(5) The director may adopt rules to implement the provisions of subdivision (4) of this subsection and to provide for further adjustments to the calculation of minimum nonforfeiture amounts for contracts that provide substantive participation in an equity index benefit and for other contracts that the director determines adjustments are justified.

4. Any paid-up annuity benefit available under a contract shall be such that its present value on the date annuity payments are to commence is at least equal to the minimum nonforfeiture amount on that date. Present value shall be computed using the mortality table, if any, and the interest rates specified in the contract for determining the minimum paid-up annuity benefits guaranteed in the contract.

5. For contracts that provide cash surrender benefits, the cash surrender benefits available prior to maturity shall not be less than the present value as of the date of surrender of that portion of the maturity value of the paid-up annuity benefit that would be provided under the contract at maturity arising from considerations paid prior to the time of cash surrender reduced by the amount appropriate to reflect any prior withdrawals from or partial surrenders of the contract, such present value being calculated on the basis of an interest rate not more than one percent higher than the interest rate specified in the contract for accumulating the net considerations to determine maturity value, decreased by the amount of any indebtedness to the company on the contract, including interest due and accrued, and increased by any existing additional amounts credited by the company to the contract. In no event shall any cash surrender benefit be less than the minimum nonforfeiture amount at that time. The death benefit under such contracts shall be at least equal to the cash surrender benefit.

6. For contracts that do not provide cash surrender benefits, the present value of any paid-up annuity benefit available as a nonforfeiture option at any time prior to maturity shall not be less than the present value of that portion of the maturity value of the paid-up annuity benefit provided under the contract arising from considerations paid prior to the time the contract is surrendered in exchange for, or changed to, a deferred paid-up annuity, such present value being calculated for the period prior to the maturity date on the basis of the interest rate specified in the contract for accumulating the net considerations to determine maturity value, and increased by any additional amounts credited by the company to the contract. For contracts that do not provide any death benefits prior to the commencement of any annuity payments, present values shall be calculated on the basis of such interest rate and the mortality table specified in the contract for determining the maturity value of the paid-up annuity benefit. However, in no event shall the present value of a paid-up annuity benefit be less than the minimum nonforfeiture amount at that time.

7. For the purpose of determining the benefits calculated under subsections 5 and 6 of this section, in the case of annuity contracts under which an election may be made to have annuity payments commence at optional maturity dates, the maturity date shall be deemed to be the latest date for which election shall be permitted by the contract, but shall not be deemed to be later than the anniversary of the contract next following the annuitant's seventieth birthday or the tenth anniversary of the contract, whichever is later.

8. A contract that does not provide cash surrender benefits or does not provide death benefits at least equal to the minimum nonforfeiture amount prior to the commencement of any annuity payments shall include a statement in a prominent place in the contract that such benefits are not provided.

9. Any paid-up annuity, cash surrender, or death benefits available at any time, other than on the contract anniversary under any contract with fixed scheduled considerations, shall be calculated with allowance for the lapse of time and the payment of any scheduled considerations beyond the beginning of the contract year in which cessation of payment of considerations under the contract occurs.

10. For a contract which provides, within the same contract by rider or supplemental contract provision, both annuity benefits and life insurance benefits that are in excess of the greater of cash surrender benefits or a return of the gross considerations with interest, the minimum nonforfeiture benefits shall be equal to the sum of the minimum nonforfeiture benefits for the annuity portion and the minimum nonforfeiture benefits,

if any, for the life insurance portion computed as if each portion were a separate contract. Notwithstanding the provisions of subsections 4, 5, 6, 7, and 9 of this section, additional benefits payable in the event of total and permanent disability, as reversionary annuity or deferred reversionary annuity benefits, or as other policy benefits additional to life insurance, endowment, and annuity benefits, and considerations for all such additional benefits shall be disregarded in ascertaining the minimum nonforfeiture amounts, paid-up annuity, cash surrender, and death benefits that may be required by this section. The inclusion of such benefits shall not be required in any paid-up benefits, unless the additional benefits separately would require minimum nonforfeiture amounts, paid-up annuity, cash surrender, and death benefits.

11. Notwithstanding the provisions of section 376.671, after the effective date of this section, a company may elect to apply the provisions of this section in lieu of section 376.671 to annuity contracts on a contract form-by-contract form basis before July 1, 2006. In all other instances, this section shall become operative with respect to annuity contracts issued by the company after July 1, 2006.

376.671. PROVISIONS WHICH SHALL BE CONTAINED IN ANNUITY CONTRACTS — EXPIRATION DATE. — 1. This section shall not apply to any reinsurance, group annuity purchased under a retirement plan or plan of deferred compensation established or maintained by an employer (including a partnership or sole proprietorship) or by an employee organization, or by both, other than a plan providing individual retirement accounts or individual retirement annuities under Section 408 of the Internal Revenue Code, as now or hereafter amended, premium deposit fund, variable annuity, investment annuity, immediate annuity, any deferred annuity contract after annuity payments have commenced, or reversionary annuity, nor to any contract which shall be delivered outside this state through an agent or other representative of the company issuing the contract.

2. In the case of contracts issued on or after the operative date of this section as defined in subsection 11 of this section, no contract of annuity, except as stated in subsection 1 of this section, shall be delivered or issued for delivery in this state unless it contains in substance the following provisions, or corresponding provisions which in the opinion of the director are at least as favorable to the contractholder, upon cessation of payment of considerations under the contract:

(1) That upon cessation of payment of considerations under a contract, the company will grant a paid-up annuity benefit on a plan stipulated in the contract of such value as is specified in subsections 4, 5, 6, 7, and 9 of this section;

(2) If a contract provides for a lump sum settlement at maturity, or at any other time, that upon surrender of the contract at or prior to the commencement of any annuity payments, the company will pay in lieu of any paid-up annuity benefit a cash surrender benefit of such amount as is specified in subsections 4, 5, 7, and 9 of this section. The company shall reserve the right to defer the payment of such cash surrender benefit for a period of six months after demand therefor with surrender of the contract;

(3) A statement of the mortality table, if any, and interest rates used in calculating any minimum paid-up annuity, cash surrender or death benefits that are guaranteed under the contract, together with sufficient information to determine the amounts of such benefits;

(4) A statement that any paid-up annuity, cash surrender or death benefits that may be available under the contract are not less than the minimum benefits required by any statute of the state in which the contract is delivered and an explanation of the manner in which such benefits are altered by the existence of any additional amounts credited by the company to the contract, any indebtedness to the company on the contract or any prior withdrawals from or partial surrenders of the contract.

Notwithstanding the requirements of this section, any deferred annuity contract may provide that if no considerations have been received under a contract for a period of two full years and the

portion of the paid-up annuity benefit at maturity on the plan stipulated in the contract arising from considerations paid prior to such period would be less than twenty dollars monthly, the company may at its option terminate such contract by payment in cash of the then present value of such portion of the paid-up annuity benefit, calculated on the basis of the mortality table, if any, and interest rate specified in the contract for determining the paid-up annuity benefit, and by such payment shall be relieved of any further obligation under such contract.

3. The minimum values as specified in subsections 4, 5, 6, 7, and 9 **of this section** of any paid-up annuity, cash surrender or death benefits available under an annuity contract shall be based upon minimum nonforfeiture amounts as defined in this section.

(1) With respect to contracts providing for flexible considerations, the minimum nonforfeiture amount at any time at or prior to the commencement of any annuity payment shall be equal to an accumulation up to such time at a rate of interest of three percent per annum of percentages of the net considerations (as hereinafter defined) paid prior to such time, decreased by the sum of:

(a) Any prior withdrawals from or partial surrenders of the contract accumulated at a rate of interest of three percent per annum; and

(b) The amount of any indebtedness to the company on the contract, including interest due and accrued and increased by any existing additional amounts credited by the company to the contract. The net considerations for a given contract year used to define the minimum nonforfeiture amount shall be an amount not less than zero and shall be equal to the corresponding gross considerations credited to the contract during that contract year less an annual contract charge of thirty dollars and less a collection charge of one dollar and twenty-five cents per consideration credited to the contract during that contract year. The percentages of net considerations shall be sixty-five percent of the net consideration for the first contract year and eighty-seven and one-half percent of the net considerations for the second and later contract years. Notwithstanding the provisions of the preceding sentence, the percentage shall be sixty-five percent of the portion of the total net consideration for any renewal contract year which exceeds by not more than two times the sum of those portions of the net considerations in all prior contract years for which the percentage was sixty-five percent;

(2) With respect to contracts providing for fixed scheduled considerations, minimum nonforfeiture amounts shall be calculated on the assumption that considerations are paid annually in advance and shall be defined as for contracts with flexible considerations which are paid annually with two exceptions:

(a) The portion of the net consideration for the first contract year to be accumulated shall be the sum of sixty-five percent of the net consideration for the first contract year plus twenty-two and one-half percent of the excess of the net consideration for the first contract year over the lesser of the net considerations for the second and third contract years;

(b) The annual contract charge shall be the lesser of thirty dollars or ten percent of the gross annual consideration;

(3) With respect to contracts providing for a single consideration, minimum nonforfeiture amounts shall be defined as for contracts with flexible considerations except that the percentage of net consideration used to determine the minimum nonforfeiture amount shall be equal to ninety percent, and the net consideration shall be the gross consideration less a contract charge of seventy-five dollars;

(4) Notwithstanding any other provision of this subsection, for any contract issued on or after July 1, 2002, and before July 1, [2004] **2006**, the interest rate at which net considerations, prior withdrawals, and partial surrenders shall be accumulated, for the purpose of determining minimum nonforfeiture amounts, shall be one and one-half percent per annum.

4. Any paid-up annuity benefit available under a contract shall be such that its present value on the date annuity payments are to commence is at least equal to the minimum nonforfeiture amount on that date. Such present value shall be computed using the mortality table, if any, and

the interest rate specified in the contract for determining the minimum paid-up annuity benefits guaranteed in the contract.

5. For contracts which provide cash surrender benefits, such cash surrender benefits available prior to maturity shall not be less than the present value as of the date of surrender of that portion of the maturity value of the paid-up annuity benefit which would be provided under the contract at maturity arising from considerations paid prior to the time of cash surrender reduced by the amount appropriate to reflect any prior withdrawals from or partial surrenders of the contract, such present value being calculated on the basis of an interest rate not more than one percent higher than the interest rate specified in the contract for accumulating the net considerations to determine such maturity value, decreased by the amount of any indebtedness to the company on the contract, including interest due and accrued, and increased by any existing additional amounts credited by the company to the contract. In no event shall any cash surrender benefit be less than the minimum nonforfeiture amount at that time. The death benefit under such contracts shall be at least equal to the cash surrender benefit.

6. For contracts which do not provide cash surrender benefits, the present value of any paid-up annuity benefit available as a nonforfeiture option at any time prior to maturity shall not be less than the present value of that portion of the maturity value of the paid-up annuity benefit provided under the contract arising from considerations paid prior to the time the contract is surrendered in exchange for, or changed to, a deferred paid-up annuity, such present value being calculated for the period prior to the maturity date on the basis of the interest rate specified in the contract for accumulating the net considerations to determine such maturity value, and increased by any existing additional amounts credited by the company to the contract. For contracts which do not provide any death benefits prior to the commencement of any annuity payments, such present values shall be calculated on the basis of such interest rate and the mortality table specified in the contract for determining the maturity value of the paid-up annuity benefit. However, in no event shall the present value of a paid-up annuity benefit be less than the minimum nonforfeiture amount at that time.

7. For the purpose of determining the benefits calculated under subsections 5 and 6 of **this section**, in the case of annuity contracts under which an election may be made to have annuity payments commence at optional maturity date, the maturity date shall be deemed to be the latest date for which election shall be permitted by the contract, but shall not be deemed to be later than the anniversary of the contract next following the annuitant's seventieth birthday or the tenth anniversary of the contract, whichever is later.

8. Any contract which does not provide cash surrender benefits or does not provide death benefits at least equal to the minimum nonforfeiture amount prior to the commencement of any annuity payments shall include a statement in a prominent place in the contract that such benefits are not provided.

9. Any paid-up annuity, cash surrender or death benefits available at any time, other than on the contract anniversary under any contract with fixed scheduled considerations, shall be calculated with allowance for the lapse of time and the payment of any scheduled considerations beyond the beginning of the contract year in which cessation of payment of considerations under the contract occurs.

10. For any contract which provides, within the same contract by rider or supplemental contract provision, both annuity benefits and life insurance benefits that are in excess of the greater of cash surrender benefits or a return of the gross considerations with interest, the minimum nonforfeiture benefits shall be equal to the sum of the minimum nonforfeiture benefits for the annuity portion and the minimum nonforfeiture benefits, if any, for the life insurance portion computed as if each portion were a separate contract. Notwithstanding the provisions of subsections 4, 5, 6, 7, and 9 of **this section**, additional benefits payable in the event of total and permanent disability, as reversionary annuity or deferred reversionary annuity benefits, or as other policy benefits additional to life insurance, endowment and annuity benefits, and considerations for all such additional benefits, shall be disregarded in ascertaining the minimum

nonforfeiture amounts, paid-up annuity, cash surrender and death benefits that may be required by this section. The inclusion of such additional benefits shall not be required in any paid-up benefits, unless such additional benefits separately would require minimum nonforfeiture amounts, paid-up annuity, cash surrender and death benefits.

11. After September 28, 1979, any company may file with the director a written notice of its election to comply with the provisions of this section after a specified date before September 28, 1981. After the filing of such notice, then upon such specified date, which shall be the operative date of this section for such company, this section shall become operative with respect to annuity contracts thereafter issued by such company. If a company makes no such election, the operative date of this section for such company shall be September 28, 1981.

12. The provisions of this section shall expire on July 1, 2006.

SECTION B. EMERGENCY CLAUSE. — Because of the need to avoid a fifty-eight day period of time where no minimum nonforfeiture interest rates for individual deferred annuities would exist, section A of this act is deemed necessary for the immediate preservation of the public health, welfare, peace and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and section A of this act shall be in full force and effect upon its passage and approval.

deposited in the general revenue fund in the 1997 fiscal year. An amount equal to three percent of the increase computed pursuant to this section shall be transferred by the state treasurer to the credit of the fire education fund; however, such transfer in any fiscal year shall not exceed one million five hundred thousand dollars.

The state treasurer shall invest moneys in the fund in a manner as provided by law. Subject to appropriations, moneys in the fund shall be used solely for the purposes described in this section, but such appropriations shall be made only if the board recommends to the general assembly that such moneys are needed in that fiscal year to adequately fund the activities described in this section. Moneys shall accumulate in the trust fund until the earnings from investment of moneys in the fund can adequately support the activities described in this section, as determined by the board. At such time, the board may recommend that the general assembly adjust or eliminate the funding mechanism described in this section. Notwithstanding the provisions of section 33.080, RSMo, to the contrary, moneys in the Missouri fire education trust fund at the end of any biennium shall not be transferred to the credit of the general revenue fund.

Until permitted by order of the court, neither parent shall remove any child from the jurisdiction of the court or from any parent with whom the child has primarily resided for the sixty days immediately preceding the filing of a petition for dissolution of marriage or legal separation.

4. The mere fact that one parent has actual possession of the child at the time of filing shall not create a preference in favor of such parent in any judicial determination regarding custody of the child.

5. The respondent shall be served in the manner provided by the rules of the supreme court and applicable court rules and, to avoid an interlocutory judgment of default, shall file a verified answer within thirty days of the date of service which shall not only admit or deny the allegations of the petition, but shall also set forth:

(2) A specific written plan regarding legal custody which details how the decision-making rights and responsibilities will be shared between the parties including the following:

(b) Medical, dental and health care decisions including how health care providers will be selected and a method of communicating medical conditions of the child and how emergency care will be handled;

(e) Child care expenses, if any;

(f) Transportation expenses, if any.

8. If the proposed parenting plans of the parties differ and the parties cannot resolve the differences or if any party fails to file a proposed parenting plan, upon motion of either party and an opportunity for the parties to be heard, the court shall enter a temporary order containing a parenting plan setting forth the arrangements specified in subsection 7 of this section which will remain in effect until further order of the court. The temporary order entered by the court shall not create a preference for the court in its adjudication of final custody, child support or visitation.

9. Within one hundred twenty days after August 28, 1998, the Missouri supreme court shall have in effect guidelines for a parenting plan form which may be used by the parties pursuant to this section in any dissolution of marriage, legal separation or modification proceeding involving issues of custody and visitation relating to the child.

10. The filing of a parenting plan for any child over the age of eighteen for whom custody, visitation, or support is being established or modified by a court of competent jurisdiction is not required. Nothing in this section shall be construed as precluding the filing of a parenting plan upon agreement of the parties or if ordered to do so by the court for any child over the age of eighteen for whom custody, visitation, or support is being established or modified by a court of competent jurisdiction.

494.430. PERSONS ENTITLED TO BE EXCUSED FROM JURY SERVICE — DETERMINATIONS MADE BY JUDGE — UNDUE OR EXTREME PHYSICAL OR FINANCIAL HARDSHIP DEFINED — DOCUMENTATION REQUIRED, WHEN. — 1. Upon timely application to the court, the following persons shall be excused from service as a petit or grand juror:

[(5)] (4) Any person licensed to engage in and actively engaged in the practice of medicine, osteopathy, chiropractic, dentistry or pharmacy, **but only if such person provides a written statement to the court certifying that he or she is actually providing health care services to patients, and that the person's service as a juror would be detrimental to the health of the person's patients.**

2. A judge of the court for which the individual was called to jury service shall make undue or extreme physical or financial hardship determinations. The authority to make these determinations is delegable only to court officials or personnel who are authorized by the laws of this state to function as members of the judiciary.

3. A person asking to be excused based on a finding of undue or extreme physical or financial hardship must take all actions necessary to have obtained a ruling on that request by no later than the date on which the individual is scheduled to appear for jury duty.

4. For purposes of sections 494.400 to 494.460 undue or extreme physical or financial hardship is limited to circumstances in which an individual would:

(3) Suffer physical hardship that would result in illness or disease.

5. Undue or extreme physical or financial hardship does not exist solely based on the fact that a prospective juror will be required to be absent from his or her place of employment.

6. A person asking a judge to grant an excuse based on undue or extreme physical or financial hardship shall be required to provide the judge with documentation, such as but not limited to, federal and state income tax returns, medical statements from licensed physicians, proof of dependency or guardianship, and similar documents, which the judge

finds to clearly support the request to be excused. Failure to provide satisfactory documentation shall result in a denial of the request to be excused. Such documents shall be filed under seal.

7. After two years, a person excused from jury service shall become eligible once again for qualification as a juror unless the person was excused from service permanently. A prospective juror who is a full-time student of any accredited institution may fix a date certain on which he or she will appear for jury service that is not more than twelve months after the date on which the prospective juror originally was called to serve and on which the court will be in session.

2. A subsequent request to postpone jury service may be approved by a judicial officer only in the event of an extreme emergency, such as a death in the family, sudden grave illness, or a natural disaster or national emergency in which the prospective juror is personally involved, that could not have been anticipated at the time the initial postponement was granted. Prior to the grant of a second postponement, the prospective juror must fix a date certain on which the individual will appear for jury service within six months of the postponement on a date when the court will be in session.

3. **An employee may not be required or requested to use annual, vacation, personal, or sick leave for time spent responding to a summons for jury duty, time spent participating in the jury selection process, or time spent actually serving on a jury. Nothing in this provision shall be construed to require an employer to provide annual, vacation, personal, or sick leave to employees under the provisions of this statute who otherwise are not entitled to such benefits under company policies.**

4. **A court shall automatically postpone and reschedule the service of a summoned juror of an employer with five or fewer full-time employees, or their equivalent, if another employee of that employer has been previously summoned to appear during the same period. Such postponement will not effect an individual's right to one automatic postponement pursuant to section 494.432.**

In addition, the plaintiff or an agent of the plaintiff who is at least eighteen years of age may serve the summons by posting and mailing a copy of the summons in the time and manner provided in subsection 2 of this section. Upon proof by affidavit of the posting and of the mailing of a copy of the summons or alias summons and the complaint, the judge shall proceed to hear the case as if there had been personal service, and judgment shall be rendered and proceedings had as in other cases, except that no money judgment shall be granted the plaintiff where the defendant is in default and service is by the posting and mailing procedure provided in subsection 2 of this section.

Such funds shall be payable to the state treasury and deposited to the credit of the crime victims' compensation fund.

9. [14.] **13.** All awards made to injured victims under sections 595.010 to 595.105 and all appropriations for administration of sections 595.010 to 595.105, except sections 595.050 and 595.055, shall be made from the crime victims' compensation fund. Any unexpended balance remaining in the crime victims' compensation fund at the end of each biennium shall not be subject to the provision of section 33.080, RSMo, requiring the transfer of such unexpended

balance to the ordinary revenue fund of the state, but shall remain in the crime victims' compensation fund. In the event that there are insufficient funds in the crime victims' compensation fund to pay all claims in full, all claims shall be paid on a pro rata basis. If there are no funds in the crime victims' compensation fund, then no claim shall be paid until funds have again accumulated in the crime victims' compensation fund. When sufficient funds become available from the fund, awards which have not been paid shall be paid in chronological order with the oldest paid first. In the event an award was to be paid in installments and some remaining installments have not been paid due to a lack of funds, then when funds do become available that award shall be paid in full. All such awards on which installments remain due shall be paid in full in chronological order before any other postdated award shall be paid. Under no circumstances shall the general revenue fund be used to reimburse court costs or pay for such judgment. The director of the department of corrections shall have the authority to pay into the crime victims' compensation fund from an offender's compensation or account the amount owed by the offender to the crime victims' compensation fund, provided that the offender has failed to pay the amount owed to the fund prior to entering a correctional facility of the department of corrections.

[16.] **15.** All interest earned as a result of investing funds in the crime victims' compensation fund shall be paid into the crime victims' compensation fund and not into the general revenue of this state.

[17.] **16.** Any person who knowingly makes a fraudulent claim or false statement in connection with any claim hereunder is guilty of a class A misdemeanor.

[18.] **17.** Any gifts, contributions, grants or federal funds specifically given to the division for the benefit of victims of crime shall be credited to the crime victims' compensation fund. Under no circumstances shall the expenditures from general revenue for the purpose provided in this section exceed the amount of ninety thousand dollars each fiscal year.

2. The director shall ensure that funds administered under section 595.055, section 595.105 and this section will not be used by any agency to supplant existing funds which are presently being used to provide assistance to victims of crime. **This restriction shall not apply to funds used by any not-for-profit agency.**

3. Each contract shall be subject to review by the director at least annually.

As used in sections 610.100 to 610.150, the following words and phrases shall mean:

(1) "Arrest", an actual restraint of the person of the defendant, or by his or her submission to the custody of the officer, under authority of a warrant or otherwise for a criminal violation which results in the issuance of a summons or the person being booked;

(2) "Arrest report", a record of a law enforcement agency of an arrest and of any detention or confinement incident thereto together with the charge therefor;

(3) "Inactive", an investigation in which no further action will be taken by a law enforcement agency or officer for any of the following reasons:

(a) A decision by the law enforcement agency not to pursue the case;

(b) Expiration of the time to file criminal charges pursuant to the applicable statute of limitations, or ten years after the commission of the offense; whichever date earliest occurs;

(c) Finality of the convictions of all persons convicted on the basis of the information contained in the investigative report, by exhaustion of or expiration of all rights of appeal of such persons;

(4) "Incident report", a record of a law enforcement agency consisting of the date, time, specific location, name of the victim and immediate facts and circumstances surrounding the initial report of a crime or incident, including any logs of reported crimes, accidents and complaints maintained by that agency;

(5) "Investigative report", a record, other than an arrest or incident report, prepared by personnel of a law enforcement agency, inquiring into a crime or suspected crime, either in response to an incident report or in response to evidence developed by law enforcement officers in the course of their duties.

2. Each law enforcement agency of this state, of any county, and of any municipality, shall maintain records of all incidents reported to the agency, investigations and arrests made by such law enforcement agency. All incident reports and arrest reports shall be open records. Notwithstanding any other provision of law other than the provisions of subsections 4, 5 and 6 of this section or section 320.083, RSMo, investigative reports of all law enforcement agencies are closed records until the investigation becomes inactive. If any person is arrested and not charged with an offense against the law within thirty days of the person's arrest, the arrest report shall thereafter be a closed record except that the disposition portion of the record may be accessed and except as provided in section 610.120.

3. Except as provided in subsections 4, 5, 6 and 7 of this section, if any portion of a record or document of a law enforcement officer or agency, other than an arrest report, which would otherwise be open, contains information that is reasonably likely to pose a clear and present danger to the safety of any victim, witness, undercover officer, or other person; or jeopardize a criminal investigation, including records which would disclose the identity of a source wishing to remain confidential or a suspect not in custody; or which would disclose techniques, procedures or guidelines for law enforcement investigations or prosecutions, that portion of the record shall be closed and shall be redacted from any record made available pursuant to this chapter.

4. Any person, **including a family member of such person within the first degree of consanguinity if such person is deceased or incompetent**, attorney for a person, or insurer of a person involved in any incident or whose property is involved in an incident, may obtain any records closed pursuant to this section or section 610.150 for purposes of investigation of any civil claim or defense, as provided by this subsection. Any individual, his or her **family member within the first degree of consanguinity if such individual is deceased or incompetent, his or her** attorney or insurer, involved in an incident or whose property is involved in an incident, upon written request, may obtain a complete unaltered and unedited incident report concerning the incident, and may obtain access to other records closed by a law enforcement agency pursuant to this section. Within thirty days of such request, the agency shall provide the requested material or file a motion pursuant to this subsection with the circuit court having jurisdiction over the law enforcement agency stating that the safety of the victim, witness or other individual cannot be reasonably ensured, or that a criminal investigation is likely to be jeopardized. If,

based on such motion, the court finds for the law enforcement agency, the court shall either order the record closed or order such portion of the record that should be closed to be redacted from any record made available pursuant to this subsection.

5. Any person may bring an action pursuant to this section in the circuit court having jurisdiction to authorize disclosure of the information contained in an investigative report of any law enforcement agency, which would otherwise be closed pursuant to this section. The court may order that all or part of the information contained in an investigative report be released to the person bringing the action. In making the determination as to whether information contained in an investigative report shall be disclosed, the court shall consider whether the benefit to the person bringing the action or to the public outweighs any harm to the public, to the law enforcement agency or any of its officers, or to any person identified in the investigative report in regard to the need for law enforcement agencies to effectively investigate and prosecute criminal activity. The investigative report in question may be examined by the court in camera. The court may find that the party seeking disclosure of the investigative report shall bear the reasonable and necessary costs and attorneys' fees of both parties, unless the court finds that the decision of the law enforcement agency not to open the investigative report was substantially unjustified under all relevant circumstances, and in that event, the court may assess such reasonable and necessary costs and attorneys' fees to the law enforcement agency.

6. Any person may apply pursuant to this subsection to the circuit court having jurisdiction for an order requiring a law enforcement agency to open incident reports and arrest reports being unlawfully closed pursuant to this section. If the court finds by a preponderance of the evidence that the law enforcement officer or agency has purposely violated this section, the officer or agency shall be subject to a civil penalty in an amount not to exceed five hundred dollars, and the court shall order payment by such officer or agency of all costs and attorneys' fees, as provided by section 610.027.

7. The victim of an offense as provided in chapter 566, RSMo, may request that his or her identity be kept confidential until a charge relating to such incident is filed.

630.130. ELECTROCONVULSIVE THERAPY, PROCEDURE — PROHIBITIONS — ATTORNEY'S FEES. — 1. Every patient, whether voluntary or involuntary, in a public or private mental health facility shall have the right to refuse electroconvulsive therapy.

2. Before electroconvulsive therapy may be administered voluntarily to a patient, the patient shall be informed, both orally and in writing, of the risks of the therapy and shall give his express written voluntary consent to receiving the therapy.

3. Involuntary electroconvulsive therapy may be administered under a court order after a full evidentiary hearing where the patient refusing such treatment is represented by counsel who shall advocate his **or her** position. The therapy may be administered on an involuntary basis only if it is shown, by clear and convincing evidence, that the therapy is necessary under the following criteria:

(1) There is a strong likelihood that the therapy will significantly improve or cure the patient's mental disorder for a substantial period of time without causing him any serious functional harm; and

(2) There is no less drastic alternative form of therapy which could lead to substantial improvement in the patient's condition. At the conclusion of such hearing, if the petitioner has sustained his burden of proof, the court may order up to a specified number of involuntary electroconvulsive therapy treatments to be performed over a specified period of time.

4. Parents of minor patients or legal guardians of incompetent patients shall be required to obtain court orders authorizing electroconvulsive therapy under the procedures specified in subsection 3 of this section.

5. Persons who are diagnosed solely as mentally retarded shall not be subject to electroconvulsive therapy.

6. If the judge finds that the respondent is unable to pay attorney's fees for the services rendered in the proceedings the judge shall allow a reasonable attorney's fee for the services, which fee shall be assessed as costs and paid together with all the costs in the proceeding by the state, in accordance with rules and regulations promulgated by the state court administrator, from funds appropriated to the office of administration for such purposes provided that no attorney's fees shall be allowed for services rendered by any attorney who is a salaried employee of a public agency or a private agency which receives public funds.

632.498. ANNUAL EXAMINATION OF MENTAL CONDITION — ANNUAL REVIEW BY THE COURT — PETITION FOR RELEASE, HEARING, PROCEDURES (WHEN DIRECTOR DISAPPROVES). — Each person committed pursuant to sections 632.480 to 632.513 shall have a current examination of the person's mental condition made once every year by the director of the department of mental health or designee. The yearly report shall be provided to the court that committed the person pursuant to sections 632.480 to 632.513. The court shall conduct an annual review of the status of the committed person. Nothing contained in sections 632.480 to 632.513 shall prohibit the person from otherwise petitioning the court for discharge. The director of the department of mental health shall provide the committed person with an annual written notice of the person's right to petition the court for release over the director's objection. The notice shall contain a waiver of rights. The director shall forward the notice and waiver form to the court with the annual report. The committed person shall have a right to have an attorney represent the person at the hearing but the person is not entitled to be present at the hearing. If the court at the hearing determines [that probable cause exists to believe] **by a preponderance of the evidence** that the [person's mental abnormality has so changed that the person is safe to be at large and will not] **person no longer suffers from a mental abnormality that makes the person likely** to engage in acts of sexual violence if discharged, then the court shall set a hearing on the issue. At the hearing, the committed person shall be entitled to be present and entitled to the benefit of all constitutional protections that were afforded the person at the initial commitment proceeding. The attorney general shall represent the state and shall have a right to a jury trial and to have the committed person evaluated by a psychiatrist or psychologist not employed by the department of mental health or the department of corrections. In addition, the person may be examined by a consenting psychiatrist or psychologist of the person's choice at the person's own expense. The burden of proof at the [hearing] **trial** shall be upon the state to prove beyond a reasonable doubt that the committed person's mental abnormality remains such that the person is not safe to be at large and if released is likely to engage in acts of sexual violence.

301.025. PERSONAL PROPERTY TAXES AND FEDERAL HEAVY VEHICLE USE TAX, PAID WHEN — TAX RECEIPT FORMS — FAILURE TO PAY PERSONAL PROPERTY TAX, EFFECT OF, NOTIFICATION REQUIREMENTS, REINSTATEMENT FEE, APPEALS — RULEMAKING, PROCEDURE. — 1. No state registration license to operate any motor vehicle in this state shall be issued unless the application for license of a motor vehicle or trailer is accompanied by a tax receipt for the tax year which immediately precedes the year in which the vehicle's or trailer's registration is due and which reflects that all taxes, including delinquent taxes from prior years, have been paid, or a statement certified by the county or township collector of the county or township in which the applicant's property was assessed showing that the state and county tangible personal property taxes for such previous tax year and all delinquent taxes due have been paid by the applicant or that no such taxes were due or, if the applicant is not a resident of this state and serving in the armed forces of the United States, the application is accompanied by a leave and earnings statement from such person verifying such status. In the event the registration is a renewal of a registration made two or three years previously, the application shall be accompanied by proof that taxes were not due or have been paid for the two or three years which immediately precede the year in which the motor vehicle's or trailer's registration is due. The county or township collector shall not be required to issue a receipt for the immediately preceding tax year until all personal property taxes, including all delinquent taxes currently due, are paid. If the applicant was a resident of another county of this state in the applicable preceding years, he or she must submit to the collector in the county or township of residence proof that the personal property tax was paid in the applicable tax years. Every county and township collector shall give each person a tax receipt or a certified statement of tangible personal property taxes paid. The receipt issued by the county collector in any county of the first classification with a charter form of government which contains part of a city with a population of at least three hundred fifty thousand inhabitants which is located in more than one county, any county of the first classification without a charter form of government with a population of at least one hundred fifty thousand inhabitants which contains part of a city with a population of at least three hundred fifty thousand inhabitants which is located in more than one county and any county of the first classification without a charter form of government with a population of at least one hundred ten thousand but less than one hundred fifty thousand inhabitants shall be determined null and void if the person paying tangible personal property taxes issues or passes a check or other similar sight order which is returned to the collector because the account upon which the check or order was drawn was closed or did not have sufficient funds at the time of presentation for payment by the collector to meet the face amount of the check or order. The collector may assess and collect in addition to any other penalty or interest that may be owed, a penalty of ten dollars or five percent of the total amount of the returned check or order whichever amount is greater to be deposited in the county general revenue fund, but in no event shall such penalty imposed exceed one hundred dollars. The collector may refuse to accept any check or other similar sight order in payment of any tax currently owed plus penalty or interest from a person who previously attempted to pay such amount with a check or order that was returned to the collector unless the remittance is in the form of a cashier's check, certified check or money order. If a person does not comply with the provisions of this section, a tax receipt issued pursuant to this section is null and void and no state registration license shall be issued or renewed. Where no such taxes are due each such collector shall, upon request, certify such fact and transmit such statement to the person making the request. Each receipt or statement shall describe by type the total number of motor vehicles on which personal property taxes were paid, and no renewal of any state registration license shall be issued to any person for a number greater than that shown on his or her tax receipt or statement except for a vehicle which was purchased without another vehicle being traded therefor, or for a vehicle previously registered in another state, provided the application for title or other evidence shows that the date the vehicle was purchased or was first registered in this state was such that no personal property tax was owed on such vehicle as of the date of the last tax receipt or certified statement prior to the renewal. The director of revenue

shall make necessary rules and regulations for the enforcement of this section, and shall design all necessary forms. If electronic data is not available, residents of counties with a township form of government and with township collectors shall present personal property tax receipts which have been paid for the preceding two years when registering under this section.

2. Every county collector in counties with a population of over six hundred thousand and less than nine hundred thousand shall give priority to issuing tax receipts or certified statements pursuant to this section for any person whose motor vehicle registration expires in January. Such collector shall send tax receipts or certified statements for personal property taxes for the previous year within three days to any person who pays the person's personal property tax in person, and within twenty working days, if the payment is made by mail. Any person wishing to have priority pursuant to this subsection shall notify the collector at the time of payment of the property taxes that a motor vehicle registration expires in January. Any person purchasing a new vehicle in December and licensing such vehicle in January of the following year, may use the personal property tax receipt of the prior year as proof of payment.

3. In addition to all other requirements, the director of revenue shall not register any vehicle subject to the heavy vehicle use tax imposed by Section 4481 of the Internal Revenue Code of 1954 unless the applicant presents proof of payment, or that such tax is not owing, in such form as may be prescribed by the United States Secretary of the Treasury. No proof of payment of such tax shall be required by the director until the form for proof of payment has been prescribed by the Secretary of the Treasury.

4. Beginning July 1, 2000, a county or township collector may notify, by ordinary mail, any owner of a motor vehicle for which personal property taxes have not been paid that if full payment is not received within thirty days the collector may notify the director of revenue to suspend the motor vehicle registration for such vehicle. Any notification returned to the collector by the post office shall not result in the notification to the director of revenue for suspension of a motor vehicle registration. Thereafter, if the owner fails to timely pay such taxes the collector may notify the director of revenue of such failure. Such notification shall be on forms designed and provided by the department of revenue and shall list the motor vehicle owner's full name, including middle initial, the owner's address, and the year, make, model and vehicle identification number of such motor vehicle. Upon receipt of this notification the director of revenue may provide notice of suspension of motor vehicle registration to the owner at the owner's last address shown on the records of the department of revenue. Any suspension imposed may remain in effect until the department of revenue receives notification from a county or township collector that the personal property taxes have been paid in full. Upon the owner furnishing proof of payment of such taxes and paying a twenty dollar reinstatement fee to the director of revenue the motor vehicle or vehicles registration shall be reinstated. In the event a motor vehicle registration is suspended for nonpayment of personal property tax the owner so aggrieved may appeal to the circuit court of the county of his or her residence for review of such suspension at any time within thirty days after notice of motor vehicle registration suspension. Upon such appeal the cause shall be heard de novo in the manner provided by chapter 536, RSMo, for the review of administrative decisions. The circuit court may order the director to reinstate such registration, sustain the suspension of registration by the director or set aside or modify such suspension. Appeals from the judgment of the circuit court may be taken as in civil cases. The prosecuting attorney of the county where such appeal is taken shall appear in behalf of the director, and prosecute or defend, as the case may require.

5. **Beginning July 1, 2005, a city not within a county or any home rule city with more than four hundred thousand inhabitants and located in more than one county may notify, by ordinary mail, any owner of a motor vehicle who is delinquent in payment of vehicle-related fees and fines that if full payment is not received within thirty days, the city not within a county or any home rule city with more than four hundred thousand inhabitants and located in more than one county may notify the director of revenue to suspend the motor vehicle registration for such vehicle. Any notification returned to the**

city not within a county or any home rule city with more than four hundred thousand inhabitants and located in more than one county by the post office shall not result in the notification to the director of revenue for suspension of a motor vehicle registration. If the vehicle-related fees and fines are assessed against a car that is registered in the name of a rental or leasing company and the vehicle is rented or leased to another person at the time the fees or fines are assessed, the rental or leasing company may rebut the presumption by providing the city not within a county or any home rule city with more than four hundred thousand inhabitants and located in more than one county with a copy of the rental or lease agreement in effect at the time the fees or fines were assessed. A rental or leasing company shall not be charged for fees or fines under this subsection, nor shall the registration of a vehicle be suspended, unless prior written notice of the fees or fines has been given to that rental or leasing company by ordinary mail at the address appearing on the registration and the rental or leasing company has failed to provide the rental or lease agreement copy within fifteen days of receipt of such notice. Any notification to a rental or leasing company that is returned to the city not within a county or any home rule city with more than four hundred thousand inhabitants and located in more than one county by the post office shall not result in the notification to the director of revenue for suspension of a motor vehicle registration. For the purpose of this section, "vehicle-related fees and fines" includes, but is not limited to, traffic violation fines, parking violation fines, vehicle towing, storage and immobilization fees, and any late payment penalties, other fees, and court costs associated with the adjudication or collection of those fines.

6. If after notification under subsection 5 of this section the vehicle owner fails to pay such vehicle-related fees and fines to the city not within a county or any home rule city with more than four hundred thousand inhabitants and located in more than one county within thirty days from the date of such notice, the city not within a county or any home rule city with more than four hundred thousand inhabitants and located in more than one county may notify the director of revenue of such failure. Such notification shall be on forms or in an electronic format approved by the department of revenue and shall list the vehicle owner's full name and address, and the year, make, model, and vehicle identification number of such motor vehicle and such other information as the director shall require.

7. Upon receipt of notification under subsection 5 of this section, the director of revenue may provide notice of suspension of motor vehicle registration to the owner at the owner's last address shown on the records of the department of revenue. Any suspension imposed may remain in effect until the department of revenue receives notification from a city not within a county or any home rule city with more than four hundred thousand inhabitants and located in more than one county that the vehicle-related fees or fines have been paid in full. Upon the owner furnishing proof of payment of such fees and fines and paying a twenty dollar reinstatement fee to the director of revenue the motor vehicle registration shall be reinstated. In the event a motor vehicle registration is suspended for nonpayment of vehicle-related fees or fines the owner so aggrieved may appeal to the circuit court of the county where the violation occurred for review of such suspension at any time within thirty days after notice of motor vehicle registration suspension. Upon such appeal the cause shall be heard de novo in the manner provided by chapter 536, RSMo, for the review of administrative decisions. The circuit court may order the director to reinstate such registration, sustain the suspension of registration by the director or set aside or modify such suspension. Appeals from the judgment of the circuit court may be taken as in civil cases. The prosecuting attorney of the county where such appeal is taken shall appear in behalf of the director, and prosecute or defend, as the case may require.

8. The city not within a county or any home rule city with more than four hundred thousand inhabitants and located in more than one county shall reimburse the department

of revenue for all administrative costs associated with the administration of subsections 5 to 8 of this section.

9. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2000, shall be invalid and void.

[8.] 22. The director of revenue shall enter into reciprocity agreements with other states or the federal government for the purpose of recognizing disabled person license plates or windshield placards issued to physically disabled persons.

[9.] 23. When a person to whom disabled person license plates or a removable or temporary windshield placard or both have been issued dies, the personal representative of [such person] **the decedent or such other person who may come into or otherwise take possession, of the disabled license plates or disabled windshield placard** shall return [the plates or placards or both] the same to the director of revenue under penalty of law. **Failure to return such plates or placards shall constitute a class B misdemeanor.**

24. The director of revenue may order any person issued disabled person license plates or windshield placards to submit to an examination by a chiropractor, osteopath, or physician, or to such other investigation as will determine whether such person qualifies for the special plates or placards.

25. If such person refuses to submit or is found to no longer qualify for special plates or placards provided for in this section, the director of revenue shall collect the special plates or placards, and shall furnish license plates to replace the ones collected as provided by this chapter.

[10.] 26. In the event a removable or temporary windshield placard is lost, stolen, or mutilated, the lawful holder thereof shall, within five days, file with the director of revenue an application and an affidavit stating such fact, in order to purchase a new placard. The fee for the replacement windshield placard shall be [two] **four** dollars.

[11. Beginning after September 1, 1998, and prior to August 31, 1999, the director of revenue shall authorize a one-time recertification and review of all permanent disabled person license plates and windshield placards, including physician's license numbers and related information that the director has on file pursuant to subsection 6 of this section to determine if such numbers and information are current and correct. The director shall require the presentation of a new physician's statement and other information deemed necessary by the director to

administer the provisions of this section. The recertification and review shall be conducted in a manner as determined by the director.

12.] **27.** Fraudulent application, renewal, issuance, procurement or use of disabled person license plates or windshield placards shall be a class A misdemeanor. It is a class B misdemeanor for a physician, chiropractor, podiatrist or optometrist to certify that an individual or family member is qualified for a license plate or windshield placard based on a disability, the diagnosis of which is outside their scope of practice or if there is no basis for the diagnosis.

301.143. PARKING SPACE FOR PHYSICALLY DISABLED MAY BE ESTABLISHED BY POLITICAL SUBDIVISIONS AND OTHERS, SIGNS — VIOLATIONS — ENFORCEMENT — PENALTY. — 1. As used in this section, the term "vehicle" shall have the same meaning given it in section 301.010, and the term "physically disabled" shall have the same meaning given it in section 301.142.

2. Political subdivisions of the state may by ordinance or resolution designate parking spaces for the exclusive use of vehicles which display a distinguishing license plate or card issued pursuant to section 301.071 or 301.142. Owners of private property used for public parking shall also designate parking spaces for the exclusive use of vehicles which display a distinguishing license plate or card issued pursuant to section 301.071 or 301.142. Whenever a political subdivision or owner of private property so designates a parking space, the space shall be indicated by a sign upon which shall be inscribed the international symbol of accessibility and shall also include any appropriate wording to indicate that the space is reserved for the exclusive use of vehicles which display a distinguishing license plate or card. The sign described in this subsection shall also state, or an additional sign shall be posted below or adjacent to the sign stating, the following: "\$50 to \$300 fine."

3. Any political subdivision, by ordinance or resolution, and any person or corporation in lawful possession of a public off-street parking facility or any other owner of private property may designate reserved parking spaces for the exclusive use of vehicles which display a distinguishing license plate or card issued pursuant to section 301.071 or 301.142 as close as possible to the nearest accessible entrance. Such designation shall be made by posting immediately adjacent to, and visible from, each space, a sign upon which is inscribed the international symbol of accessibility, and may also include any appropriate wording to indicate that the space is reserved for the exclusive use of vehicles which display a distinguishing license plate or card.

4. The local police or sheriff's department may cause the removal of any vehicle not displaying a distinguishing license plate or card on which is inscribed the international symbol of accessibility and the word "disabled" issued pursuant to section 301.142 or a "disabled veteran" license plate issued pursuant to section 301.071 or a distinguishing license plate or card issued by any other state from a space designated for physically disabled persons if there is posted immediately adjacent to, and readily visible from, such space a sign on which is inscribed the international symbol of accessibility and may include any appropriate wording to indicate that the space is reserved for the exclusive use of vehicles which display a distinguishing license plate or card. Any person who parks in a space reserved for physically disabled persons and is not displaying distinguishing license plates or a card is guilty of an infraction and upon conviction thereof shall be punished by a fine of not less than fifty dollars nor more than three hundred dollars. Any vehicle which has been removed and which is not properly claimed within thirty days thereafter shall be considered to be an abandoned vehicle.

5. Spaces designated for use by vehicles displaying the distinguishing "disabled" license plate issued pursuant to section 301.142 or 301.071 shall meet the requirements of the federal Americans with Disabilities Act, as amended, and any rules or regulations established pursuant thereto. Notwithstanding the other provisions of this section, on-street parking spaces designated by political subdivisions in residential areas for the exclusive use of vehicles displaying a distinguishing license plate or card issued pursuant to section 301.071 or 301.142 shall meet the

requirements of the federal Americans with Disabilities Act pursuant to this subsection and any such space shall have clearly and visibly painted upon it the international symbol of accessibility and any curb adjacent to the space shall be clearly and visibly painted blue.

6. Any person who, without authorization, uses a distinguishing license plate or card issued pursuant to section 301.071 or 301.142 to park in a parking space reserved under authority of this section shall be guilty of [an infraction and shall be subject to a fine of not less than fifty dollars nor more than three hundred dollars] **a class B misdemeanor.**

7. Law enforcement officials may enter upon private property open to public use to enforce the provisions of this section and section 301.142, including private property designated by the owner of such property for the exclusive use of vehicles which display a distinguishing license plate or card issued pursuant to section 301.071 or 301.142.

8. Nonconforming signs or spaces otherwise required pursuant to this section which are in use prior to August 28, 1997, shall not be in violation of this section during the useful life of such signs or spaces. Under no circumstances shall the useful life of the nonconforming signs or spaces be extended by means other than those means used to maintain any sign or space on the owner's property which is not used for vehicles displaying a disabled license plate.

301.144. PERSONALIZED LICENSE PLATES, APPEARANCE, FEES — NEW PLATES EVERY THREE YEARS WITHOUT CHARGE — OBSCENE OR OFFENSIVE PLATES PROHIBITED — AMATEUR RADIO OPERATORS, PLATES, HOW MARKED — REPOSSESSED VEHICLES, PLACARDS — RETIRED U.S. MILITARY PLATES, HOW MARKED. — 1. The director of revenue shall establish and issue special personalized license plates containing letters or numbers or combinations of letters and numbers[, not to exceed six characters in length]. Such license plates shall be made with fully reflective material with a common color scheme and design, shall be clearly visible at night, and shall be aesthetically attractive, as prescribed by section 301.130. Any person desiring to obtain a special personalized license plate for any motor vehicle **the person owns, either solely or jointly**, other than **an apportioned motor vehicle or** a commercial motor vehicle licensed [for more than twelve] **in excess of eighteen** thousand pounds **gross weight** shall apply to the director of revenue on a form provided by the director and shall pay a fee of fifteen dollars in addition to the regular registration fees. The director of revenue shall issue rules and regulations setting the standards and establishing the procedure for application for and issuance of the special personalized license plates and shall provide a deadline each year for the applications. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2001, shall be invalid and void. No two owners shall be issued identical plates. An owner shall make a new application and pay a new fee each year such owner desires to obtain or retain special personalized license plates; however, notwithstanding the provisions of subsection 8 of section 301.130 to the contrary, the director shall allow the special personalized license plates to be replaced with new plates every three years without any additional charge, above the fee established in this section, to the renewal applicant. Any person currently in possession of an approved personalized license plate shall have first priority on that particular plate for each of the following years that timely and appropriate application is made.

2. **Upon application for a personalized plate by the owner of a motor vehicle for which the owner has no registration plate available for transfer as prescribed by section 301.140, the director shall issue a temporary permit authorizing the operation of the motor vehicle until the personalized plate is issued.**

3. No personalized license plates shall be issued containing any letters, numbers or combination of letters and numbers which are obscene, profane, patently offensive or contemptuous of a racial or ethnic group, or offensive to good taste or decency, or would present an unreasonable danger to the health or safety of the applicant, of other users of streets and highways, or of the public in any location where the vehicle with such a plate may be found. The director may recall any personalized license plates, including those issued prior to August 28, 1992, if the director determines that the plates are obscene, profane, patently offensive or contemptuous of a racial or ethnic group, or offensive to good taste or decency, or would present an unreasonable danger to the health or safety of the applicant, of other users of streets and highways, or of the public in any location where the vehicle with such a plate may be found. Where the director recalls such plates pursuant to the provisions of this subsection, the director shall reissue personalized license plates to the owner of the motor vehicle for which they were issued at no charge, if the new plates proposed by the owner of the motor vehicle meet the standards established pursuant to this section. The director shall not apply the provisions of this statute in a way that violates the Missouri or United States Constitutions as interpreted by the courts with controlling authority in the state of Missouri. The primary purpose of motor vehicle licence plates is to identify motor vehicles. Nothing in the issuance of a personalized license plate creates a designated or limited public forum. Nothing contained in this subsection shall be interpreted to prohibit the use of license plates, which are no longer valid for registration purposes, as collector's items or for decorative purposes.

[3.] 4. The director may also establish categories of special license plates from which license plates may be issued. Any such person, other than a person exempted from the additional fee pursuant to subsection 6 of this section, that desires a personalized special license plate from any such category shall pay the same additional fee and make the same kind of application as that required by subsection 1 of this section, and the director shall issue such plates in the same manner as other personalized special license plates are issued.

[4.] 5. The director of revenue shall issue to residents of the state of Missouri who hold an unrevoked and unexpired official amateur radio license issued by the Federal Communications Commission, upon application and upon payment of the additional fee specified in subsection 1 of this section, except for a person exempted from the additional fee pursuant to subsection 6 of this section, personalized special license plates bearing the official amateur radio call letters assigned by the Federal Communications Commission to the applicant **with the words "AMATEUR RADIO" in the place of the words "SHOW-ME STATE"**. The application shall be accompanied by [an affidavit] **a statement** stating that the applicant has an unrevoked and unexpired amateur radio license issued by the Federal Communications Commission and the official radio call letters assigned by the Federal Communications Commission to the applicant. **An owner making a new application and paying a new fee to retain an amateur radio plate may request a replacement plate with the words "AMATEUR RADIO" in place of the words "SHOW-ME STATE". If application is made to retain a plate that is three years old or older, the replacement plate shall be issued upon the payment of required fees.**

[5.] 6. Notwithstanding any other provision to the contrary, any business that repossesses motor vehicles or trailers and sells or otherwise disposes of them shall be issued a placard displaying the word "Repossessed", provided such business pays the fees presently required of a manufacturer, distributor, or dealer in subsection 1 of section 301.253. Such placard shall bear a number and shall be in such form as the director of revenue shall determine, and shall be only used for demonstrations when displayed substantially as provided for number plates on the rear of the motor vehicle or trailer.

[6.] 7. Notwithstanding any provision of law to the contrary, any person who has retired from any branch of the United States armed forces or reserves, the United States Coast Guard or reserve, the United States Merchant Marines or reserve, the National Guard, or any subdivision of any such services shall be exempt from the additional fee required for

personalized license plates issued pursuant to section 301.441. As used in this subsection, "retired" means having served twenty or more years in the appropriate branch of service and having received an honorable discharge.

301.190. CERTIFICATE OF OWNERSHIP — APPLICATION, CONTENTS — SPECIAL REQUIREMENTS, CERTAIN VEHICLES — FEES — FAILURE TO OBTAIN WITHIN TIME LIMIT, DELINQUENCY PENALTY — DURATION OF CERTIFICATE — UNLAWFUL TO OPERATE WITHOUT CERTIFICATE — CERTAIN VEHICLES BROUGHT INTO STATE IN A WRECKED OR DAMAGED CONDITION OR AFTER BEING TOWED, INSPECTION — CERTAIN VEHICLES PREVIOUSLY REGISTERED IN OTHER STATES, DESIGNATION — RECONSTRUCTED MOTOR VEHICLES, PROCEDURE. — 1. No certificate of registration of any motor vehicle or trailer, or number plate therefor, shall be issued by the director of revenue unless the applicant therefor shall make application for and be granted a certificate of ownership of such motor vehicle or trailer, or shall present satisfactory evidence that such certificate has been previously issued to the applicant for such motor vehicle or trailer. Application shall be made within thirty days after the applicant acquires the motor vehicle or trailer upon a blank form furnished by the director of revenue and shall contain the applicant's identification number, a full description of the motor vehicle or trailer, the vehicle identification number, and the mileage registered on the odometer at the time of transfer of ownership, as required by section 407.536, RSMo, together with a statement of the applicant's source of title and of any liens or encumbrances on the motor vehicle or trailer, provided that for good cause shown the director of revenue may extend the period of time for making such application.

2. The director of revenue shall use reasonable diligence in ascertaining whether the facts stated in such application are true and shall, to the extent possible without substantially delaying processing of the application, review any odometer information pertaining to such motor vehicle that is accessible to the director of revenue. If satisfied that the applicant is the lawful owner of such motor vehicle or trailer, or otherwise entitled to have the same registered in his name, the director shall thereupon issue an appropriate certificate over his signature and sealed with the seal of his office, procured and used for such purpose. The certificate shall contain on its face a complete description, vehicle identification number, and other evidence of identification of the motor vehicle or trailer, as the director of revenue may deem necessary, together with the odometer information required to be put on the face of the certificate pursuant to section 407.536, RSMo, a statement of any liens or encumbrances which the application may show to be thereon, and, if ownership of the vehicle has been transferred, the name of the state issuing the transferor's title and whether the transferor's odometer mileage statement executed pursuant to section 407.536, RSMo, indicated that the true mileage is materially different from the number of miles shown on the odometer, or is unknown.

3. The director of revenue shall appropriately designate on the current and all subsequent issues of the certificate the words "Reconstructed Motor Vehicle", "Motor Change Vehicle", "Specially Constructed Motor Vehicle", or "Non-USA-Std Motor Vehicle", as defined in section 301.010. Effective July 1, 1990, on all original and all subsequent issues of the certificate for motor vehicles as referenced in subsections 2 and 3 of section 301.020, the director shall print on the face thereof the following designation: "Annual odometer updates may be available from the department of revenue.". On any duplicate certificate, the director of revenue shall reprint on the face thereof the most recent of either:

- (1) The mileage information included on the face of the immediately prior certificate and the date of purchase or issuance of the immediately prior certificate; or
- (2) Any other mileage information provided to the director of revenue, and the date the director obtained or recorded that information.

4. The certificate of ownership issued by the director of revenue shall be manufactured in a manner to prohibit as nearly as possible the ability to alter, counterfeit, duplicate, or forge such certificate without ready detection. In order to carry out the requirements of this subsection, the

director of revenue may contract with a nonprofit scientific or educational institution specializing in the analysis of secure documents to determine the most effective methods of rendering Missouri certificates of ownership nonalterable or noncounterfeitable.

5. The fee for each original certificate so issued shall be eight dollars and fifty cents, in addition to the fee for registration of such motor vehicle or trailer. If application for the certificate is not made within thirty days after the vehicle is acquired by the applicant, a delinquency penalty fee of twenty-five dollars for the first thirty days of delinquency and twenty-five dollars for each thirty days of delinquency thereafter, not to exceed a total of one hundred dollars before November 1, 2003, and not to exceed a total of two hundred dollars on or after November 1, 2003, shall be imposed, but such penalty may be waived by the director for a good cause shown. If the director of revenue learns that any person has failed to obtain a certificate within thirty days after acquiring a motor vehicle or trailer or has sold a vehicle without obtaining a certificate, he shall cancel the registration of all vehicles registered in the name of the person, either as sole owner or as a co-owner, and shall notify the person that the cancellation will remain in force until the person pays the delinquency penalty fee provided in this section, together with all fees, charges and payments which he should have paid in connection with the certificate of ownership and registration of the vehicle. The certificate shall be good for the life of the motor vehicle or trailer so long as the same is owned or held by the original holder of the certificate and shall not have to be renewed annually.

6. Any applicant for a certificate of ownership requesting the department of revenue to process an application for a certificate of ownership in an expeditious manner requiring special handling shall pay a fee of five dollars in addition to the regular certificate of ownership fee.

7. It is unlawful for any person to operate in this state a motor vehicle or trailer required to be registered under the provisions of the law unless a certificate of ownership has been issued as herein provided.

8. Before an original Missouri certificate of ownership is issued, an inspection of the vehicle and a verification of vehicle identification numbers shall be made by the Missouri state highway patrol on vehicles for which there is a current title issued by another state if a Missouri salvage certificate of title has been issued for the same vehicle but no prior inspection and verification has been made in this state, except that if such vehicle has been inspected in another state by a law enforcement officer in a manner comparable to the inspection process in this state and the vehicle identification numbers have been so verified, the applicant shall not be liable for the twenty-five dollar inspection fee if such applicant submits proof of inspection and vehicle identification number verification to the director of revenue at the time of the application. The applicant, who has such a title for a vehicle on which no prior inspection and verification have been made, shall pay a fee of twenty-five dollars for such verification and inspection, payable to the director of revenue at the time of the request for the application, which shall be deposited in the state treasury to the credit of the state highway fund.

9. Each application for an original Missouri certificate of ownership for a vehicle which is classified as a reconstructed motor vehicle, specially constructed motor vehicle, kit vehicle, motor change vehicle, non-USA-std motor vehicle, or other vehicle as required by the director of revenue, shall be accompanied by a vehicle examination certificate issued by the Missouri state highway patrol, or other law enforcement agency as authorized by the director of revenue. The vehicle examination shall include a verification of vehicle identification numbers and a determination of the classification of the vehicle. The owner of a vehicle which requires a vehicle examination certificate shall present the vehicle for examination and obtain a completed vehicle examination certificate prior to submitting an application for a certificate of ownership to the director of revenue. The fee for the vehicle examination application shall be twenty-five dollars and shall be collected by the director of revenue at the time of the request for the application and shall be deposited in the state treasury to the credit of the state highway fund.

10. When an application is made for an original Missouri certificate of ownership for a motor vehicle previously registered or titled in a state other than Missouri, it shall be

accompanied by a current inspection form certified by a duly authorized official inspection station as described in chapter 307, RSMo. The completed form shall certify that the manufacturer's identification number for the vehicle has been inspected, that it is correctly displayed on the vehicle and shall certify the reading shown on the odometer at the time of inspection. The inspection station shall collect the same fee as authorized in section 307.365, RSMo, for making the inspection, and the fee shall be deposited in the same manner as provided in section 307.365, RSMo. If the vehicle is also to be registered in Missouri, the safety and emissions inspections required in chapter 307, RSMo, shall be completed and only the fees required by sections 307.365 and 307.366, RSMo, shall be charged to the owner. This section shall not apply to vehicles being transferred on a manufacturer's statement of origin.

11. Motor vehicles brought into this state in a wrecked or damaged condition or after being towed as an abandoned vehicle pursuant to another state's abandoned motor vehicle procedures shall, in lieu of the inspection required by subsection 10 of this section, be inspected by the Missouri state highway patrol in accordance with subsection 9 of this section. If the inspection reveals the vehicle to be in a salvage or junk condition, the director shall so indicate on any Missouri certificate of ownership issued for such vehicle. Any salvage designation shall be carried forward on all subsequently issued certificates of title for the motor vehicle.

12. When an application is made for an original Missouri certificate of ownership for a motor vehicle previously registered or titled in a state other than Missouri, and the certificate of ownership has been appropriately designated by the issuing state as reconstructed motor vehicle, motor change vehicle, specially constructed motor vehicle, the director of revenue shall appropriately designate on the current Missouri and all subsequent issues of the certificate of ownership the name of the issuing state and such prior designation.

13. When an application is made for an original Missouri certificate of ownership for a motor vehicle previously registered or titled in a state other than Missouri, and the certificate of ownership has been appropriately designated by the issuing state as non-USA-std motor vehicle, the director of revenue shall appropriately designate on the current Missouri and all subsequent issues of the certificate of ownership the words "Non-USA-Std Motor Vehicle".

14. The director of revenue and the superintendent of the Missouri state highway patrol shall make and enforce rules for the administration of the inspections required by this section.

15. Each application for an original Missouri certificate of ownership for a vehicle which is classified as a reconstructed motor vehicle, manufactured forty or more years prior to the current model year, and which has a value of three thousand dollars or less shall be accompanied by:

(1) A proper affidavit submitted by the owner explaining how the motor vehicle or trailer was acquired and, if applicable, the reasons a valid certificate of ownership cannot be furnished;

(2) Photo copies of receipts, bills of sale establishing ownership, or titles, and the source of all major component parts used to rebuild the vehicle;

(3) A fee of one hundred fifty dollars in addition to the fees described in subsection 5 of this section. Such fee shall be deposited in the state treasury to the credit of the state highway fund; and

(4) An inspection certificate, other than a motor vehicle examination certificate required under subsection 9 of this section, completed and issued by the Missouri state highway patrol, or other law enforcement agency as authorized by the director of revenue. The inspection performed by the highway patrol or other authorized local law enforcement agency shall include a check for stolen vehicles.

The department of revenue shall issue the owner a certificate of ownership designated with the words "Reconstructed Motor Vehicle" and deliver such certificate of ownership in accordance with the provisions of this chapter. Notwithstanding subsection 9 of this section, no owner of a reconstructed motor vehicle described in this subsection shall be required to obtain a vehicle examination certificate issued by the Missouri state highway patrol.

301.193. ABANDONED PROPERTY, TITLING OF, PRIVATELY OWNED REAL ESTATE, PROCEDURE. — 1. Any person who purchases or is the owner of real property on which vehicles, as defined in section 301.011, vessels or watercraft, as defined in section 306.010, RSMo, or outboard motors, as that term is used in section 306.530, RSMo, have been abandoned, without the consent of said purchaser or owner of the real property, may apply to the department of revenue for a certificate of title. **Any insurer which purchases a vehicle through the claims adjustment process for which the insurer is unable to obtain a negotiable title may make an application to the department of revenue for a salvage certificate of title pursuant to this section.** Prior to making application for a certificate of title **on a vehicle under this section**, the **insurer or** owner of the real estate shall have the vehicle inspected by law enforcement pursuant to subsection 9 of section 301.190, and shall have law enforcement perform a check in the national crime information center and any appropriate statewide law enforcement computer to determine if the vehicle has been reported stolen and the name and address of the person to whom the vehicle was last titled and any lienholders of record. The **insurer or** owner or purchaser of the real estate shall, thirty days prior to making application for title, notify any owners or lienholders of record for the vehicle by certified mail that the owner intends to apply for a certificate of title from the director for the abandoned vehicle. The application for title shall be accompanied by:

(1) A statement explaining the circumstances by which the [abandoned] property came into the **insurer**, owner or purchaser's possession; a description of the [abandoned] property including the year, make, model, vehicle identification number and any decal or license plate that may be affixed to the vehicle; the current location of the [abandoned] property; and the retail value of the [abandoned] property;

(2) An inspection report of the [abandoned] property, **if it is a vehicle**, by a law enforcement agency pursuant to subsection 9 of section 301.190; and

(3) A copy of the thirty-day notice and certified mail receipt mailed to any owner and any person holding a valid security interest of record.

2. Upon receipt of the application and supporting documents, the director shall search the records of the department of revenue, or initiate an inquiry with another state, if the evidence presented indicated the [abandoned] property **described in the application** was registered or titled in another state, to verify the name and address of any owners and any lienholders. If the latest owner or lienholder was not notified the director shall inform the **insurer**, owner, or purchaser of the real estate of the latest owner and lienholder information so that notice may be given as required by subsection 1 of this section. Any owner or lienholder receiving notification may protest the issuance of title by, within the thirty-day notice period and may file a petition to recover the vehicle, naming the **insurer or** owner of the real estate and serving a copy of the petition on the director of revenue. The director shall not be a party to such petition but shall, upon receipt of the petition, suspend the processing of any further certificate of title until the rights of all parties to the vehicle are determined by the court. Once all requirements are satisfied the director shall issue one of the following:

(1) An original certificate of title if the vehicle examination certificate, as provided in section 301.190, indicates that the vehicle was not previously in a salvaged condition or rebuilt;

(2) An original certificate of title designated as prior salvage if the vehicle examination certificate as provided in section 301.190 indicates the vehicle was previously in a salvaged condition or rebuilt;

(3) A salvage certificate of title designated with the words "salvage/abandoned property" or junking certificate based on the condition of the [abandoned] property as stated in the inspection report. **An insurer purchasing a vehicle through the claims adjustment process under this section shall only be eligible to obtain a salvage certificate of title or junking certificate.**

301.196. TRANSFERORS OF INTEREST IN MOTOR VEHICLES OR TRAILERS, NOTICE TO REVENUE, WHEN, FORM — EXCEPTIONS. — 1. Beginning January 1, 2006, except as otherwise provided in this section, the transferor of an interest in a motor vehicle or trailer listed on the face of a Missouri title, excluding salvage titles and junking certificates, shall notify the department of revenue of the transfer within thirty days of the date of transfer. The notice shall be in a form determined by the department by rule and shall contain:

- (1) A description of the motor vehicle or trailer sufficient to identify it;
- (2) The vehicle identification number of the motor vehicle or trailer;
- (3) The name and address of the transferee;
- (4) The date of birth of the transferee, unless the transferee is not a natural person;
- (5) The date of the transfer or sale;
- (6) The purchase price of the motor vehicle or trailer, if applicable;
- (7) The number of the transferee's drivers license, unless the transferee does not have a drivers license;
- (8) The printed name and signature of the transferee;
- (9) Any other information required by the department by rule.

2. For purposes of giving notice under this section, if the transfer occurs by operation of law, the personal representative, receiver, trustee, sheriff, or other representative or successor in interest of the person whose interest is transferred shall be considered the transferor. Repossession by a creditor shall not be considered a transfer of ownership requiring such notice.

3. The requirements of this section shall not apply to transfers when there is no complete change of ownership interest or upon award of ownership of a motor vehicle or trailer made by court order, or transfers of ownership of a motor vehicle or trailer to or between vehicle dealers, or transfers of beneficial ownership of a motor vehicle owned by a trust.

4. Notification under this section is only required for transfers of ownership that would otherwise require registration and an application for certificate of title in this state under section 301.190, and is for informational purposes only and does not constitute an assignment or release of any interest in the vehicle.

5. Retail sales made by licensed dealers including sales of new vehicles shall be reported pursuant to the provisions of section 301.280.

301.197. NOTIFICATION OF TRANSFER OF INTEREST INCLUDED IN REVENUE RECORDS, WHEN — APPLICATION FOR NEW TITLE, FAILURE TO APPLY, EFFECT — RULEMAKING AUTHORITY. — 1. Beginning January 1, 2006, upon receipt of a notification of transfer described in section 301.196, the department shall make a notation on its records indicating that it has received notification that an interest in the motor vehicle or trailer has been transferred. The notation shall be made whether or not the form submitted to the department contains all the information required by section 301.196, so long as there is sufficient information to identify the motor vehicle or trailer and the name and address of the transferee. Thereafter, until a new title is issued, when the department is asked or is required by law to provide the name of the owner or lienholder of a motor vehicle or trailer as shown on its records, the department shall provide the name of the owner or lienholder recorded on the latest title or lien perfection of record and indicate that department records show a notification of transfer but do not show a title transfer. The department shall also provide the name of the transferee, if otherwise permitted by law, if it is shown on the form submitted by the transferor pursuant to section 301.196.

2. If the department does not receive an application for title from the person named as transferee in a form submitted pursuant to section 301.196 within sixty days of the receipt of the form, the department shall notify the transferee to apply for title. Notification shall be made as soon after the sixtieth day after receipt of the form as is

convenient for the department. The provisions of this subsection shall be in addition to the requirements of section 301.190.

3. The department may adopt rules for the implementation of section 301.196 and this section. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2004, shall be invalid and void. Notwithstanding section 226.200, RSMo, to the contrary the general assembly may appropriate state highways and transportation department funds for the requirements of sections 301.196, 301.198, and 301.280, and this section.

301.198. SUBMITTING FALSE INFORMATION ABOUT TRANSFER OF A VEHICLE, OFFENSE OF, PENALTY. — 1. An organization, other than an organization seeking a special military license plate, that seeks authorization to establish a new specialty license plate shall initially petition the department of revenue by submitting the following:

(1) An application in a form prescribed by the director for the particular specialty license plate being sought, describing the proposed specialty license plate in general terms

and have a sponsor of at least one current member of the general assembly. The application may contain written testimony for support of this specialty plate;

(2) Each application submitted pursuant to this section shall be accompanied by a list of at least two hundred potential applicants who plan to purchase the specialty plate if the specialty plate is approved pursuant to this section;

(3) An application fee, not to exceed five thousand dollars, to defray the department's cost for issuing, developing and programming the implementation of the specialty plate, if authorized; and

(4) All moneys received by the department of revenue, for the reviewing and development of specialty plates shall be deposited in the state treasury to the credit of the "Department of Revenue Specialty Plate Fund" which is hereby created. The state treasurer shall be custodian of the fund and shall make disbursements from the funds requested by the Missouri director of revenue for personal services, expenses, and equipment required to prepare, review, develop, and disseminate a new specialty plate and process the two hundred applications to be submitted once the plate is approved and to refund deposits for the application of such specialty plate, if the application is not approved by the joint committee on transportation oversight and for no other purpose.

2. At the end of each state fiscal year, the director of revenue shall:

(1) Determine the amount of all moneys deposited into the department of revenue specialty plate fund;

(2) Determine the amount of disbursements from the department of revenue specialty plate fund which were made to produce the specialty plate and process the two hundred applications; and

(3) Subtract the amount of disbursements from the income figure referred to in subdivision (1) of this subsection and deliver this figure to the state treasurer.

3. The state treasurer shall transfer an amount of money equal to the figure provided by the director of revenue from the department of revenue specialty plate fund to the state highway department fund. An unexpended balance in the department of revenue specialty plate fund at the end of the biennium not exceeding twenty-five thousand dollars shall be exempt from the provisions of section 33.080, RSMo, relating to transfer of unexpended balances to the general revenue fund.

4. The documents and fees required pursuant to this section shall be submitted to the department of revenue by July first prior to the next regular session of the general assembly to be approved or denied by the joint committee on transportation oversight during that legislative session.

5. The department of revenue shall give notice of any proposed specialty plate in a manner reasonably calculated to advise the public of such proposal. Reasonable notice shall include posting the proposal for the specialty plate on the department's official public web site, and making available copies of the specialty plate application to any representative of the news media or public upon request and posting the application on a bulletin board or other prominent public place which is easily accessible to the public and clearly designated for that purpose at the principal office.

6. Adequate notice conforming with all the requirements of subsection 5 of this section shall be given not less than four weeks, exclusive of weekends and holidays when the facility is closed, after the submission of the application by the organization to the department of revenue. Written or electronic testimony in support or opposition of the proposed specialty plate shall be submitted to the department of revenue by November thirtieth of the year of filing of the original proposal. All written testimony shall contain the printed name, signature, address, phone number, and e-mail address, if applicable, of the individual giving the testimony.

7. The department of revenue shall submit for approval all applications for the development of specialty plates to the joint committee on transportation oversight during a regular session of the general assembly for approval.

8. If the specialty license plate requested by an organization is approved by the joint committee on transportation oversight, the organization shall submit the proposed art design for the specialty license plate to the department as soon as practicable, but no later than sixty days after the approval of the specialty license plate. If the specialty license plate requested by the organization is not approved by the joint committee on transportation oversight, ninety-seven percent of the application fee shall be refunded to the requesting organization.

9. An emblem-use authorization fee may be charged by the organization prior to the issuance of an approved specialty plate. The organization's specialty plate proposal approved by the joint committee on transportation oversight shall state what fee is required to obtain such statement and if such fee is required annually or biennially, if the applicant has a two-year registration. An organization applying for specialty plates shall authorize the use of its official emblem to be affixed on multiyear personalized license plates within the plate area prescribed by the director of revenue and as provided in this section. Any contribution to the organization derived from the emblem-use contribution, except reasonable administrative costs, shall be used solely for the purposes of the organization. Any member of the organization or nonmember, if applicable, may annually apply for the use of the emblem, if applicable.

10. The department shall begin production and distribution of each new specialty license plate within one year after approval of the specialty license plate by the joint committee on transportation oversight.

11. The department shall issue a specialty license plate to the owner who meets the requirements for issuance of the specialty plate for any motor vehicle such owner owns, either solely or jointly, other than an apportioned motor vehicle or a commercial motor vehicle licensed in excess of eighteen thousand pounds gross weight.

12. Each new or renewed application for an approved specialty license plate shall be made to the department of revenue, accompanied by an additional fee of fifteen dollars and the appropriate emblem-use authorization statement.

13. The appropriate registration fees, fifteen dollar specialty plate fee, processing fees and documents otherwise required for the issuance of registration of the motor vehicle as set forth by law must be submitted at the time the specialty plates are actually issued and renewed or as otherwise provided by law. However, no additional fee for the personalization of this plate shall be charged.

14. Once a specialty plate design is approved, a request for such plate may be made any time during a registration period. If a request is made for a specialty license plate to replace a current valid license plate, all documentation, credits, and fees provided for in this chapter when replacing a current license plate shall apply.

15. A vehicle owner who was previously issued a plate with an organization emblem authorized by this section, but who does not provide an emblem-use authorization statement at a subsequent time of registration if required, shall be issued a new plate which does not bear the organization's emblem, as otherwise provided by law.

16. Specialty license plates shall bear a design approved by the organization submitting the original application for approval by the joint committee on transportation oversight. The design shall be within the plate area prescribed by the director of revenue, and the designated organization's name or slogan shall be in place of the words "SHOW-ME STATE". Such license plates shall be made with fully reflective material with a common color scheme, shall be clearly visible at night, shall have a reflective white background in the area of the plate configuration, and shall be aesthetically attractive, as prescribed by section 301.130 and as provided in this section. In addition to a design, the specialty license plates shall be in accordance with criteria and plate design set forth in this chapter.

17. The department is authorized to discontinue the issuance and renewal of a specialty license plate if the organization has stopped providing services and emblem-use

authorization statements are no longer being issued by the organization. Such organizations shall notify the department immediately to discontinue the issuance of a specialty plate.

18. The organization that requested the specialty license plate shall not redesign the specialty personalized license plate unless such organization pays the director in advance all redesigned plate fees. All plate holders of such plates must pay the replacement fees prescribed in section 301.300 for the replacement of the existing specialty plate. All other applicable license plate fees in accordance with this chapter shall be required.

301.3152. APPEAL PROCEDURE FOR DENIAL. — Any person or organization who has received a notice of denial of application for development of a specialty plate may make a request to the joint committee on transportation oversight within fifteen days of receipt of the notice for a review of the committee's determination at a hearing before the committee at a time deemed appropriate.

301.3154. FEE, AMOUNT — EXEMPTIONS. — Beginning January 1, 2005, the fee for any special license plate approved under section 21.795, RSMo, sections 301.3150 and 301.3152, and this section shall be fifteen dollars for an annual registration and thirty dollars for a biennial registration in addition to registration fees. The provisions of this section shall not apply to special military license plates. The fees for special military license plates shall be assessed as provided for by the statute creating such license plate except that no additional fee shall be charged for personalized military plates.

Any supporter of the American Heart Association of appropriate age as prescribed by law may receive special license plates as prescribed by this section, for any motor vehicle such person owns, either solely or jointly, other than an apportioned motor vehicle or a commercial motor vehicle licensed in excess of eighteen thousand pounds gross weight, after an annual payment of an emblem-use authorization fee to the American Heart Association of which the person is a supporter. The American Heart Association hereby authorizes the use of its official emblem Red Dress Icon to be affixed on multi-year personalized license plates as provided in this section. Any contribution to the American Heart Association derived from this section, except reasonable administrative costs, shall be used solely for the purposes of the American Heart Association. Any supporter of the American Heart Association may annually apply for the use of the emblem and pay the twenty-five dollar emblem-use authorization fee at any local district council in the state.

2. Upon annual application and payment of a twenty-five dollar emblem-use contribution to the American Heart Association, the organization shall issue to the vehicle owner, without further charge, an emblem-use authorization statement, which shall be presented by the owner to the department of revenue at the time of registration of a motor vehicle. Upon presentation of the annual statement, payment of a fifteen dollar fee in addition to the registration fee and documents which may be required by law, the department of revenue shall issue to the vehicle owner a personalized license plate which shall bear the emblem of the Red Dress Icon on the left side of the plate and the words "Winning Women" shall replace the words "SHOW-ME STATE". Such license plates shall be made with fully reflective material with a common color scheme and design, shall be clearly visible at night, and shall be aesthetically attractive, as prescribed by section 301.130. Notwithstanding the provisions of section 301.144, no additional fee shall be charged for the personalization of license plates pursuant to this section.

3. A vehicle owner, who was previously issued a plate with the Red Dress Icon emblem authorized by this section but who does not provide an emblem-use authorization statement at a subsequent time of registration, shall be issued a new plate which does not

bear the Red Dress Icon emblem, as otherwise provided by law. The director of revenue shall make necessary rules and regulations for the administration of this section. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2004, shall be invalid and void.

Any person who served in the active military service in a branch of the armed services of the United States and was honorably discharged from such service may apply for special personalized license plates for any vehicle other than an apportioned motor vehicle or a commercial motor vehicle licensed in excess of eighteen thousand pounds gross weight. Any such person shall make application for the special license plates on a form provided by the director of revenue and furnish such proof of service and status as an honorably discharged veteran as the director may require.

2. Upon presentation of proof of eligibility and payment of a fifteen dollar fee in addition to the regular registration fees, and presentation of any documents which may be required by law, the director shall issue to the vehicle owner special personalized license plates with the words "U.S. VET" in place of the words "SHOW-ME STATE". Such license plates shall be made with fully reflective material with a common color scheme and design, shall be clearly visible at night, shall have a reflective white background with a blue and red configuration in the area of the plate configuration, and shall be aesthetically attractive, as prescribed by section 301.130. Notwithstanding the provisions of section 301.144, no additional fee shall be charged for the personalization of license plates pursuant to this section.

3. No more than one set of special license plates shall be issued pursuant to this section to a qualified applicant. License plates issued pursuant to this section shall not be transferable to any other person except that any registered co-owner of the vehicle may operate the vehicle for the duration of the registration in the event of the death of the qualified person. The director of revenue shall make necessary rules and regulations for the enforcement of this section, and shall design all necessary forms required by this section. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2004, shall be invalid and void.

302.130. ISSUANCE OF TEMPORARY INSTRUCTION PERMIT, WHEN — REQUIREMENTS — DURATION — PERMIT DRIVER STICKER OR SIGN ISSUED, WHEN — RULEMAKING AUTHORITY. — 1. Any person at least fifteen years of age who, except for age or lack of instruction in operating a motor vehicle, would otherwise be qualified to obtain a license pursuant to sections 302.010 to 302.340 may apply for and the director shall issue a temporary instruction permit entitling the applicant, while having such permit in the applicant's immediate possession, to drive a motor vehicle of the appropriate class upon the highways for a period of twelve months, but any such person, except when operating a motorcycle or motortricycle, must be

accompanied by a licensed operator for the type of motor vehicle being operated who is actually occupying a seat beside the driver for the purpose of giving instruction in driving the motor vehicle, who is at least twenty-one years of age, and in the case of any driver under sixteen years of age, the licensed operator occupying the seat beside the driver shall be a grandparent, parent, guardian, a driver training instructor holding a valid driver education endorsement on a teaching certificate issued by the department of elementary and secondary education or a qualified instructor of a private drivers' education program who has a valid driver's license. Beginning January 1, 2001, an applicant for a temporary instruction permit shall successfully complete a vision test and a test of the applicant's ability to understand highway signs which regulate, warn or direct traffic and practical knowledge of the traffic laws of this state, pursuant to section 302.173. In addition, beginning January 1, 2001, no permit shall be granted pursuant to this subsection unless a parent or legal guardian gives written permission by signing the application and in so signing, state they, or their designee as set forth in subsection 2 of this section, will provide a minimum of twenty hours of behind-the-wheel driving instruction. The twenty hours of behind-the-wheel driving instruction that is completed pursuant to this subsection may include any time that the holder of an instruction permit has spent operating a motor vehicle in a driver training program taught by a driver training instructor holding a valid driver education endorsement on a teaching certificate issued by the department of elementary and secondary education or by a qualified instructor of a private drivers' education program. If the applicant for a permit is enrolled in a federal residential job training program, the instructor, as defined in subsection 5 of this section, is authorized to sign the application stating that the applicant will receive the behind-the-wheel driving instruction required by this section.

2. In the event the parent, grandparent or guardian of the person under sixteen years of age has a physical disability which prohibits or disqualifies said parent, grandparent or guardian from being a qualified licensed operator pursuant to this section, said parent, grandparent or guardian may designate a maximum of two individuals authorized to accompany the applicant for the purpose of giving instruction in driving the motor vehicle. An authorized designee must be a licensed operator for the type of motor vehicle being operated and have attained twenty-one years of age. At least one of the designees must occupy the seat beside the applicant while giving instruction in driving the motor vehicle. The name of the authorized designees must be provided to the department of revenue by the parent, grandparent or guardian at the time of application for the temporary instruction permit. The name of each authorized designee shall be printed on the temporary instruction permit, however, the director may delay the time at which permits are printed bearing such names until the inventories of blank permits and related forms existing on August 28, 1998, are exhausted.

3. The director, upon proper application on a form prescribed by the director, in his or her discretion, may issue a restricted instruction permit effective for a school year or more restricted period to an applicant who is enrolled in a high school driver training program taught by a driver training instructor holding a valid driver education endorsement on a teaching certificate issued by the state department of elementary and secondary education even though the applicant has not reached the age of sixteen years but has passed the age of fifteen years. Such instruction permit shall entitle the applicant, when the applicant has such permit in his or her immediate possession, to operate a motor vehicle on the highways, but only when a driver training instructor holding a valid driver education endorsement on a teaching certificate issued by the state department of elementary and secondary education is occupying a seat beside the driver.

4. The director, in his or her discretion, may issue a temporary driver's permit to an applicant who is otherwise qualified for a license permitting the applicant to operate a motor vehicle while the director is completing the director's investigation and determination of all facts relative to such applicant's rights to receive a license. Such permit must be in the applicant's immediate possession while operating a motor vehicle, and it shall be invalid when the applicant's license has been issued or for good cause has been refused.

5. In the event that the applicant for a temporary instruction permit described in subsection 1 of this section is a participant in a federal residential job training program, the permittee may operate a motor vehicle accompanied by a driver training instructor who holds a valid driver education endorsement issued by the department of elementary and secondary education and a valid driver's license.

6. A person at least fifteen years of age may operate a motor vehicle as part of a driver training program taught by a driver training instructor holding a valid driver education endorsement on a teaching certificate issued by the department of elementary and secondary education or a qualified instructor of a private drivers' education program.

7. Beginning January 1, 2003, the director shall issue with every temporary instruction permit issued pursuant to subsection 1 of this section a sticker or sign bearing the words "PERMIT DRIVER". The design and size of such sticker or sign shall be determined by the director by regulation. Every applicant issued a temporary instruction permit and sticker on or after January 1, 2003, may display or affix the sticker or sign on the rear window of the motor vehicle. Such sticker or sign may be displayed on the rear window of the motor vehicle whenever the holder of the instruction permit operates a motor vehicle during his or her temporary permit licensure period.

8. **Beginning July 1, 2005, the director shall verify that an applicant for an instruction permit issued under this section is lawfully present in the United States before accepting the application. The director shall not issue an instruction permit for a period that exceeds an applicant's lawful presence in the United States. The director may establish procedures to verify the lawful presence of the applicant and establish the duration of any permit issued under this section.**

An application for a license shall be made upon an approved form furnished by the director. Every application shall state the full name, Social Security number, age, height, weight, color of eyes, sex, residence, mailing address of the applicant, and the classification for which the applicant has been licensed, and, if so, when and by what state, and whether or not such license has ever been suspended, revoked, or disqualified, and, if revoked, suspended or disqualified, the date and reason for such suspension, revocation or disqualification and whether the applicant is making a one dollar donation to promote an organ donation program as prescribed in subsection 2 of this section. A driver's license, nondriver's license, or instruction permit issued under this chapter shall contain the applicant's legal name as it appears on a birth certificate or as legally changed through marriage or court order. No name change by common usage based on common law shall be permitted. The application shall also contain such information as the director may require to enable the director to determine the applicant's qualification for driving a motor vehicle; and shall state whether or not the applicant has been convicted in this or any other state for violating the laws of this or any other state or any ordinance of any municipality, relating to driving without a license, careless driving, or driving while intoxicated, or failing to stop after an accident and disclosing the applicant's identity, or driving a motor vehicle without the owner's consent. The application shall contain a certification by the applicant as to the truth of the facts

stated therein. Every person who applies for a license to operate a motor vehicle who is less than twenty-one years of age shall be provided with educational materials relating to the hazards of driving while intoxicated, including information on penalties imposed by law for violation of the intoxication-related offenses of the state. Moneys in the organ donor program fund shall be used solely for the purposes established in sections 194.297 to 194.304, RSMo, except that the department of revenue shall retain no more than one percent for its administrative costs. The donation prescribed in this subsection is voluntary and may be refused by the applicant for the license at the time of issuance or renewal of the license. The director shall make available an informational booklet or other informational sources on the importance of organ donations to applicants for licensure as designed by the organ donation advisory committee established in sections 194.297 to 194.304, RSMo. The director shall inquire of each applicant at the time the licensee presents the completed application to the director whether the applicant is interested in making the one dollar donation prescribed in this subsection and whether the applicant is interested in inclusion in the organ donor registry and shall also specifically inform the licensee of the ability to consent to organ donation by completing the form on the reverse of the license that the applicant will receive in the manner prescribed by subsection 6 of section 194.240, RSMo. The director shall inquire of each applicant at the time the licensee presents the completed application to the director whether the applicant is interested in making the one dollar donation prescribed in this subsection.

4. Beginning July 1, 2005, the director shall deny the driving privilege of any person who commits fraud or deception during the examination process or who makes application for an instruction permit, driver's license, or nondriver's license which contains or is substantiated with false or fraudulent information or documentation, or who knowingly conceals a material fact or otherwise commits a fraud in any such application. The period of denial shall be one year from the effective date of the denial notice sent by the director. The denial shall become effective ten days after the date the denial notice is mailed to the person. The notice shall be mailed to the person at the last known address shown on the person's driving record. The notice shall be deemed received three days after mailing unless returned by the postal authorities. No such individual shall reapply for a driver's examination, instruction permit, driver's license, or nondriver's license until the period of denial is completed. 302.173. DRIVER'S EXAMINATION REQUIRED, WHEN — EXCEPTIONS — PROCEDURE.

— 1. Any applicant for a license, who does not possess a valid license issued pursuant to the laws of this state, another state, or a country which has a reciprocal agreement with the state of Missouri regarding the exchange of licenses pursuant to section 302.172 shall be examined as herein provided. Any person who has failed to renew such person's license on or before the date of its expiration or within six months thereafter must take the complete examination. Any active member of the armed forces, their adult dependents or any active member of the peace corps may apply for a renewal license without examination of any kind, unless otherwise required by sections 302.700 to 302.780, provided the renewal application shows that the previous license had not been suspended or revoked. Any person honorably discharged from the armed forces of the United States who held a valid license prior to being inducted may apply for a renewal license within sixty days after such person's honorable discharge without submitting to any examination of such person's ability to safely operate a motor vehicle over the highways of this state unless otherwise required by sections 302.700 to 302.780, other than the vision test provided in section 302.175, unless the facts set out in the renewal application or record of convictions on the expiring license, or the records of the director show that there is good cause to authorize the director to require the applicant to submit to the complete examination. No applicant for a renewal license shall be required to submit to any examination of his or her ability to safely operate a motor vehicle over the highways of this state unless otherwise required by sections 302.700 to 302.780 or regulations promulgated thereunder, other than a test of the applicant's ability to understand highway signs regulating, warning or directing traffic and the vision test provided in section 302.175, unless the facts set out in the renewal application or record of convictions on the expiring license, or the records of the director show that there is good cause to authorize the director to require the applicant to submit to the complete examination. The examination shall be made available in each county. Reasonable notice of the time and place of the examination shall be given the applicant by the person or officer designated to conduct it. The complete examination shall include a test of the applicant's natural or corrected vision as prescribed in section 302.175, the applicant's ability to understand highway signs regulating, warning or directing traffic, the applicant's practical knowledge of the traffic laws of this state, and an actual demonstration of ability to exercise due care in the operation of a motor vehicle of the classification for which the license is sought. When an applicant for a license has a license from a state which has requirements for issuance of a license comparable to the Missouri requirements or a license from a country which has a reciprocal agreement with the state of Missouri regarding the exchange of licenses pursuant to section 302.172 and such license has not expired more than six months prior to the date of application for the Missouri license, the director may waive the test of the applicant's practical knowledge of the traffic laws of this state, and the requirement of actual demonstration of ability to exercise due care in the operation of a motor vehicle. If the director has reasonable grounds to believe that an applicant is suffering from some known physical or mental ailment which ordinarily would interfere with the applicant's fitness to operate a motor vehicle safely upon the highways, the director may require that the examination include a physical or mental examination by a licensed physician of the applicant's choice, at the applicant's expense, to determine the fact. The director shall prescribe regulations to ensure uniformity in the examinations and in the grading thereof and shall prescribe and furnish all forms to the members of the highway patrol and to other persons authorized to conduct examinations as may be necessary to enable the officer or person to

properly conduct the examination. The records of the examination shall be forwarded to the director who shall not issue any license hereunder if in the director's opinion the applicant is not qualified to operate a motor vehicle safely upon the highways of this state.

2. **Beginning July 1, 2005, when the examiner has reasonable grounds to believe that an individual has committed fraud or deception during the examination process, the license examiner shall immediately forward to the director all information relevant to any fraud or deception, including but not limited to, a statement of the examiner's grounds for belief that the person committed or attempted to commit fraud or deception in the written, skills, or vision examination.**

3. The director of revenue shall delegate the power to conduct the examinations required for a license or permit to any member of the highway patrol or any person employed by the highway patrol. The powers delegated to any examiner may be revoked at any time by the director of revenue upon notice.

[3.] 4. Notwithstanding the requirements of subsections 1 and [2] 3 of this section, the successful completion of a motorcycle rider training course approved pursuant to sections 302.133 to [302.138] **302.137** shall constitute an actual demonstration of the person's ability to exercise due care in the operation of a motorcycle or motortricycle, and no further driving test shall be required to obtain a motorcycle or motortricycle license or endorsement.

302.177. LICENSES, FEES, DURATION, AGE-BASED. — 1. To all applicants for a license or renewal to transport persons or property classified in section 302.015 who are at least twenty-one years of age and under the age of seventy, and who submit a satisfactory application and meet the requirements set forth in sections 302.010 to 302.605, the director shall issue or renew a license upon the payment of a fee of thirty dollars; except that, no license shall be issued if an applicant's license is currently suspended, taken up, canceled, revoked, or deposited in lieu of bail.

2. To all applicants for a license or renewal who are between twenty-one and sixty-nine years of age, and who submit a satisfactory application and meet the requirements set forth in sections 302.010 to 302.605, the director shall issue or renew a license upon the payment of a fee of fifteen dollars; except that, no license shall be issued if an applicant's license is currently suspended, taken up, canceled, revoked, or deposited in lieu of bail.

3. All licenses issued pursuant to subsections 1 and 2 of this section shall expire on the applicant's birthday in the sixth year after issuance and must be renewed on or before the date of expiration, which date shall be shown on the license. The director shall have the authority to stagger the expiration date of driver's licenses and nondriver's licenses being issued or renewed over a six-year period.

4. To all applicants for a license or renewal to transport persons or property classified in section 302.015 who are between eighteen and twenty-one years of age or greater than sixty-nine years of age, **or, beginning September 30, 2005, to an applicant for such license containing a school bus endorsement issued pursuant to section 302.272,** and who submit a satisfactory application and meet the requirements set forth in sections 302.010 to 302.605, the director shall issue or renew a license upon the payment of a fee of fifteen dollars.

5. To all other applicants for a license or renewal less than twenty-one years of age or greater than sixty-nine years of age who submit a satisfactory application and meet the requirements set forth in sections 302.010 to 302.605, the director shall issue or renew a license upon the payment of a fee of seven dollars and fifty cents. If the date of arrest is prior to the issuance of the limited driving privilege, the privilege shall not be terminated. The director shall notify by ordinary mail the driver whose privilege is so terminated.

(5) Except as provided in subdivision (6) of this subsection, no person is eligible to receive a limited driving privilege who at the time of application for a limited driving privilege has previously been granted such a privilege within the immediately preceding five years, or whose license has been suspended or revoked for the following reasons:

(g) [Disqualification of a commercial driver's license pursuant to sections 302.700 to 302.780, however, nothing in this subsection shall prevent a person holding a commercial driver's license who is suspended or revoked as a result of an action occurring while not driving a commercial motor vehicle or driving for pay, but while driving in an individual capacity as an operator of a personal vehicle from applying for a limited driving privilege to operate a commercial vehicle, if otherwise eligible for such limited privilege; or

(h)] Due to a suspension pursuant to subsection 2 of section 302.525 and who has not completed the first thirty days of such suspension, provided the person is not otherwise ineligible for a limited driving privilege; or due to a revocation pursuant to subsection 2 of section 302.525 if such person has not completed such revocation.

(7) (a) Provided that pursuant to the provisions of this section, the applicant is not otherwise ineligible for a limited driving privilege, a circuit court or the director may, in the manner prescribed in this subsection, allow a person who has had such person's license to operate a motor vehicle revoked where that person cannot obtain a new license for a period of ten years, as prescribed in subdivision (9) of section 302.060, to apply for a limited driving privilege pursuant to this subsection if such person has served at least three years of such disqualification or revocation. Such review shall be based upon the records of the department of revenue and other competent evidence and shall be limited to a review of whether the applicant was statutorily entitled to the limited driving privilege.

Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2001, shall be invalid and void.

At the time of such release, after reasonable inspection, the owner or lienholder shall give a receipt to the towing company reciting any claims for loss or damage to the abandoned property or the contents thereof.

(3) Upon determining the respective rights of the parties, the final order of the court shall provide for immediate payment in full of recovery, towing, and storage fees by the abandoned property owner or lienholder or the owner, lessee, or agent thereof of the real property from which the abandoned property was removed.

(1) That the department of revenue records must be searched to determine the registered owner or lienholder of the abandoned property;

(2) That if a registered owner or lienholder is disclosed in the records, that the owner and lienholder or owner or lienholder are mailed a notice by the local governmental agency, by U.S. mail, advising of the towing and impoundment;

(3) That if the vehicle is older than six years and more than fifty percent damaged by collision, fire, or decay, and has a fair market value of less than two hundred dollars as determined by using any nationally recognized appraisal book or method, it must be held no less than ten days after the notice is sent pursuant to this section before being sold to a licensed salvage or scrap business; provided however where a title is required under this chapter an affidavit from a certified appraiser attesting that the value of the vehicle is less than two hundred dollars;

(4) That all other vehicles must be held no less than thirty days after the notice is sent pursuant to this subsection before they may be sold.

10. Any municipality or county which has physical possession of the abandoned property and which sells abandoned property in accordance with a local ordinance may transfer ownership by means of a bill of sale signed by the municipal or county clerk or deputy and sealed with the official municipal or county seal. Such bill of sale shall contain the make and model of the abandoned property, the complete abandoned property identification number and the odometer reading of the abandoned property if available and shall be lawful proof of ownership for any dealer registered under the provisions of section 301.218, RSMo, or section 301.560, RSMo, or for any other person. Any dealer or other person purchasing such property from a municipality or county shall apply within thirty days of purchase for a certificate. (4) Notwithstanding the provisions of section 301.573, RSMo, to the contrary, if satisfied with the genuineness of the application and supporting documents, the director shall issue an original title to abandoned property previously issued a salvage title as provided in this section, if the vehicle examination certificate as provided in section 301.190, RSMo, does not indicate the abandoned property was previously in a salvage condition or rebuilt.

13. If abandoned property is insured and the insurer of property regards the property as a total loss and the insurer satisfies a claim by the owner for the property, then the insurer or lienholder shall claim and remove the property from the storage facility or make arrangements to transfer the title, and such transfer of title subject to agreement shall be in complete satisfaction of all claims for towing and storage, to the towing company or storage facility. The owner of the abandoned vehicle, lienholder or insurer, to the extent the vehicle owner's insurance policy covers towing and storage charges, shall pay reasonable fees assessed by the towing company and storage facility. The property shall be claimed and removed or title transferred to the towing company or storage facility within thirty days of the date that the insurer paid a claim for the total loss of the property or is notified as to the location of the abandoned property, whichever is the later event. The registration requirements shall not apply to law enforcement agencies located in counties of the third or fourth classification. The report shall be delivered within two hours if the tow was made from a signed location pursuant to subdivision (1) of subsection 4 of this section, otherwise the report shall be delivered within twenty-four hours.

Such safety bumper shall not cause the length of the bus or recreational motor vehicle to exceed the forty-five feet length limit by more than one foot in the front and one foot in the rear. The term "safety bumper" means any device which may be fitted on an existing bumper or which replaces the bumper and is so constructed, treated, or manufactured that it absorbs energy upon impact.

10. The highways and transportation commission is authorized to designate routes on the state highway system other than the interstate system over which those combinations of vehicles

of the lengths specified in subsections 5, 6, 7, 8 and 9 of this section may be operated. The provisions of this section shall not apply to motor vehicles operating on the interstate highways in the area beyond two miles of a corporate limit of the city unless the United States Department of Transportation increases the allowable weight limits on the interstate highway system within commercial zones. In such case, the mileage limits established in this section shall be automatically increased only in the commercial zones to conform with those authorized by the United States Department of Transportation.

4. Nothing in this section shall prevent a city, county, or municipality, by ordinance, from designating the routes over which such vehicles may be operated.

307.400. COMMERCIAL VEHICLES, EQUIPMENT AND OPERATION, REGULATIONS, EXCEPTIONS — DEPARTMENT OF PUBLIC SAFETY, RULES, PROCEDURE, THIS CHAPTER. —

1. It is unlawful for any person to operate any commercial motor vehicle as defined in Title 49, Code of Federal Regulations, Part 390.5, either singly or in combination with a trailer, as both vehicles are defined in Title 49, Code of Federal Regulations, Part 390.5, unless such vehicles are equipped and operated as required by Parts 390 through 397, Title 49, Code of Federal Regulations, as such regulations have been and may periodically be amended, whether intrastate transportation or interstate transportation. Members of the Missouri state highway patrol are authorized to enter the cargo area of a commercial motor vehicle or trailer to inspect the contents when reasonable grounds exist to cause belief that the vehicle is transporting hazardous materials as defined by Title 49 of the Code of Federal Regulations. The director of the department of public safety is hereby authorized to further regulate the safety of commercial motor vehicles and trailers as he deems necessary to govern and control their operation on the public highways of this state by promulgating and publishing rules and regulations consistent with this chapter. Any such rules shall, in addition to any other provisions deemed necessary by the director, require:

(1) Every commercial motor vehicle and trailer and all parts thereof to be maintained in a safe condition at all times;

(2) Accidents arising from or in connection with the operation of commercial motor vehicles and trailers to be reported to the department of public safety in such detail and in such manner as the director may require.

Except for the provisions of subdivisions (1) and (2) of this subsection, the provisions of this section shall not apply to any commercial motor vehicle operated in intrastate commerce and licensed for a gross weight of sixty thousand pounds or less when used exclusively for the transportation of solid waste or forty-two thousand pounds or less when the license plate has been designated for farm use by the letter "F" as authorized by the Revised Statutes of Missouri, unless such vehicle is transporting hazardous materials as defined in Title 49, Code of Federal Regulations.

2. Notwithstanding the provisions of subsection 1 of this section to the contrary, Part 391, Subpart E, Title 49, Code of Federal Regulations, relating to the physical requirements of drivers shall not be applicable to drivers in intrastate commerce, provided such drivers were licensed by this state as chauffeurs to operate commercial motor vehicles on May 13, 1988. Persons who are otherwise qualified and licensed to operate a commercial motor vehicle in this state may operate such vehicle intrastate at the age of eighteen years or older, except that any person transporting hazardous material must be at least twenty-one years of age.

3. Commercial motor vehicles and drivers of such vehicles may be placed out of service if the vehicles are not equipped and operated according to the requirements of this section.

Criteria used for placing vehicles and drivers out of service are the North American Uniform Out-of-Service Criteria adopted by the Commercial Vehicle Safety Alliance and the United States Department of Transportation, as such criteria have been and may periodically be amended.

4. Notwithstanding the provisions of subsection 1 of this section to the contrary, Part 395, Title 49, Code of Federal Regulations, relating to the hours of drivers, shall not apply to any vehicle owned or operated by any public utility, rural electric cooperative or other public service organization, or to the driver of such vehicle, while providing restoration of essential utility services during emergencies and operating intrastate. For the purposes of this subsection, the term "essential utility services" means electric, gas, water, telephone and sewer services.

5. Part 395, Title 49, Code of Federal Regulations, relating to the hours of drivers, shall not apply to drivers transporting agricultural commodities or farm supplies for agricultural purposes in this state if such transportation:

(1) Is limited to an area within a one hundred air mile radius from the source of the commodities or the distribution point for the farm supplies; and

(2) Is conducted during the planting and harvesting season within this state, as defined by the department of public safety by regulation.

6. The provisions of Part 395.8, Title 49, Code of Federal Regulations, relating to recording of a driver's duty status, shall not apply to drivers engaged in agricultural operations referred to in subsection 5 of this section, if the motor carrier who employs the driver maintains and retains for a period of six months accurate and true records showing:

(1) The total number of hours the driver is on duty each day; and

(2) The time at which the driver reports for, and is released from, duty each day.

7. Notwithstanding the provisions of subsection 1 of this section to the contrary, Parts 390 through 397, Title 49, Code of Federal Regulations shall not apply to commercial motor vehicles operated in intrastate commerce to transport property, which have a gross vehicle weight rating or gross combination weight rating of twenty-six thousand pounds or less. The exception provided by this subsection shall not apply to vehicles transporting hazardous materials or to vehicles designed to transport sixteen or more passengers including the driver as defined by Title 49 of the Code of Federal Regulations. Nothing in this subsection shall be construed to prohibit persons designated by the department of public safety from inspecting vehicles defined in this subsection.

8. Violation of any provision of this section or any rule promulgated as authorized therein is a class B misdemeanor.

[8.] **9.** No rule or portion of a rule promulgated under the authority of this chapter shall become effective unless it has been promulgated pursuant to the provisions of section 536.024, RSMo.

407.735. BUSINESS PRACTICES, NONDECEPTIVE — COLLISION DAMAGE WAIVER, TERMS, CONDITIONS, NOTICE REQUIRED — DAMAGES, ESTIMATES, HOW MADE — REMEDIES. — 1. Any business practices utilized by car rental companies in furtherance of their business of renting vehicles to the public shall be nondeceptive, fair and shall not be unconscionable.

2. Any collision damage waiver product offered for sale to the public shall not contain any provisions that are deceptive, unfair or unconscionable. It is deceptive, unfair, and

unconscionable to require a consumer to assume absolute liability for damage or loss up to the total value of a rental vehicle regardless of fault as a condition of the rental agreement, and then not include as part of any collision damage waiver product, a waiver of liability for any damage or loss which occurs as a result of the consumer's ordinary negligence, except where:

(1) The damage is caused intentionally by an authorized driver or as a result of his willful and wanton misconduct;

(2) The damage arises out of the authorized driver's operation of the vehicle while intoxicated or under the influence of any illegal or unauthorized drug;

(3) The rental transaction is based on fraudulent information supplied by the renter;

(4) The damage arises out of the use of the vehicle while committing or otherwise engaged in a criminal act in which the automobile usage is substantially related to the nature of the criminal activity;

(5) The damage arises out of the use of the vehicle to carry persons or property for hire;

(6) The damage occurs while the vehicle is operated by a person other than an authorized driver]. For the purposes of this subsection, "authorized driver" means the person to whom the vehicle is rented; the renter's spouse or other family members who are licensed drivers and satisfy the rental company's minimum age requirement; the renter's employer or co-worker if they are engaged in business activity with the person to whom the vehicle is rented, are licensed drivers, and satisfy the rental company's minimum age requirement; any person who operates the vehicle during an emergency situation or while parking the vehicle at a commercial establishment; and any person expressly listed by the rental company on the rental agreement as an authorized driver] **as defined in section 407.730;**

(7) The damage arises out of the use of the vehicle outside of the United States unless such use is specifically authorized by the rental agreement;

(8) Towing or pushing anything or if operation of the vehicle on an unpaved road has resulted in damage or loss which is a direct result of the road or driving conditions;

(9) Loss due to the theft of the rental vehicle. However, the renter shall be presumed to have no liability for any loss due to theft if (A) an authorized driver has possession of the ignition key furnished by the rental company or an authorized driver establishes that the ignition key furnished by the **car** rental company was not in the vehicle at the time of the theft, and (B) an authorized driver files an official report of the theft with the police or other law enforcement agency within twenty-four hours of learning of the theft and reasonably cooperates with the **car** rental company and the police or other law enforcement agency in providing information concerning the theft. The presumption set forth in this paragraph is a presumption affecting the burden of proof which the **car** rental company may rebut by establishing that an authorized driver committed, or aided and abetted the commission of, the theft.

3. Any claim resulting from damage to or loss of a rental vehicle shall be reasonably and rationally related to the actual loss incurred. The **car** rental company shall not assert or collect any claim for physical or mechanical damage to or loss of a rental vehicle which exceeds: the actual cash value of the vehicle immediately before the loss less any proceeds from the vehicle's disposal after the loss, or the actual cost to repair the damaged vehicle including all discounts or price reductions, whichever is less. Such claim shall be based on an estimate of damage or repair invoice made by an independent appraisal company, an insurance company, or a repair facility that completed or would complete the repairs. A **car** rental company's charge for loss of use shall not exceed a reasonable estimate of the actual income lost.

4. It is a deceptive and unfair practice for a car rental company or employee to **knowingly and intentionally** misrepresent any **material** element of a rental agreement transaction [or to fail to disclose to consumers all material facts and restrictions applicable to the rental of a vehicle or in the sale of optional products or services] **including the sale of collision damage waiver and car rental insurance**. The company shall disclose **in the rental agreement** the extent of the consumer's liability for the vehicle and **applicable mileage limitations and charges**. **When the consumer elects the collision damage waiver or car rental insurance**, the price for collision

damage waiver and [applicable mileage limitations and charges] **car rental insurance shall appear on the rental agreement. A car rental company shall not require the purchase of collision damage waiver or car rental insurance.** No car rental company shall sell to a consumer or offer to sell a consumer a collision damage waiver [product] **or car rental insurance** as a part of the rental agreement unless the car rental company [first] provides the consumer with the following written notice:

[NOTICE: THIS CONTRACT OFFERS, FOR AN ADDITIONAL CHARGE, A COLLISION DAMAGE WAIVER TO COVER YOUR RESPONSIBILITY FOR DAMAGE TO THE VEHICLE. After a period of not less than ten years, an individual who has pleaded guilty or has been convicted for a first alcohol-related driving offense which is a misdemeanor or a county or city ordinance violation and which is not a conviction for driving a commercial motor vehicle while under the influence of alcohol and who since such date has not been convicted of any other alcohol-related driving offense may apply to the court in which he **or she** pled guilty or was sentenced for an order to expunge from all official records all recollections of his **or her** arrest, plea, trial or conviction. If the court determines, after hearing, that such person has not been convicted of any alcohol-related driving offense in the ten years prior to the date of the application for expungement, and has no other alcohol-related enforcement contacts as defined in section 302.525, RSMo, during that ten-year period, the court shall enter an order of expungement. The effect of such order shall be to restore such person to the status he **or she** occupied prior to such arrest, plea or conviction and as if such event had never taken place. No person as to whom such order has been entered shall be held thereafter under any provision of any law to be guilty of perjury or otherwise giving a false statement by reason of his **or her** failure to recite or acknowledge such arrest, plea, trial, conviction or expungement in response to any inquiry made of him **or her** for any purpose whatsoever and no such inquiry shall be made for information relating to an expungement under this section. A person shall only be entitled to one expungement pursuant to this section. Nothing contained in this section shall prevent the director from maintaining such records as to ensure that an individual receives only one expungement pursuant to this section for the purpose of informing the proper authorities of the contents of any record maintained pursuant to this section.

2. **The provisions of this section shall not apply to any individual who has been issued a commercial driver's license or is required to possess a commercial driver's license issued by this state or any other state.**

2. **For purposes of this section, the last owner of record of a motor vehicle or trailer found abandoned and not shown to be transferred pursuant to sections 301.196 and 301.197, RSMo, shall be deemed prima facie to have been the owner of such motor vehicle or trailer at the time it was abandoned and to have been the person who abandoned the motor vehicle or trailer or caused or procured its abandonment. The registered owner of the abandoned motor vehicle or trailer shall not be subject to the penalties provided by this section if the motor vehicle or trailer was in the care, custody, or control of another person at the time of the violation. In such instance, the owner shall submit such evidence in an affidavit permitted by the court setting forth the name, address, and other pertinent information of the person who leased, rented, or otherwise had care, custody, or control of the motor vehicle or trailer at the time of the alleged violation. The affidavit submitted pursuant to this subsection shall be admissible in a court proceeding adjudicating the alleged violation and shall raise a rebuttable presumption that the person identified in the affidavit was in actual control of the motor vehicle or trailer. In such case, the court has the authority to terminate the prosecution of the summons issued to the owner and issue a summons to the person identified in the affidavit as the operator. If the motor vehicle or trailer is alleged to have been stolen, the owner of the motor vehicle or trailer shall submit proof that a police report was filed in a timely manner indicating that the vehicle was stolen at the time of the alleged violation.**

If the surviving beneficiary or beneficiaries makes a request of the director of revenue, the director may allow the beneficiary or beneficiaries to make one assignment of title.

375.246. REINSURANCE, WHEN ALLOWED AS AN ASSET OR REDUCTION FROM LIABILITY. — 1. Credit for reinsurance shall be allowed a domestic ceding insurer as either an asset or a reduction from liability on account of reinsurance ceded only when the reinsurer meets the requirements of subdivisions (1) to (5) of this subsection. Credit shall be allowed pursuant to subdivision (1), (2) or (3) of this subsection only as respects cessions of those kinds or classes of business which the assuming insurer is licensed or otherwise permitted to write or assume in its state of domicile or, in the case of a United States branch of an alien assuming insurer, in the state through which it is entered and licensed to transact insurance or reinsurance. Credit shall be allowed pursuant to subdivision (3) or (4) of this subsection only if the applicable requirements of subdivision (6) have been satisfied.

(1) Credit shall be allowed when the reinsurance is ceded to an assuming insurer that is licensed to transact insurance in this state;

(2) Credit shall be allowed when the reinsurance is ceded to an assuming insurer that is accredited as a reinsurer in this state. An accredited reinsurer is one that:

(a) Files with the director evidence of its submission to this state's jurisdiction;

(b) Submits to the authority of the department of insurance to examine its books and records;

(c) Is licensed to transact insurance or reinsurance in at least one state, or in the case of a United States branch of an alien assuming insurer is entered through and licensed to transact insurance or reinsurance in at least one state;

(d) Files annually with the director a copy of its annual statement filed with the insurance department of its state of domicile and a copy of its most recent audited financial statement; and

(e) Maintains a surplus as regards policyholders in an amount not less than twenty million dollars and whose accreditation has not been denied by the director within ninety days of its submission; or

(f) Maintains a surplus as regards policyholders in an amount less than twenty million dollars and whose accreditation has been approved by the director. No credit shall be allowed a domestic ceding insurer if the assuming insurer's accreditation has been revoked by the director after notice and hearing;

(3) Credit shall be allowed when the reinsurance is ceded to an assuming insurer that is domiciled in, or in the case of a United States branch of an alien assuming insurer is entered through, a state that employs standards regarding credit for reinsurance substantially similar to those applicable under this statute and the assuming insurer or United States branch of an alien assuming insurer:

(a) Maintains a surplus as regards policyholders in an amount not less than twenty million dollars; except that this paragraph does not apply to reinsurance ceded and assumed pursuant to pooling arrangements among insurers in the same holding company system; and

(b) Submits to the authority of the department of insurance to examine its books and records;

(4) (a) Credit shall be allowed when the reinsurance is ceded to an assuming insurer that maintains a trust fund in a qualified United States financial institution, as defined in subdivision (2) of subsection 3 of this section, for the payment of the valid claims of its United States ceding insurers, their assigns and successors in interest. To enable the director to determine the sufficiency of the trust fund, the assuming insurer shall report annually to the director information substantially the same as that required to be reported on the National Association of Insurance Commissioners' annual statement form by licensed insurers. The assuming insurer shall submit to examination of its books and records by the director.

(b) Credit for reinsurance shall not be granted pursuant to this subdivision unless the form of the trust and any amendments to the trust have been approved by:

a. The commissioner or director of the state agency regulating insurance in the state where the trust is domiciled; or

b. The commissioner or director of another state who, pursuant to the terms of the trust instrument, has accepted principal regulatory oversight of the trust.

(c) The form of the trust and any trust amendments shall also be filed with the commissioner or director in every state in which the ceding insurer beneficiaries of the trust are domiciled. The trust instrument shall provide that contested claims shall be valid and enforceable upon the final order of any court of competent jurisdiction in the United States. The trust shall vest legal title to its assets in its trustees for the benefit of the assuming insurer's United States ceding insurers, their assigns and successors in interest. The trust and the assuming insurer shall be subject to examination as determined by the director.

(d) The trust shall remain in effect for as long as the assuming insurer has outstanding obligations due under the reinsurance agreements subject to the trust. No later than February twenty-eighth of each year the trustees of the trust shall report to the director in writing the balance of the trust and listing the trust's investments at the preceding year end and shall certify the date of termination of the trust, if so planned, or certify that the trust will not expire prior to the next following December thirty-first.

(e) The following requirements apply to the following categories of assuming insurers:

a. The trust fund for a single assuming insurer shall consist of funds in trust in an amount not less than the assuming insurer's liabilities attributable to reinsurance ceded by the United States ceding insurers, and, in addition, the assuming insurer shall maintain a trustee surplus of not less than twenty million dollars;

b. In the case of a group of incorporated and individual unincorporated underwriters:

(i) For reinsurance ceded under reinsurance agreements with an inception, amendment or renewal date on or after August 1, 1995, the trust shall consist of a trustee account in an amount not less than the group's several liabilities attributable to business ceded by United States domiciled ceding insurers to any member of the group;

(ii) For reinsurance ceded under reinsurance agreements with an inception date on or before July 31, 1995, and not amended or renewed after that date, notwithstanding the other provisions of this section, the trust shall consist of a trustee account in an amount not less than the group's several insurance and reinsurance liabilities attributable to business in the United States; and

(iii) In addition to these trusts, the group shall maintain in trust a trustee surplus of which one hundred million dollars shall be held jointly for the benefit of the United States domiciled ceding insurers of any member of the group for all years of account;

c. The incorporated members of the group shall not be engaged in any business other than underwriting as a member of the group and shall be subject to the same level of regulation and solvency control by the group's domiciliary regulator as are the unincorporated members;

d. Within ninety days after its financial statements are due to be filed with the group's domiciliary regulator, the group shall provide to the director an annual certification by the group's domiciliary regulator of the solvency of each underwriter member; or if a certification is unavailable, financial statements, prepared by independent public accountants, of each underwriter member of the group;

(5) Credit:

(a) Shall be allowed when the reinsurance is ceded to an assuming insurer not meeting the requirements of subdivision (1), (2), (3) or (4) of this subsection, but only as to the insurance of risks located in a jurisdiction of the United States where the reinsurance is required by applicable law or regulation of that jurisdiction;

(b) May be allowed in the discretion of the director when the reinsurance is ceded to an assuming insurer not meeting the requirements of subdivision (1), (2), (3) or (4) of this

subsection, but only as to the insurance of risks located in a foreign country where the reinsurance is required by applicable law or regulation of that country;

(6) If the assuming insurer is not licensed or accredited to transact insurance or reinsurance in this state, the credit permitted by subdivisions (3) and (4) of this subsection shall not be allowed unless the assuming insurer agrees in the reinsurance agreements:

(a) That in the event of the failure of the assuming insurer to perform its obligations under the terms of the reinsurance agreement, the assuming insurer, at the request of the ceding insurer shall submit to the jurisdiction of the courts of this state, will comply with all requirements necessary to give such courts jurisdiction, and will abide by the final decisions of such courts or of any appellate courts in this state in the event of an appeal; and

(b) To designate the director or a designated attorney as its true and lawful attorney upon whom may be served any lawful process in any action, suit or proceeding instituted by or on behalf of the ceding company. This paragraph is not intended to conflict with or override the obligation of the parties to a reinsurance agreement to arbitrate their disputes, if this obligation is created in the agreement and the jurisdiction and situs of the arbitration is, with respect to any receivership of the ceding company, any jurisdiction of the United States;

(7) If the assuming insurer does not meet the requirements of subdivision (1), (2) or (3) of this subsection, the credit permitted by subdivision (4) of this subsection shall not be allowed unless the assuming insurer agrees in the trust agreements to the following conditions:

(a) Notwithstanding any other provisions in the trust instrument, if the trust fund is inadequate because it contains an amount less than the amount required by paragraph (e) of subdivision (4) of this subsection, or if the grantor of the trust has been declared insolvent or placed into receivership, rehabilitation, liquidation or similar proceedings under the laws of its state or country of domicile, the trustee shall comply with an order of the commissioner or director with regulatory oversight over the trust or with an order of a court of competent jurisdiction directing the trustee to transfer to the commissioner or director with regulatory oversight all of the assets of the trust fund;

(b) The assets shall be distributed by and claims shall be filed with and valued by the commissioner or director with regulatory oversight in accordance with the laws of the state in which the trust is domiciled that are applicable to the liquidation of domestic insurance companies;

(c) If the commissioner or director with regulatory oversight determines that the assets of the trust fund or any part thereof are not necessary to satisfy the claims of the United States ceding insurers of the grantor of the trust, the assets or part thereof shall be returned by the commissioner or director with regulatory oversight to the trustee for distribution in accordance with the trust agreement; and

(d) The grantor shall waive any right otherwise available to it under United States law that is inconsistent with this subsection.

2. An asset or reduction from liability for the reinsurance ceded by a domestic insurer to an assuming insurer not meeting the requirements of subsection 1 of this section shall be allowed in an amount not exceeding the liabilities carried by the ceding insurer. The reduction shall be in the amount of funds held by or on behalf of the ceding insurer, including funds held in trust for the ceding insurer, under a reinsurance contract with the assuming insurer as security for the payment of obligations thereunder, if the security is held in the United States subject to withdrawal solely by, and under the exclusive control of, the ceding insurer; or, in the case of a trust, held in a qualified United States financial institution, as defined in subdivision (2) of subsection 3 of this section. This security may be in the form of:

(1) Cash;

(2) Securities listed by the securities valuation office of the National Association of Insurance Commissioners and qualifying as admitted assets;

(3) (a) Clean, irrevocable, unconditional letters of credit, as defined in subdivision (1) of subsection 3 of this section, issued or confirmed by a qualified United States financial institution

no later than December thirty-first of the year for which filing is being made, and in the possession of, or in trust for, the ceding company on or before the filing date of its annual statement.

(b) Letters of credit meeting applicable standards of issuer acceptability as of the dates of their issuance or confirmation, notwithstanding the issuing or confirming institution's subsequent failure to meet applicable standards of issuer acceptability, shall continue to be acceptable as security until their expiration, extension, renewal, modification or amendment, whichever first occurs;

(4) Any other form of security acceptable to the director.

3. (1) For purposes of subdivision (3) of subsection 2 of this section, a "qualified United States financial institution" means an institution that:

(a) Is organized or, in the case of a United States office of a foreign banking organization, licensed under the laws of the United States or any state thereof;

(b) Is regulated, supervised and examined by federal or state authorities having regulatory authority over banks and trust companies; and

(c) Has been determined by either the director, or the securities valuation office of the National Association of Insurance Commissioners, to meet such standards of financial condition and standing as are considered necessary and appropriate to regulate the quality of financial institutions whose letters of credit will be acceptable to the director.

(2) A "qualified United States financial institution" means, for purposes of those provisions of this law specifying those institutions that are eligible to act as a fiduciary of a trust, an institution that:

(a) Is organized, or in the case of a United States branch or agency office of a foreign banking organization, licensed under the laws of the United States or any state thereof and has been granted authority to operate with fiduciary powers; and

(b) Is regulated, supervised and examined by federal or state authorities having regulatory authority over banks and trust companies.

4. The director may adopt rules and regulations implementing the provisions of this section.

5. (1) The director shall disallow any credit as an asset or as a deduction from liability for any reinsurance found by him to have been arranged for the purpose principally of deception as to the ceding company's financial condition as of the date of any financial statement of the company. Without limiting the general purport of this provision, reinsurance of any substantial part of the company's outstanding risks contracted for in fact within four months prior to the date of any such financial statement and canceled in fact within four months after the date of such statement, or reinsurance under which the assuming insurer bears no substantial insurance risk or substantial risk of net loss to itself, shall prima facie be deemed to have been arranged for the purpose principally of deception within the intent of this provision.

(2) (a) The director shall also disallow as an asset or deduction from liability to any ceding insurer any credit for reinsurance unless the reinsurance is payable to the ceding company, and if it be [impaired or] insolvent to its receiver, by the assuming insurer on the basis of the liability of the ceding company under the contracts reinsured without diminution because of the insolvency of the ceding company.

(b) Such payments shall be made directly to the ceding insurer or to its domiciliary liquidator except:

a. Where the contract of insurance or reinsurance specifically provides for payment to the named insured, assignee or named beneficiary of the policy issued by the ceding insurer in the event of the insolvency of the ceding insurer; or

b. Where the assuming insurer, with the consent of it and the direct insured or insureds in an assumption reinsurance transaction subject to sections 375.1280 to 375.1295, has assumed such policy obligations of the ceding insurer as direct obligations of the assuming insurer to the payees under such policies and in substitution for the obligations of the ceding insurer to such payees.

(c) Notwithstanding paragraphs (a) and (b) of this subdivision, in the event that a life and health insurance guaranty association has made the election to succeed to the rights and obligations of the insolvent insurer under the contract of reinsurance, then the reinsurer's liability to pay covered reinsured claims shall continue under the contract of reinsurance, subject to the payment to the reinsurer of the reinsurance premiums for such coverage. Payment for such reinsured claims shall only be made by the reinsurer pursuant to the direction of the guaranty association or its designated successor. Any payment made at the direction of the guaranty association or its designated successor by the reinsurer will discharge the reinsurer of all further liability to any other party for such claim payment.

(d) The reinsurance agreement may provide that the domiciliary liquidator of an insolvent ceding insurer shall give written notice to the assuming insurer of the pendency of a claim against such ceding insurer on the contract reinsured within a reasonable time after such claim is filed in the liquidation proceeding. During the pendency of such claim, any assuming insurer may investigate such claim and interpose, at its own expense, in the proceeding where such claim is to be adjudicated any defenses which it deems available to the ceding insurer, or its liquidator. Such expense may be filed as a claim against the insolvent ceding insurer to the extent of a proportionate share of the benefit which may accrue to the ceding insurer solely as a result of the defense undertaken by the assuming insurer. Where two or more assuming insurers are involved in the same claim and a majority in interest elect to interpose a defense to such claim, the expense shall be apportioned in accordance with the terms of the reinsurance agreement as though such expense had been incurred by the ceding insurer.

6. To the extent that any reinsurer of an insurance company in liquidation would have been required under any agreement pertaining to reinsurance to post letters of credit or other security prior to an order of liquidation to cover such reserves reflected upon the last financial statement filed with a regulatory authority immediately prior to receivership, such reinsurer shall be required to post letters of credit or other security to cover reserves after a company has been placed in liquidation or receivership. If a reinsurer shall fail to post letters of credit or other security as required by a reinsurance agreement or the provisions of this subsection, the director may consider disallowing as a credit or asset, in whole or in part, any future reinsurance ceded to such reinsurer by a ceding insurance company that is incorporated under the laws of the state of Missouri.

7. The provisions of section 375.420 shall not apply to any action, suit or proceeding by a ceding insurer against an assuming insurer arising out of a contract of reinsurance effectuated in accordance with the laws of Missouri.

8. The provisions of this section shall become effective on January 1, 2003, and shall be applicable to the financial statements of a reinsurer as of December 31, 2002.

375.1198. MUTUAL CREDITS OR DEBTS, SETOFFS ALLOWED — EXCEPTIONS. — 1. Mutual debts or mutual credits, whether arising out of one or more contracts, between the insurer and another person in connection with any action or proceeding under sections 375.1150 to 375.1246, sections 374.216 and 374.217, RSMo, and section 382.302, RSMo, shall be set off and the balance only shall be allowed or paid, except as provided in subsections 2, 3, 4, 5 and 6 of this section and section 375.1204.

2. No setoff shall be allowed in favor of any person where:

(1) The obligation of the insurer to the person would not as of the date of the filing of a petition for liquidation entitle the person to share as a claimant in the assets of the insurer; or

(2) The obligation of the insurer to the person was purchased by or transferred to the person with a view to its being used as a setoff; or

(3) The obligation of the person is to pay an assessment levied against the members or subscribers of the insurer, or is to pay a balance upon a subscription to the capital stock of the insurer, or is in any other way in the nature of a capital contribution; or

(4) The obligation of the insurer is owed to an affiliate of such person or to any entity or association, rather than the person; or

(5) The obligation of the person is owed to an affiliate of the insurer or to any other entity or association, rather than the insurer; or

(6) The obligations between the person and the insurer arise from reinsurance relationships resulting in business [which is both ceded to and assumed from the insurer] **where either the person or the insurer has assumed risks and obligations from the other party and then has ceded back to that party substantially the same risks and obligations.**

3. [As soon as practicable, the receiver shall provide persons who assumed business from the insurer as reinsurers with statements of account identifying debts which are currently due and payable to the insurer. Such persons may set off against such debts only mutual credits which are currently due and payable by the insurer to such persons for the period covered by the accounting statements.

4. A person who ceded business to the insurer may set off debts due the insurer against only those mutual credits which the person has paid or which have been allowed in a delinquency proceeding.

5. Notwithstanding the foregoing, a setoff of sums due on obligations in the nature of those prescribed in subdivision (6) of subsection 2 of this section shall be allowed for those debts accruing from business written under reinsurance contracts which were entered into, renewed or extended with the express written approval of the director where Missouri is the state of domicile of the insolvent insurer and when in the judgment of the director such action is deemed necessary or advisable in order to prevent or mitigate a threatened impairment or insolvency of a domiciliary insurer, in connection with supervision or conservation proceedings pursuant to this act or otherwise in connection with the exercise of the director's regulatory responsibilities concerning a threatened impairment or insolvency without the institution of any delinquency proceedings.

6.] The provisions of this section shall apply to all obligations incurred under contracts entered into, renewed, or extended on or after July 1, 1992, and to any existing contract with a termination date longer than one year from January 1, 1993[, and shall supersede any contractual provisions which might be construed to enlarge the setoff rights of any person under any contract with the insurer; provided that the provisions of subdivision (6) of subsection 2 and subsections 3, 4 and 5 of this section shall not apply to insurers or reinsurers until such time that the director determines that substantially similar provisions are effective in a sufficient number of states so as not to place domestic insurers or reinsurers at a competitive disadvantage. The director shall promulgate a rule announcing any determination as is necessitated by this subsection].

375.1220. CLAIM DISPUTES — DUTY OF LIQUIDATOR — ESTIMATES ALLOWED, WHEN — COMMUTATION AND RELEASE. — 1. The liquidator shall review all claims duly filed in the liquidation and shall make such further investigation as the liquidator shall deem necessary. The liquidator may compound, compromise or in any other manner negotiate the amount for which claims will be allowed, under the supervision of the court, except where the liquidator is required by law to accept claims as settled by any person or organization. Unresolved disputes shall be determined pursuant to section 375.1214. No claim under a policy of insurance shall be allowed for any amount in excess of the applicable policy limits or without regard to policy deductibles.

2. If the fixing or liquidation of any claim or claims would unduly delay the administration of the liquidation or if the administrative expense of processing and adjudication of a claim or group of claims of a similar type would be unduly excessive when compared with the moneys which are estimated to be available for distribution with respect to such claim or group of claims, the determination and allowance of such claim or claims may be made by an estimate. Any such estimate shall be based upon an actuarial evaluation made with reasonable actuarial certainty or upon another accepted method of valuing claims with reasonable certainty.

3. The estimation of contingent liabilities permitted by subsection 2 of this section or any other section of this chapter may be used for the purpose of fixing a creditor's claim in the estate, and for determining the percentage of partial or final dividend payments to be paid to creditors with reported allowed claims. However, nothing in subsection 2 of this section or any other section in this chapter shall be construed as authorizing the receiver, or any other entity, to compel payment from a reinsurer on the basis of estimated incurred but not reported losses and, except with respect to claims made pursuant to section 375.1212, outstanding reserves. Nothing in this subsection shall be construed to impair any obligation arising pursuant to any insurance agreement. **Expert testimony concerning estimates of incurred but not reported losses may be received in evidence in any tribunal whether offered by the receiver or by the reinsurer, if such testimony is otherwise admissible pursuant to section 490.065, RSMo.**

4. Notwithstanding the provisions of this section or any other section of this chapter to the contrary, the liquidator may negotiate a voluntary commutation and release of all obligations arising from reinsurance contracts or other agreements.

5. The provisions of subsection 3 of this section shall not apply to and have no force and effect regarding any formal delinquency proceeding in which, prior to August 28, 1999, the court in which such proceeding was or is pending issued any order or decree construing or applying the provisions of this section.

[6. Subsections 3 and 5 of this section shall terminate on December 31, 2005.]

including but not limited to a person classified by the employer as independent contractors and persons employed by other entities which contract to provide staff and services to the employer. BOARD OF TRUSTEES, QUALIFICATIONS, TERMS — SUPERINTENDENT OF SCHOOL DISTRICT TO BE MEMBER — VACANCIES — LAPSE OF CORPORATE ORGANIZATION, EFFECT OF — OATHS — OFFICERS — EXPENSES — POWERS AND DUTIES — MEDICAL BOARD, APPOINTMENT — CONTRIBUTION RATES OF EMPLOYERS, AMOUNT. — 1. The general administration and the responsibility for the proper operation of the retirement system are hereby vested in a board of trustees of twelve persons who shall be resident taxpayers of the school district, as follows:

(1) Four trustees to be appointed for terms of four years by the board of education; provided, however, that the terms of office of the first four trustees so appointed shall begin immediately upon their appointment and shall expire one, two, three and four years from the date the retirement system becomes operative, respectively;

(2) Four trustees to be elected for terms of four years by and from the members of the retirement system; provided, however, that the terms of office of the first four trustees so elected shall begin immediately upon their election and shall expire one, two, three and four years from the date the retirement system becomes operative, respectively;

(3) The ninth trustee shall be the superintendent of schools of the school district;

(4) The tenth trustee shall be one retirant of the retirement system elected for a term of four years beginning the first day of January immediately following August 13, 1986, by the retirants of the retirement system;

(5) The eleventh trustee shall be appointed for a term of four years beginning the first day of January immediately following August 13, 1990, by the board of trustees described in subdivision (3) of section 182.701, RSMo;

(6) The twelfth trustee shall be a retirant of the retirement system elected for a term of four years beginning the first day of January immediately following August 28, 1992, by the retirants of the retirement system.

2. If a vacancy occurs in the office of a trustee, the vacancy shall be filled for the unexpired term in the same manner as the office was previously filled, except that the board of trustees may appoint a qualified person to fill the vacancy in the office of an elected member until the next regular election at which time a member shall be elected for the unexpired term. No vacancy or vacancies on the board of trustees shall impair the power of the remaining trustees to administer the retirement system pending the filling of such vacancy or vacancies.

3. In the event of a lapse of the school district's corporate organization as described in subsections 1 and 4 of section 162.081, RSMo, the general administration and responsibility for the proper operation of the retirement system shall continue to be vested in a twelve-person board of trustees, all of whom shall be resident taxpayers of a city, other than a city not within a county, of four hundred thousand or more. In such event, if vacancies occur in the offices of the four trustees appointed, prior to the lapse, by the board of education, or in the offices of the four trustees elected, prior to the lapse, by the members of the retirement system, or in the office of trustee held, prior to the lapse, by the superintendent of schools in the school district, as provided in subdivisions (1), (2) and (3) of subsection 1 of this section, the board of trustees shall appoint a qualified person to fill each vacancy and subsequent vacancies in the office of trustee for terms of up to four years, as determined by the board of trustees.

4. Each trustee shall, before assuming the duties of a trustee, take the oath of office before the court of the judicial circuit or one of the courts of the judicial circuit in which the school district is located that so far as it devolves upon the trustee, such trustee shall diligently and honestly administer the affairs of the board of trustees and that the trustee will not knowingly violate or willingly permit to be violated any of the provisions of the law applicable to the retirement system. Such oath shall be subscribed to by the trustee making it and filed in the office of the clerk of the circuit court.

5. Each trustee shall be entitled to one vote in the board of trustees. Seven trustees shall constitute a quorum at any meeting of the board of trustees. At any meeting of the board of trustees where a quorum is present, the vote of at least seven of the trustees in support of a motion, resolution or other matter is necessary to be the decision of the board; provided, however, that in the event of a lapse in the school district's corporate organization as described in subsections 1 and 4 of section 162.081, RSMo, a majority of the trustees then in office shall constitute a quorum at any meeting of the board of trustees, and the vote of a majority of the trustees then in office in support of a motion, resolution or other matter shall be necessary to be the decision of the board.

6. The board of trustees shall have exclusive original jurisdiction in all matters relating to or affecting the funds herein provided for, including, in addition to all other matters, all claims for benefits or refunds, and its action, decision or determination in any matter shall be reviewable in accordance with chapter 536, RSMo, or chapter 621, RSMo. Subject to the limitations of sections 169.270 to 169.400, the board of trustees shall, from time to time, establish rules and

regulations for the administration of funds of the retirement system, for the transaction of its business, and for the limitation of the time within which claims may be filed.

7. The trustees shall serve without compensation. The board of trustees shall elect from its membership a chairman and a vice chairman. The board of trustees shall appoint an executive director who shall serve as the administrative officer of the retirement system and as secretary to the board of trustees. It shall employ one or more persons, firms or corporations experienced in the investment of moneys to serve as investment counsel to the board of trustees. The compensation of all persons engaged by the board of trustees and all other expenses of the board necessary for the operation of the retirement system shall be paid at such rates and in such amounts as the board of trustees shall approve, and shall be paid from the investment income.

8. The board of trustees shall keep in convenient form such data as shall be necessary for actuarial valuations of the various funds of the retirement system and for checking the experience of the system.

9. The board of trustees shall keep a record of all its proceedings which shall be open to public inspection. It shall prepare annually and furnish to the board of education and to each member of the retirement system who so requests a report showing the fiscal transactions of the retirement system for the preceding fiscal year, the amount of accumulated cash and securities of the system, and the last balance sheet showing the financial condition of the system by means of an actuarial valuation of the assets and liabilities of the retirement system.

10. The board of trustees shall have, in its own name, power to sue and to be sued, to enter into contracts, to own property, real and personal, and to convey the same; but the members of such board of trustees shall not be personally liable for obligations or liabilities of the board of trustees or of the retirement system.

11. The board of trustees shall arrange for necessary legal advice for the operation of the retirement system.

12. The board of trustees shall designate a medical board to be composed of three **or more** physicians who shall not be eligible for membership in the system and who shall pass upon all medical examinations required under the provisions of sections 169.270 to 169.400, shall investigate all essential statements and certificates made by or on behalf of a member in connection with an application for disability retirement and shall report in writing to the board of trustees its conclusions and recommendations upon all matters referred to it.

13. The board of trustees shall designate an actuary who shall be the technical advisor of the board of trustees on matters regarding the operation of the retirement system and shall perform such other duties as are required in connection therewith. Such person shall be qualified as an actuary by membership as a Fellow of the Society of Actuaries or by similar objective standards.

14. At least once in each five-year period the actuary shall make an investigation into the actuarial experience of the members, retirants and beneficiaries of the retirement system and, taking into account the results of such investigation, the board of trustees shall adopt for the retirement system such actuarial assumptions as the board of trustees deems necessary for the financial soundness of the retirement system.

15. On the basis of such actuarial assumptions as the board of trustees adopts, the actuary shall make annual valuations of the assets and liabilities of the funds of the retirement system.

16. The rate of contribution payable by the employer shall equal one and ninety-nine one-hundredths percent, effective July 1, 1993; three and ninety-nine one-hundredths percent, effective July 1, 1995; five and ninety-nine one-hundredths percent, effective July 1, 1996; seven and one-half percent effective January 1, 1999, and for all subsequent years.

17. In the event of a lapse of a school district's corporate organization as described in subsections 1 and 4 of section 162.081, RSMo, no retirement system, nor any of the assets of any retirement system, shall be transferred to or merged with another retirement system without prior approval of such transfer or merge by the board of trustees of the retirement system.

169.295. BOARD OF TRUSTEES, POWERS AND DUTIES. — 1. The board of trustees shall be the trustees of all the funds of the system and shall have full power to invest and reinvest such funds. The trustees shall have full power to hold, purchase, sell, assign, transfer or dispose of any of the securities and investments in which the funds shall have been invested, and the proceeds thereof.

2. The board of trustees shall allow interest annually on the balance in each member's account at the beginning of the year at the rate approved by the board. The board shall adjust the balance of the general reserve fund for investment realized and unrealized gains, losses, income and expenses, not so allowed as interest on members' accounts.

3. The board of trustees shall elect a treasurer who shall serve at the board's pleasure. The treasurer shall be the custodian of the funds provided for in section 169.350 and shall give such bond for the faithful handling of the funds as the board of trustees shall determine. The board of trustees may employ [a bank] **one or more banks** having fiduciary powers for the provisions of such custodial or clerical service as the board may deem appropriate to assist the treasurer. Disbursement of funds of the retirement system shall be under the supervision of the treasurer and shall be in accordance with procedures established or approved by the board of trustees with the concurrence of the system's auditors.

4. For the purpose of meeting disbursements for retirement allowances and other payments, there may be kept available cash, not exceeding ten percent of the total amount in the funds of the retirement system, on deposit in one or more banks or trust companies in the school district, organized under the laws of the state of Missouri, or of the United States; provided, that the amount on deposit in any one bank or trust company shall not exceed twenty-five percent of the paid-up capital and surplus of such bank or trust company, and for all deposits in excess of ten thousand dollars the board of trustees shall require of the banks or trust companies as security for the safekeeping and payment of the deposits securities of a like kind and character as may be required by law for the safekeeping and payment of deposits made by the state treasurer.

5. Except as herein provided, no trustee and no employee of the board of trustees shall have any direct interest in the gains or profits of any investment made by the board of trustees. No trustee or employee of the board of trustees shall directly or indirectly for such person or as an agent in any manner use the assets of the retirement system except to make such current and necessary payments as are authorized by the board of trustees, nor shall any trustee or employee of the board of trustees become in any manner an obligor for moneys loaned by or borrowed from the board of trustees.

6. In the event that any employer offers to its employees an early retirement option, or any other form of group exit incentive program, the board of trustees is hereby authorized to permit such employer or any active member who participates in such group exit incentive program to purchase additional creditable service, in increments of not less than one month, and shall fix and determine by proper rules and regulations, which may be amended from time to time, the amount of service that may be purchased and the cost thereof. Under no circumstance, however, shall:

- (1) The amount of such purchased creditable service exceed twenty-four months;
- (2) The cost of purchasing such creditable service be less than the amount necessary to pay the full actuarial cost to the retirement system of the additional purchased service;
- (3) The purchasing employer or active member be permitted to elect to purchase such creditable service after the expiration of a reasonable time period, which time period shall be specified in the above-referenced rules and regulations;
- (4) Such purchased creditable service count toward the vesting requirements of section 169.301; or
- (5) This subsection be applied in any manner that would not be in compliance with applicable provisions of the Internal Revenue Code.

169.311. ONE YEAR CREDITABLE SERVICE, HOW COMPUTED. — [1.] The board of trustees shall fix and determine by proper rules and regulations how much service in any year

is equivalent to one year of creditable service, but in no case shall more than one year of service be creditable for all service in one calendar year, nor shall the board of trustees allow credit as service for any period of more than one pay period's duration, as shown on the salary and wage schedules of the employer, during all of which the member was absent without pay unless such member pays the employee contributions, including contributions by the employer in lieu of employee contributions, for such period as permitted by the board of trustees in accordance with the provisions of section 169.315.

[2. Under the rules and regulations that the board of trustees adopts, each member who was an employee on and prior to the date the retirement system becomes operative and who becomes a member within one year of such date shall file a detailed statement of all service as an employee for which such person claims credit rendered by such person prior to that date.

3. Subject to the above restrictions and to the other rules and regulations that the board of trustees adopts, the board of trustees shall verify the service claims as soon as practicable, after the filing of the statements of service.

4. Upon verification of the statements of service, the board of trustees shall issue prior service certificates, certifying to each member the length of prior service with which the member is credited on the basis of the member's statement of service. So long as the holder of a certificate continues to be a member, a prior service certificate shall be final and conclusive for retirement purposes as to such service; provided, however, that any member may, within one year from the date of issuance or modification of the certificate, request the board of trustees to modify or correct the person's prior service certificate. When any employee ceases to be a member, the person's prior service certificate becomes void, and if the person again becomes a member the person shall enter the retirement system as a member not entitled to prior service credit, except as provided in section 169.313.]

169.322. RETIREMENT FOR DISABILITY — PERIODIC EXAMINATION — SUBSEQUENT REEMPLOYMENT AND RETIREMENT. — 1. Upon the written application of an active member or of the person's employer's board, any active member who has five or more years of creditable service shall be retired by the board of trustees on a disability retirement allowance, if the medical board after a medical examination of such member, **or based on such other medical information as the medical board may require**, shall certify that such member is mentally or physically unable to perform such member's employment duties and that such incapacity is likely to be permanent. Application for a disability retirement allowance may be made after the member ceases to be an active member; provided that, the disability commenced while the member was an active member, and further provided that application is made no later than six months after the disabled member ceases to be an employee of his or her employer. The first monthly payment of such disability retirement allowance shall not be made to such member so long as the member receives compensation from the member's employer.

2. Upon retirement for disability, a member shall receive a disability retirement allowance which shall be determined in the same manner as the service retirement allowance as set forth in section 169.324, but not less than the minimum disability retirement allowance provided in this section. The minimum disability retirement allowance shall be the lesser of:

(1) Twenty-five percent of the person's average final compensation; or

(2) The member's service retirement allowance calculated based on the member's final average compensation and the maximum number of years of creditable service the member would have earned had the member remained an employee until attaining the age of sixty.

3. Once each year during the first five years following a member's retirement on a disability retirement allowance and once in every three-year period thereafter, the board of trustees may require any disability retiree who has not yet attained minimum normal retirement age to undergo a medical examination at a place designated by the medical board, such examination to be made by the medical board or by a physician or physicians designated by such board. Should any such disability retiree refuse to submit to such medical examination, the person's

disability allowance may be discontinued until the person's withdrawal of such refusal, and should the person's refusal continue for one year all rights in and to the person's disability allowance shall be revoked by the board of trustees.

4. Should the board of trustees determine that any disability retirant who has not yet attained minimum normal retirement age is engaged in or is able to engage in a gainful occupation paying more than the difference between the person's monthly disability retirement allowance plus any Social Security benefits to which the person is eligible and the current rate of monthly compensation for the position the person held at retirement, then the amount of the person's disability retirement allowance shall be reduced to an amount which together with Social Security benefits and the amount earnable by the person shall equal such current rate of monthly compensation. Should the person's earning capacity be later changed, the amount of the person's disability retirement allowance may be further modified. The board of trustees may engage those persons, firms or corporations which it deems necessary to assist the board of trustees in making any determination under this subsection.

5. Should any member retired for disability be restored to active service as a regular employee, the member's disability retirement allowance shall cease and the member shall again become a member of the retirement system, and contribute thereunder. Anything in sections 169.270 to 169.400 to the contrary notwithstanding, a disability retirant who has not attained the minimum normal retirement age at the date of again becoming a member shall have the person's creditable service at the time of the person's disability retirement restored, and the excess of the person's accumulated contributions at time of retirement over the total payments which the person received during retirement shall be credited to the person's account. Upon subsequent retirement, the person shall be entitled to a service retirement allowance to the extent the person meets the requisite qualifications, and the person's prior disability retirement allowance shall not be resumed. If a disability retirant has attained the minimum normal retirement age at the date of again becoming a member, the disability retirement allowance the person was receiving immediately prior to restoration of membership shall be resumed on subsequent retirement, together with such retirement allowances as shall accrue by reason of the person's latest period of membership. For the sole purpose of determining the person's eligibility for such additional retirement allowance, but not for determining the amount, all of the person's years of creditable service, whether before or after the person's period of disability, for which the person has made contributions which have not been withdrawn, shall be considered.

169.324. RETIREMENT ALLOWANCES, MINIMUM AMOUNTS — RETIRANTS MAY SUBSTITUTE WITHOUT AFFECTING ALLOWANCE, LIMITATION — ANNUAL DETERMINATION OF ABILITY TO PROVIDE BENEFITS, STANDARDS — ACTION PLAN FOR USE OF MINORITY AND WOMEN MONEY MANAGERS, BROKERS AND INVESTMENT COUNSELORS. — 1. The annual service retirement allowance payable pursuant to section 169.320 in equal monthly installments for life shall be the retirant's number of years of creditable service multiplied by one and three-fourths percent of the person's average final compensation, subject to a maximum of sixty percent of the person's average final compensation. For any member who retires as an active member on or after June 30, 1999, the annual service retirement allowance payable pursuant to section 169.320 in equal monthly installments for life shall be the retirant's number of years of creditable service multiplied by two percent of the person's average final compensation, subject to a maximum of sixty percent of the person's average final compensation. Any member whose number of years of creditable service is greater than thirty-four and one-quarter on August 28, 1993, shall receive an annual service retirement allowance payable pursuant to section 169.320 in equal monthly installments for life equal to the retirant's number of years of creditable service as of August 28, 1993, multiplied by one and three-fourths percent of the person's average final compensation but shall not receive a greater annual service retirement allowance based on additional years of creditable service after August 28, 1993. Provided, however, that, effective January 1, 1996, any retiree who retired on, before or after January 1, 1996, with at least twenty

years of creditable service shall receive at least three hundred dollars each month as a retirement allowance, or the actuarial equivalent thereof if the retiree elected any of the options available under section 169.326. Provided, further, any retiree who retired with at least ten years of creditable service shall receive at least one hundred fifty dollars each month as a retirement allowance, plus fifteen dollars for each additional full year of creditable service greater than ten years but less than twenty years (or the actuarial equivalent thereof if the retiree elected any of the options available under section 169.326). Any beneficiary of a deceased retiree who retired with at least ten years of creditable service and elected one of the options available under section 169.326 shall also be entitled to the actuarial equivalent of the minimum benefit provided by this subsection, determined from the option chosen.

2. Except as otherwise provided in sections **169.331**, 169.580 and 169.585, payment of a retirant's retirement allowance will be suspended for any month for which such person receives remuneration from the person's employer or from any other employer in the retirement system established by section 169.280 for the performance of services except **any** such person **other than a person receiving a disability retirement allowance under section 169.322** may serve as a nonregular substitute, part-time or temporary employee for not more than six hundred hours in any school year without becoming a member and without having the person's retirement allowance discontinued. If a retirant is reemployed by any employer in any capacity, whether pursuant to this section, [section] **or section 169.331**, 169.580, or [section] 169.585, or as a regular employee, the amount of such person's retirement allowance attributable to service prior to the person's first retirement date shall not be changed by the reemployment. If the person again becomes an active member and earns additional creditable service, upon the person's second retirement the person's retirement allowance shall be the sum of:

(1) The retirement allowance the person was receiving at the time the person's retirement allowance was suspended, pursuant to the payment option elected as of the first retirement date, plus the amount of any increase in such retirement allowance the person would have received pursuant to subsection 3 of this section had payments not been suspended during the person's reemployment; and

(2) An additional retirement allowance computed using the benefit formula in effect on the person's second retirement date, the person's creditable service following reemployment, and the person's average annual compensation as of the second retirement date. The sum calculated pursuant to this subsection shall not exceed the greater of sixty percent of the person's average final compensation as of the second retirement date or the amount determined pursuant to subdivision (1) of this subsection. Compensation earned prior to the person's first retirement date shall be considered in determining the person's average final compensation as of the second retirement date if such compensation would otherwise be included in determining the person's average final compensation.

3. The board of trustees shall determine annually whether the investment return on funds of the system can provide for an increase in benefits for retirants eligible for such increase. A retirant shall and will be eligible for an increase awarded pursuant to this section as of the second January following the date the retirant commenced receiving retirement benefits. Any such increase shall also apply to any monthly joint and survivor retirement allowance payable to such retirant's beneficiaries, regardless of age. The board shall make such determination as follows:

(1) After determination by the actuary of the investment return for the preceding year as of December thirty-first (the "valuation year"), the actuary shall recommend to the board of trustees what portion of the investment return is available to provide such benefits increase, if any, and shall recommend the amount of such benefits increase, if any, to be implemented as of the first day of the thirteenth month following the end of the valuation year, and the first payable on or about the first day of the fourteenth month following the end of the valuation year. The actuary shall make such recommendations so as not to affect the financial soundness of the retirement system, recognizing the following safeguards:

(a) The retirement system's funded ratio as of January first of the year preceding the year of a proposed increase shall be at least one hundred percent after adjusting for the effect of the proposed increase. The funded ratio is the ratio of assets to the pension benefit obligation;

(b) The actuarially required contribution rate, after adjusting for the effect of the proposed increase, may not exceed the statutory contribution rate;

(c) The actuary shall certify to the board of trustees that the proposed increase will not impair the actuarial soundness of the retirement system;

(d) A benefit increase, under this section, once awarded, cannot be reduced in succeeding years;

(2) The board of trustees shall review the actuary's recommendation and report and shall, in their discretion, determine if any increase is prudent and, if so, shall determine the amount of increase to be awarded.

4. This section does not guarantee an annual increase to any retiree.

5. If an inactive member becomes an active member after June 30, 2001, and after a break in service, unless the person earns at least four additional years of creditable service without another break in service, upon retirement the person's retirement allowance shall be calculated separately for each separate period of service ending in a break in service. The retirement allowance shall be the sum of the separate retirement allowances computed for each such period of service using the benefit formula in effect, the person's average final compensation as of the last day of such period of service and the creditable service the person earned during such period of service; provided, however, if the person earns at least four additional years of creditable service without another break in service, all of the person's creditable service prior to and including such service shall be aggregated and, upon retirement, the retirement allowance shall be computed using the benefit formula in effect and the person's average final compensation as of the last day of such period of four or more years and all of the creditable service the person earned prior to and during such period.

6. Notwithstanding anything contained in this section to the contrary, the amount of the annual service retirement allowance payable to any retiree pursuant to the provisions of sections 169.270 to 169.400, including any adjustments made pursuant to subsection 3 of this section, shall at all times comply with the provisions and limitations of Section 415 of the Internal Revenue Code of 1986, as amended, and the regulations thereunder, the terms of which are specifically incorporated herein by reference.

7. All retirement systems established by the laws of the state of Missouri shall develop a procurement action plan for utilization of minority and women money managers, brokers and investment counselors. Such retirement systems shall report their progress annually to the joint committee on public employee retirement and the governor's minority advocacy commission.

169.328. ACCUMULATED CONTRIBUTIONS RETURNED TO MEMBER, WHEN. — 1. Should a member cease to be a regular employee, except by retirement, the member, if living, shall be paid on demand, made by written notice to the board of trustees, the amount of the person's accumulated contributions (with interest as determined by the board of trustees as provided in sections 169.270 to 169.400) standing to the credit of the person's individual account in the employees' contribution fund. The accumulated contributions with interest shall not be paid to a member so long as the person remains a regular employee **or before the member incurs a break in service.** If the member dies before retirement such accumulated contributions (with interest) shall be paid to the member's estate or designated beneficiary unless the provisions of subsection 3 of section 169.326 apply.

2. If a former unvested member's accumulated contributions have not been withdrawn four years after the person has ceased to be a member (other than by reason of death or retirement), the board of trustees shall pay the same to such former member within a reasonable time after the expiration of such four-year period.

3. If, on account of undeliverability, improper mailing or forwarding address, or other similar problem, the board of trustees is unable to refund the accumulated contributions of a former unvested member or to commence payment of retirement benefits within four years after the end of the calendar year in which such former member ceased to be a regular employee, the board may transfer the accumulated contributions to the general reserve fund. If, thereafter, written application is made to the board of trustees for such refund or benefits, the board shall cause the same to be paid from the general reserve fund, but no interest shall be accrued after the end of the fourth year following the end of the calendar year in which such former member ceased to be a regular employee.

4. In its discretion the board of trustees may approve extensions of any time periods in this section on account of a former member's military or naval service, academic study or illness.

[169.313. PRIOR SERVICE GRANTED TO REEMPLOYED MEMBERS. — The board of trustees may grant prior service credit to an active member who was employed by the school district prior to January 1, 1944, if the member has ceased to be an employee and returns as an employee of the school district after January 1, 1944, and has received credit for at least one year of membership service for each year of prior service claimed. Three-fourths credit may be granted for a year of prior service for completion of each year of required membership service, provided the member has a minimum of five continuous years of membership service after the member's reemployment. The maximum number of years for prior service shall be limited to sixteen years and the maximum amount of prior service credit shall be limited to twelve years; provided, further, that all membership credit must be reinstated before prior service credit, if any, is allowed.]

Hospitals, ambulatory surgical centers, and other facilities shall provide such data in compliance with this section.

3. No later than July 1, 2005, the department shall promulgate rules specifying the standards and procedures for the collection, analysis, risk adjustment, and reporting of nosocomial infection incidence rates and the types of infections and procedures to be monitored pursuant to subsection 12 of this section. In promulgating such rules, the department shall:

(1) Use methodologies and systems for data collection established by the federal Centers for Disease Control and Prevention National Nosocomial Infection Surveillance System, or its successor; and

(2) Consider the findings and recommendations of the infection control advisory panel established pursuant to section 197.165, RSMo.

4. The infection control advisory panel created by section 197.165, RSMo, shall make a recommendation to the department regarding the appropriateness of implementing all or part of the nosocomial infection data collection, analysis, and public reporting requirements of this act by authorizing hospitals, ambulatory surgical centers, and other facilities to participate in the federal Centers for Disease Control and Prevention's National Nosocomial Infection Surveillance System, or its successor. The advisory panel shall consider the following factors in developing its recommendation:

(1) Whether the public is afforded the same or greater access to facility-specific infection control indicators and rates than would be provided under subsections 2, 3, and 6 to 12 of this section;

(2) Whether the data provided to the public are subject to the same or greater accuracy of risk adjustment than would be provided under subsections 2, 3, and 6 to 12 of this section;

(3) Whether the public is provided with the same or greater specificity of reporting of infections by type of facility infections and procedures than would be provided under subsections 2, 3, and 6 to 12 of this section;

(4) Whether the data are subject to the same or greater level of confidentiality of the identity of an individual patient than would be provided under subsection 2, 3, and 6 to 12 of this section;

(5) Whether the National Nosocomial Infection Surveillance System, or its successor, has the capacity to receive, analyze, and report the required data for all facilities;

(6) Whether the cost to implement the nosocomial infection data collection and reporting system is the same or less than under subsections 2, 3, and 6 to 12 of this section.

5. Based on the affirmative recommendation of the infection control advisory panel, and provided that the requirements of subsection 12 of this section can be met, the department may or may not implement the federal Centers for Disease Control and Prevention Nosocomial Infection System, or its successor, as an alternative means of complying with the requirements of subsections 2, 3, and 6 to 12 of this section. If the department chooses to implement the use of the federal Centers for Disease Control

Prevention Nosocomial Infection System, or its successor, as an alternative means of complying with the requirements of subsections 2, 3, and 6 to 12 of this section, it shall be a condition of licensure for hospitals and ambulatory surgical centers which opt to participate in the federal program to permit the federal program to disclose facility-specific data to the department as necessary to provide the public reports required by the department. Any hospital or ambulatory surgical center which does not voluntarily participate in the National Nosocomial Infection Surveillance System, or its successor, shall be required to abide by all of the requirements of subsections 2, 3, and 6 to 12 of this section.

6. The department shall not require the resubmission of data which has been submitted to the department of health and senior services or the department of social services under any other provision of law. The department of health and senior services shall accept data submitted by associations or related organizations on behalf of health care providers by entering into binding agreements negotiated with such associations or related organizations to obtain data required pursuant to section 192.665 and this section. A health care provider shall submit the required information to the department of health and senior services:

(1) If the provider does not submit the required data through such associations or related organizations;

(2) If no binding agreement has been reached within ninety days of August 28, 1992, between the department of health and senior services and such associations or related organizations; or

(3) If a binding agreement has expired for more than ninety days.

[3.] **7.** Information obtained by the department under the provisions of section 192.665 and this section shall not be public information. Reports and studies prepared by the department based upon such information shall be public information and may identify individual health care providers. The department of health and senior services may authorize the use of the data by other research organizations pursuant to the provisions of section 192.067. The department shall not use or release any information provided under section 192.665 and this section which would enable any person to determine any health care provider's negotiated discounts with specific preferred provider organizations or other managed care organizations. The department shall not release data in a form which could be used to identify a patient. Any violation of this subsection is a class A misdemeanor.

[4.] **8.** The department shall undertake a reasonable number of studies and publish information, including at least an annual consumer guide, in collaboration with health care providers, business coalitions and consumers based upon the information obtained pursuant to the provisions of section 192.665 and this section. The department shall allow all health care providers and associations and related organizations who have submitted data which will be used in any report to review and comment on the report prior to its publication or release for general use. The department shall include any comments of a health care provider, at the option of the provider, and associations and related organizations in the publication if the department does not change the publication based upon those comments. The report shall be made available to the public for a reasonable charge.

[5.] **9.** Any health care provider which continually and substantially, as these terms are defined by rule, fails to comply with the provisions of this section shall not be allowed to participate in any program administered by the state or to receive any moneys from the state.

[7. No rule or portion of a rule promulgated under the authority of section 192.665 and this section shall become effective unless it has been promulgated pursuant to the provisions of section 536.024, RSMo.]

11. The department of health may promulgate rules providing for collection of data and publication of nosocomial infection incidence rates for other types of health facilities determined to be sources of infections; except that, physicians' offices shall be exempt from reporting and disclosure of infection incidence rates.

12. In consultation with the infection control advisory panel established pursuant to section 197.165, RSMo, the department shall develop and disseminate to the public reports based on data compiled for a period of twelve months. Such reports shall be updated quarterly and shall show for each hospital, ambulatory surgical center, and other facility a risk-adjusted nosocomial infection incidence rate for the following types of infection:

- (1) Class I surgical site infections;**
- (2) Ventilator-associated pneumonia;**
- (3) Central line-related bloodstream infections;**
- (4) Other categories of infections that may be established by rule by the department.**

The department, in consultation with the advisory panel, shall be authorized to collect and report data on subsets of each type of infection described in this subsection.

13. In the event the provisions of this act are implemented by requiring hospitals, ambulatory surgical centers, and other facilities to participate in the federal Centers for Disease Control and Prevention National Nosocomial Infection Surveillance System, or its successor, the types of infections to be publicly reported shall be determined by the department by rule and shall be consistent with the infections tracked by the National Nosocomial Infection Surveillance System, or its successor.

14. Reports published pursuant to subsection 12 of this section shall be published on the department's Internet website. The initial report shall be issued by the department not later than December 31, 2006. The reports shall be distributed at least annually to the governor and members of the general assembly.

15. The Hospital Industry Data Institute shall publish a report of Missouri hospitals' and ambulatory surgical centers' compliance with standardized quality of care measures established by the federal Centers for Medicare and Medicaid Services for prevention of infections related to surgical procedures. If the Hospital Industry Data Institute fails to do so by July 31, 2008, and annually thereafter, the department shall be authorized to collect information from the Centers for Medicare and Medicaid Services or from hospitals and ambulatory surgical centers and publish such information in accordance with subsection 14 of this section.

16. The data collected or published pursuant to this section shall be available to the department for purposes of licensing hospitals and ambulatory surgical centers pursuant to chapter 197, RSMo.

17. The department shall promulgate rules to implement the provisions of section 192.131 and sections 197.150 to 197.160, RSMo. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2004, shall be invalid and void.

197.150. PROCEDURES FOR COMPLIANCE, REQUIREMENTS. — The department shall require that each hospital, ambulatory surgical center, and other facility have in place

procedures for monitoring and enforcing compliance with infection control regulations and standards. Such procedures shall be coordinated with administrative staff, personnel staff, and the quality improvement program. Such procedures shall include, at a minimum, requirements for the facility's infection control program to conduct surveillance of personnel with a portion of the surveillance to be done in such manner that employees and medical staff are observed without their knowledge of such observation, provided that this unobserved surveillance requirement shall not be considered to be grounds for licensure enforcement action by the department until the department establishes clear and verifiable criteria for determining compliance. Such surveillance also may include monitoring of the rate of use of hand hygiene products.

197.152. PROTECTION FOR REPORTING INFECTION CONTROL CONCERNS, REPORT REQUIRED — AUTHORITY OF INFECTION CONTROL OFFICERS, REVIEW OF ORDERS — GOOD FAITH REPORTING OF INFECTION CONTROL CONCERNS PROTECTED. — 1. Infection control officers as defined in federal regulation and other hospital and ambulatory surgical center employees shall be protected against retaliation by the hospital or ambulatory surgical center for reporting infection control concerns pursuant to section 197.285 and shall be entitled to the full benefits of that section. Such infection control officers shall report any interference in the performance of their duties by their supervisors to the hospital or ambulatory surgical center compliance officer established by and empowered to act pursuant to section 197.285.

2. Infection control officers as defined in federal regulation shall also have the authority to order the cessation of a practice that falls outside accepted practices as defined by appropriate state and federal regulatory agencies, accreditation organizations, or the standards adopted by the Centers for Disease Control and Prevention or the Association of Professionals in Infection Control and Epidemiology. The hospital or ambulatory surgical center may require that such a cessation order of an infection control officer be endorsed by the hospital or ambulatory surgical center chief executive officer or his or her designee before taking effect. The hospital or ambulatory surgical center infection control committee shall convene as soon as possible to review such cessation order and may overrule or sustain the directive of the infection control officer. The department shall promulgate rules governing documentation of such events.

3. Members of the medical staff who report in good faith infection control concerns to the hospital or ambulatory surgical center administration or medical staff leadership shall not be subject to retaliation or discrimination for doing so. - (2) Developing hospital protocols related to aseptic technique and infection control practices including but not limited to handwashing, isolation, and other infection control policies;
- (3) Developing appropriate corrective action plans and follow-ups for any deficiencies identified in hospital infection control practices;
- (4) Conducting root cause analysis and follow-up of sentinel events, as defined by the Joint Commission on Accreditation of Health Organizations, attributable to nosocomial infections; and

(5) Ensuring that hospital and ambulatory surgical center policies and medical staff bylaws are in place to promote and enforce compliance with infection control policies.

197.156. DEFINITION OF NOSOCOMIAL INFECTION OUTBREAKS. — For purposes of reporting nosocomial infection outbreaks as required by department rule, the term "nosocomial infection outbreaks" shall mean infections as defined by the national Centers for Disease Control and Prevention within a defined time period. The time period shall be defined by the department based upon the number of infected patients in a facility.

197.158. COMPLAINT PROCEDURE TO BE PROVIDED TO PATIENTS. — Every hospital and ambulatory surgery center shall, beginning June 1, 2006, provide each patient an opportunity to submit to the hospital or ambulatory surgical center administration complaints, comments, and suggestions related to the care they received or their personal observations related to the quality of care provided. The department shall promulgate rules to implement this section.

197.160. INFECTION DATA TO BE AVAILABLE TO DEPARTMENT OF HEALTH AND SENIOR SERVICES, VIOLATION, EFFECT, STATE PAYMENTS SUSPENDED, WHEN. — The department of health and senior services shall have access to all data and information held by hospitals, ambulatory surgical centers, and other facilities related to their infection control practices, rates, or treatments of infections. Failure to provide such access shall be grounds for full or partial licensure suspension or revocation pursuant to section 197.293, sections 197.010 to 197.100, or sections 197.200 to 197.240. If the department determines that the hospital, ambulatory surgical center, or other facility is willfully impeding access to such information, the department shall be authorized to direct all state agencies to suspend all or a portion of state payments to such hospital until such time as the desired information is obtained by the department.

197.162. INFECTION CONTROL PRACTICES TO BE CONSIDERED IN LICENSURE PROCESS, ANNUAL REPORT REQUIRED. — The department shall in its licensure of hospitals and ambulatory surgical centers give special attention to infection control practices and shall direct hospitals and ambulatory surgical centers to set quantifiable measures of performance for reducing the incidence of nosocomial infections in Missouri. The department shall prepare an annual report on infection control standards and compliance, which shall be shared with the governor and the general assembly.

197.165. INFECTION CONTROL ADVISORY PANEL APPOINTED — MEMBERS — EXPENSES, FUND CREATED. — 1. The department shall appoint an "Infection Control Advisory Panel" for the purposes of implementing section 192.667 and 192.131, RSMo.

3. Reasonable expenses of the panel shall be paid from private donations made specifically for that purpose to the "Infection Control Advisory Panel Fund", which is hereby created in the state treasury. If such donations are not received from private sources, then the provisions of this act shall be implemented without the advisory panel.

In addition to the powers established in sections 197.070 and 197.220, the department of health and senior services shall use the following standards for enforcing hospital and ambulatory surgical center licensure regulations promulgated to enforce the provisions of sections 197.010 to 197.120, **sections 197.150 to 197.165**, and sections 197.200 to 197.240:

(1) Upon notification of a deficiency in meeting regulatory standards, the hospital or ambulatory surgical center shall develop and implement a plan of correction approved by the department which includes, but is not limited to, the specific type of corrective action to be taken and an estimated time to complete such action;

(2) If the plan as implemented does not correct the deficiency, the department may either:

(a) Direct the hospital or ambulatory surgical center to develop and implement a plan of correction pursuant to subdivision (1) of this subsection; or

(b) Require the hospital or ambulatory surgical center to implement a plan of correction developed by the department;

(3) If there is a continuing deficiency after implementation of the plan of correction pursuant to subdivision (2) of this subsection and the hospital or ambulatory surgical center has had an opportunity to correct such deficiency, the department may restrict new inpatient admissions or outpatient entrants to the service or services affected by such deficiency;

(4) If there is a continuing deficiency after the department restricts new inpatient admissions or outpatient entrants to the service or services pursuant to subdivision (3) of this subsection and the hospital or ambulatory surgical center has had an opportunity to correct such deficiency, the department may suspend operations in all or part of the service or services affected by such deficiency;

(5) If there is a continuing deficiency after suspension of operations pursuant to subdivision (4) of this subsection, the department may deny, suspend or revoke the hospital's or ambulatory surgical center's license pursuant to section 197.070 or section 197.220.

2. Notwithstanding the provisions of subsection 1 of this section to the contrary, if a deficiency in meeting licensure standards presents an immediate and serious threat to the patients' health and safety, the department may, based on the scope and severity of the deficiency, restrict access to the service or services affected by the deficiency until the hospital or ambulatory surgical center has developed and implemented an approved plan of correction. Decisions as to whether a deficiency constitutes an immediate and serious threat to the patients' health and safety shall be made in accordance with guidelines established pursuant to regulation of the department of health and senior services and such decisions shall be approved by the bureau of health facility licensing in the department of health and senior services, or its successor agency, or by a person authorized by the regulations to approve such decisions in the absence of the director.

- (1) **The full amount of a covered claim for benefits under workers' compensation insurance coverage;**
- (2) **An amount not exceeding twenty-five thousand dollars per policy for a covered claim for the return of unearned premium;**
- (3) **An amount not exceeding three hundred thousand dollars per claim for all other covered claims.**

2. In no event shall the association be obligated to an insured or claimant in an amount in excess of the face amount or the limits of the policy from which a claim arises or be obligated for the payment of unearned premium in excess of the amount of [ten] **twenty-five** thousand dollars, or to an insured or claimant on any covered claim until it receives confirmation from the receiver or liquidator of an insolvent insurer that the claim is within the coverage of an applicable policy of the insolvent insurer, except that within the sole discretion of the association, if the association deems it has sufficient evidence from other sources, including any claim forms which may be propounded by the association, that the claim is within the coverage of an applicable policy of the insolvent insurer, it shall proceed to process the claim, pursuant to its statutory obligations, without such confirmation by the receiver or liquidator:

[a.] (1) All covered claims shall be filed with the association on the claim information form required by this paragraph no later than the final date first set by the court for the filing of claims against the liquidator or receiver of an insolvent insurer, except that if the time first set by the court for filing claims is one year or less from the date of insolvency, and an extension of the time to file claims is granted by the court, claims may be filed with the association no later than the new date set by the court or within one year of the date of insolvency, whichever first occurs. In no event shall the association be obligated on a claim filed after such date or on one not filed on the required form. A claim information form shall consist of a statement verified under oath by the claimant which includes all of the following:

[a.] (a) The particulars of the claim;

[b.] (b) A statement that the sum claimed is justly owing and that there is no setoff, counterclaim, or defense to said claim;

[c.] (c) The name and address of the claimant and the attorney who represents the claimant, if any; and

[d.] (d) If the claimant is an insured, that the insured's net worth did not exceed twenty-five million dollars on the date the insurer became an insolvent insurer.

The association may require that a prescribed form be used and may require that other information and documents be included. A covered claim shall not include any claim not described in a timely filed claim information form even though the existence of the claim was not known to the claimant at the time a claim information form was filed;

[b.] (2) In the case of claims arising from a member insurer subject to a final order of liquidation issued on or after September 1, 2000, the provisions of [paragraph (a) of subdivision (1) of subsection 1] **subdivision (1) of subsection 2** of this section shall not apply and in lieu thereof, such claims shall be governed by this [paragraph] **subdivision**. All covered claims shall be filed with the association, liquidator or receiver [no later than the final date first set by the court for the filing of claims against the liquidator or receiver of an insolvent insurer, except that if the time first set by the court for filing claims is one year or less from the date of the insolvency, and an extension of the time to file claims is granted by the court, claims may be filed no later than the new date set by the court or within one year of the date of insolvency, whichever first occurs]. **Notwithstanding any other provisions of sections 375.771 to 375.779, a covered claim shall not include a claim filed after the earlier of eighteen months after the date of the order of liquidation, or the final date set by the court for the filing of claims against the liquidator or receiver of an insolvent insurer.** The association may require [that the prescribed forms be used and may require] that other information and documents be included in confirming the existence of a covered claim or in determining eligibility of any claimant. Such information may include, but is not limited to:

[a.] (a) The particulars of the claim;

[b.] (b) A statement that the sum claimed is justly owing and that there is [not] **no** setoff, counterclaim, or defense to said claim;

[c.] (c) The name and address of the claimant and the attorney who represents the claimant, if any; and

[d.] (d) A verification under oath of such requested information.

In no event shall the association be obligated on a claim filed with the association, liquidator or receiver for protection afforded under the insured's policy for incurred but not reported losses. A covered claim shall not include any claim that is not filed prior to the final date for filing claims, even though the existence of the claims was not known to the claimant prior to such final date;

[(c)] **3.** In the case of claims arising from bodily injury, sickness or disease, the amount of any such award shall not exceed the claimant's reasonable expenses incurred for necessary medical, surgical, X-ray, dental services and comparable services for individuals who, in the exercise of their constitutional rights, rely on spiritual means alone for healing in accordance with the tenets and practices of a recognized church or religious denomination by a duly accredited practitioner thereof, including prosthetic devices and necessary ambulance, hospital, professional nursing, and any amounts lost or to be lost by reason of claimant's inability to work and earn wages or salary or their equivalent, except that the association shall pay the full amount of any covered claim arising out of a workers' compensation policy. Such award may also include payments in fact made to others, not members of claimant's household, which were reasonably incurred to obtain from such other persons ordinary and necessary services for the production of income in lieu of those services the claimant would have performed for himself had he not been injured. Verdicts as respect only those civil actions as may be brought to recover damages as provided in this section shall specifically set out the sums applicable to each item in this section for which an award may be made[;].

4. In the case of claims arising from a member insurer subject to a final order of liquidation dated on or after August 31, 2004, the provisions of subsection 3 of this section shall not apply.

5. Notwithstanding any other provision of sections 375.771 to 375.779, except in the case of a claim for benefits under workers' compensation coverage, any obligation of the association to or on behalf of the insured and its affiliates on covered claims shall cease when ten million dollars has been paid in the aggregate by the association and any one or more associations similar to the association in any other state or states to or on behalf of such insured, its affiliates, and additional insureds on covered claims or allowed claims arising under the policy or policies of any one insolvent insurer.

6. If the association determines that there may be more than one claimant having a covered claim or allowed claim against the association, or any associations similar to the association in other states, under the policy or policies of any one solvent insurer, the association may establish a plan to allocate amounts payable by the association in such manner as the association in its discretion deems equitable.

[(2)] **7.** The association shall be deemed the insurer **only** to the extent of its obligations on the covered claims and to such extent, **subject to the limitations provided in sections 375.771 to 375.779**, shall have all rights, duties, and obligations of the insolvent insurer as if the insurer had not become insolvent[;], **including but not limited to the right to pursue and retain salvage and subrogation recoverable on paid covered claim obligations.** The association shall not be deemed the insolvent insurer for any purpose relating to the issue of whether the association is amenable to the personal jurisdiction of the courts of any states. However, any obligation to defend an insured shall cease upon:

(1) The association's payment by settlement releasing the insured or on a judgment of an amount equal to the lesser of the association's covered claim obligation limit or the applicable policy limit; or

(2) The association's tender of such amount.

[(3)] **8.** The association shall allocate claims paid and expenses incurred among the four accounts separately, and assess member insurers separately for each account amounts necessary to pay the obligations of the association under [subdivision (1) of this] subsection **1 of this section** to an insolvency, the expenses of handling covered claims subsequent to an insolvency, the cost of examinations under subdivision [(6) of this subsection] **(3) of subsection 9 of this**

section, and other expenses authorized by sections 375.771 to 375.779. The assessments of each member insurer shall be in the proportion that the net direct written premiums of the member insurer for the preceding calendar year on the kinds of insurance in the account bears to the net direct written premiums of all member insurers for the preceding calendar year of the kinds of insurance in the account. **Each member insurer's assessment may be rounded to the nearest ten dollars.** Each member insurer shall be notified of the assessment not later than thirty days before it is due. No member insurer may be assessed in any year on any account an amount greater than one percent of that member insurer's net direct written premiums for the preceding calendar year on the kinds of insurance in the account. If the maximum assessment, together with the other assets of the association in any account, does not provide in any one year in any account an amount sufficient to make all necessary payments from that account, the funds available shall be prorated and the unpaid portion shall be paid as soon thereafter as funds become available. The association may defer, in whole or in part, the assessment of any member insurer, if the assessment would cause the member insurer's financial statement to reflect amounts of capital or surplus less than the minimum amounts required for a certificate of authority by any jurisdiction in which the member insurer is authorized to transact insurance. Deferred assessments shall be paid when such payment will not reduce capital or surplus below required minimums. Such payments shall be refunded to those companies receiving larger assessments by virtue of such deferment, or, in the discretion of any such company, credited against future assessments. No dividends shall be paid stockholders or policyholders of a member insurer so long as all or part of any assessment against such insurer remains deferred. Each member insurer may set off against any assessment, authorized payments made on covered claims and expenses incurred in the payment of such claims by the member insurer if they are chargeable to the account for which the assessment is made. Assessments made under sections 375.771 to 375.779 and section 375.916 shall not be subject to subsection 1 of section 375.916;

[(4)] 9. The association shall:

(1) Handle claims through its employees or through one or more insurers or other persons designated as servicing facilities. Designation of a servicing facility is subject to the approval of the director, but such designation may be declined by a member insurer;

[(5)] (2) Reimburse each servicing facility for obligations of the association paid by the facility and for actual expenses incurred by the facility while handling claims on behalf of the association and shall pay the other expenses of the association authorized by this section;

[(6)] (3) Be subject to examination and regulation by the director. The board of directors shall submit, not later than March thirtieth of each year, a financial report for the preceding calendar year in a form approved by the director; and

[(7)] Be considered to have been designated commissioner pursuant to subsection 2 of section 375.670, and it shall proceed to investigate, hear, settle, and determine covered claims unless the claimant shall, within thirty days from the date the claim is presented, present a written demand that such claim be processed in the liquidation proceedings as a claim not covered by sections 375.771 to 375.779] **(4) Proceed to investigate, settle, and determine covered claims.**

[2.] 10. The association may:

(1) Appear in, defend and appeal any action on a claim brought against the association;

(2) Employ or retain such persons as are necessary to handle claims and perform other duties of the association;

(3) **Act as a servicing facility for other similar entities created by similar laws in this state or other states;**

(4) Borrow funds necessary to effect the purposes of sections 375.771 to 375.779 in accord with the plan of operation;

[(4)] (5) Sue or be sued. **Such power to sue includes the power and right to intervene as a party before any court that has jurisdiction over an insolvent insurer as defined in section 375.772;**

[(5)] (6) Negotiate and become a party to such contracts as are necessary to carry out the purpose of sections 375.771 to 375.779;

[(6)] (7) Perform such other acts as are necessary or proper to effectuate the purpose of sections 375.771 to 375.779;

(11) "New job", a job in a new or expanding eligible industry not including jobs of recalled workers, replacement jobs or jobs that formerly existed in the eligible industry in the state. The activities of nationally affiliated fraternal, benevolent, veteran, or service organizations which promote good citizenship, humanitarian activities, or improve the physical, mental, and moral condition of an indefinite number of people [are] or purposes purely charitable within the meaning of subsection 1 of section 6 of article X of the constitution and local assessing authorities may exempt such portion of the real and personal property of such organizations as the assessing authority may determine is utilized in purposes purely charitable from the assessment, levy, and collection of taxes.

2. If, at any time, an assessor finally determines, after any and all hearings or rightful appeals, that personal property, upon which an organization would otherwise owe taxes but for the provisions of subsection 1 of this section or subdivision (5) of section 137.100, is not used for purposes purely charitable, or for purposes described in subdivision (5) of section 137.100, then the assessor shall notify the department of revenue of such final determination within thirty days.

137.115. REAL AND PERSONAL PROPERTY, ASSESSMENT — MAINTENANCE PLAN — ASSESSOR MAY MAIL FORMS FOR PERSONAL PROPERTY — CLASSES OF PROPERTY, ASSESSMENT — PHYSICAL INSPECTION REQUIRED, WHEN, PROCEDURE. — 1. All other laws to the contrary notwithstanding, the assessor or the assessor's deputies in all counties of this state including the city of St. Louis shall annually make a list of all real and tangible personal property taxable in the assessor's city, county, town or district. Except as otherwise provided in subsection 3 of this section and section 137.078, the assessor shall annually assess all personal property at thirty-three and one-third percent of its true value in money as of January first of each calendar year. The assessor shall annually assess all real property, including any new construction and improvements to real property, and possessory interests in real property at the percent of its true value in money set in subsection 5 of this section. The assessor shall annually assess all real property in the following manner: new assessed values shall be determined as of January first of each odd-numbered year and shall be entered in the assessor's books; those same assessed values shall apply in the following even-numbered year, except for new construction and

property improvements which shall be valued as though they had been completed as of January first of the preceding odd-numbered year. The assessor may call at the office, place of doing business, or residence of each person required by this chapter to list property, and require the person to make a correct statement of all taxable tangible personal property owned by the person or under his or her care, charge or management, taxable in the county. On or before January first of each even-numbered year, the assessor shall prepare and submit a two-year assessment maintenance plan to the county governing body and the state tax commission for their respective approval or modification. The county governing body shall approve and forward such plan or its alternative to the plan to the state tax commission by February first. If the county governing body fails to forward the plan or its alternative to the plan to the state tax commission by February first, the assessor's plan shall be considered approved by the county governing body. If the state tax commission fails to approve a plan and if the state tax commission and the assessor and the governing body of the county involved are unable to resolve the differences, in order to receive state cost-share funds outlined in section 137.750, the county or the assessor shall petition the administrative hearing commission, by May first, to decide all matters in dispute regarding the assessment maintenance plan. Upon agreement of the parties, the matter may be stayed while the parties proceed with mediation or arbitration upon terms agreed to by the parties. The final decision of the administrative hearing commission shall be subject to judicial review in the circuit court of the county involved. In the event a valuation of subclass (1) real property within any county with a charter form of government, or within a city not within a county, is made by a computer, computer-assisted method or a computer program, the burden of proof, supported by clear, convincing and cogent evidence to sustain such valuation, shall be on the assessor at any hearing or appeal. In any such county, unless the assessor proves otherwise, there shall be a presumption that the assessment was made by a computer, computer-assisted method or a computer program. Such evidence shall include, but shall not be limited to, the following:

(1) The findings of the assessor based on an appraisal of the property by generally accepted appraisal techniques; and

(2) The purchase prices from sales of at least three comparable properties and the address or location thereof. As used in this paragraph, the word "comparable" means that:

(a) Such sale was closed at a date relevant to the property valuation; and

(b) Such properties are not more than one mile from the site of the disputed property, except where no similar properties exist within one mile of the disputed property, the nearest comparable property shall be used. Such property shall be within five hundred square feet in size of the disputed property, and resemble the disputed property in age, floor plan, number of rooms, and other relevant characteristics.

2. Assessors in each county of this state and the city of St. Louis may send personal property assessment forms through the mail.

3. The following items of personal property shall each constitute separate subclasses of tangible personal property and shall be assessed and valued for the purposes of taxation at the following percents of their true value in money:

(1) Grain and other agricultural crops in an unmanufactured condition, one-half of one percent;

(2) Livestock, twelve percent;

(3) Farm machinery, twelve percent;

(4) Motor vehicles which are eligible for registration as and are registered as historic motor vehicles pursuant to section 301.131, RSMo, and aircraft which are at least twenty-five years old and which are used solely for noncommercial purposes and are operated less than fifty hours per year or aircraft that are home built from a kit, five percent;

(5) Poultry, twelve percent; and

(6) Tools and equipment used for pollution control and tools and equipment used in retooling for the purpose of introducing new product lines or used for making improvements to

existing products by any company which is located in a state enterprise zone and which is identified by any standard industrial classification number cited in subdivision (6) of section 135.200, RSMo, twenty-five percent.

4. The person listing the property shall enter a true and correct statement of the property, in a printed blank prepared for that purpose. The statement, after being filled out, shall be signed and either affirmed or sworn to as provided in section 137.155. The list shall then be delivered to the assessor.

5. All subclasses of real property, as such subclasses are established in section 4(b) of article X of the Missouri Constitution and defined in section 137.016, shall be assessed at the following percentages of true value:

- (1) For real property in subclass (1), nineteen percent;
- (2) For real property in subclass (2), twelve percent; and
- (3) For real property in subclass (3), thirty-two percent.

6. Manufactured homes, as defined in section 700.010, RSMo, which are actually used as dwelling units shall be assessed at the same percentage of true value as residential real property for the purpose of taxation. The percentage of assessment of true value for such manufactured homes shall be the same as for residential real property. If the county collector cannot identify or find the manufactured home when attempting to attach the manufactured home for payment of taxes owed by the manufactured home owner, the county collector may request the county commission to have the manufactured home removed from the tax books, and such request shall be granted within thirty days after the request is made; however, the removal from the tax books does not remove the tax lien on the manufactured home if it is later identified or found. A manufactured home located in a manufactured home rental park, rental community or on real estate not owned by the manufactured home owner shall be considered personal property. A manufactured home located on real estate owned by the manufactured home owner may be considered real property.

7. Each manufactured home assessed shall be considered a parcel for the purpose of reimbursement pursuant to section 137.750, unless the manufactured home has been converted to real property in compliance with section 700.111, RSMo, and assessed as a realty improvement to the existing real estate parcel.

8. Any amount of tax due and owing based on the assessment of a manufactured home shall be included on the personal property tax statement of the manufactured home owner unless the manufactured home has been converted to real property in compliance with section 700.111, RSMo, in which case the amount of tax due and owing on the assessment of the manufactured home as a realty improvement to the existing real estate parcel shall be included on the real property tax statement of the real estate owner.

9. The assessor of each county and each city not within a county shall use the trade-in value published in the October issue of the National Automobile Dealers' Association Official Used Car Guide, or its successor publication, as the recommended guide of information for determining the true value of motor vehicles described in such publication. In the absence of a listing for a particular motor vehicle in such publication, the assessor shall use such information or publications which in the assessor's judgment will fairly estimate the true value in money of the motor vehicle.

10. Before the assessor may increase the assessed valuation of any parcel of subclass (1) real property by more than fifteen percent since the last assessment, excluding increases due to new construction or improvements, the assessor shall conduct a physical inspection of such property.

11. If a physical inspection is required, pursuant to subsection 10 of this section, the assessor shall notify the property owner of that fact in writing and shall provide the owner clear written notice of the owner's rights relating to the physical inspection. If a physical inspection is required, the property owner may request that an interior inspection be performed during the

physical inspection. The owner shall have no less than thirty days to notify the assessor of a request for an interior physical inspection.

12. A physical inspection, as required by subsection 10 of this section, shall include, but not be limited to, an on-site personal observation and review of all exterior portions of the land and any buildings and improvements to which the inspector has or may reasonably and lawfully gain external access, and shall include an observation and review of the interior of any buildings or improvements on the property upon the timely request of the owner pursuant to subsection 11 of this section. Mere observation of the property via a "drive-by inspection" or the like shall not be considered sufficient to constitute a physical inspection as required by this section.

13. The provisions of subsections 11 and 12 of this section shall only apply in any county with a charter form of government with more than one million inhabitants.

14. A county or city collector may accept credit cards as proper form of payment of outstanding property tax due. No county or city collector may charge surcharge for payment by credit card which exceeds the fee or surcharge charged by the credit card bank for its service.

15. The provisions of this section and sections 137.073, 138.060 and 138.100, RSMo, shall become effective January 1, 2003, for any taxing jurisdiction which has at least seventy-five percent of the land area of such jurisdiction within a county with a charter form of government with greater than one million inhabitants, and the provisions of this section and sections 137.073, 138.060 and 138.100, RSMo, shall become effective January 1, 2005, for all taxing jurisdictions in this state. Any county in this state may, by an affirmative vote of the governing body of such county, opt into the provisions of this act prior to January 1, 2005.

137.298. CITIES MAY PASS ORDINANCE TO INCLUDE CHARGES FOR OUTSTANDING PARKING TICKETS ON PERSONAL PROPERTY TAX BILL — PERSONAL PROPERTY TAX RECEIPT, ISSUED WHEN — CITIES MAY ENTER INTO AGREEMENTS WITH COUNTY TO INCLUDE OUTSTANDING VEHICLE-RELATED FEES AND FINES ON PERSONAL PROPERTY TAX BILL. — 1. Other provisions of law to the contrary notwithstanding, any city may by ordinance include as a charge on bills issued for personal property taxes any outstanding parking violations issued on any vehicle for which personal property tax is to be paid and, if required by ordinance, such charge shall be collected with and in the same payment as personal property taxes are collected by the collector of revenue of such city. No personal property tax bill shall be considered paid unless all charges for parking violations are also paid in full and the collector of revenue shall not issue a paid personal property receipt until all such charges are paid.

2. Any city or city not within a county may enter into a contract or cooperative agreement with the county governing body and county collector of any county with a charter form of government or any county of the first classification to include as a charge on bills issued for personal property taxes any outstanding vehicle-related fees and fines, including traffic violations, assessed or issued on any vehicle for which personal property tax is to be paid. For the purpose of this section, vehicle-related fees and fines shall include, but not be limited to, traffic violation fines, parking violation fines, towing and vehicle immobilization fees, and any late payment penalties and court costs associated with adjudication or collection of those fines. No personal property tax bill shall be considered paid unless all charges for parking violations and other vehicle-related fees and fines are also paid in full, and the county collector shall not issue a paid personal property tax receipt until all such charges are paid. Any contract or cooperative agreement shall be in writing, signed by the city, county governing body, and county collector, and shall set forth the provisions and terms agreed to by the parties.

137.505. FAILURE TO FILE RETURN — DUTY OF ASSESSOR. — If any person, corporation, partnership or association shall fail to file a return as required by sections 137.485 to 137.550, the assessor shall ascertain the true amount and value of the taxable tangible personal property of such person, corporation, partnership or association on the best information available to him and shall assess said property at [twenty-five] **ten** percent above its value.

143.081. CREDIT FOR INCOME TAX PAID TO ANOTHER STATE. — 1. A resident individual, resident estate, and resident trust shall be allowed a credit against the tax otherwise due pursuant to sections 143.005 to 143.998 for the amount of any income tax imposed for the taxable year by another state of the United States (or a political subdivision thereof) or the District of Columbia on income derived from sources therein and which is also subject to tax pursuant to sections 143.005 to 143.998. [Solely] For purposes of this subsection, the phrase "income tax imposed" shall [include] **be that amount of tax before** any income tax credit allowed by such other state or the District of Columbia [the basis for which is a charitable contribution which qualifies as a charitable deduction from income pursuant to the Internal Revenue Code of 1986, as amended] if the other state or the District of Columbia authorizes a reciprocal benefit for residents of this state.

2. The credit provided pursuant to this section shall not exceed an amount which bears the same ratio to the tax otherwise due pursuant to sections 143.005 to 143.998 as the amount of the taxpayer's Missouri adjusted gross income derived from sources in the other taxing jurisdiction bears to the taxpayer's Missouri adjusted gross income derived from all sources. In applying the limitation of the previous sentence to an estate or trust, Missouri taxable income shall be substituted for Missouri adjusted gross income. If the tax of more than one other taxing jurisdiction is imposed on the same item of income, the credit shall not exceed the limitation that would result if the taxes of all the other jurisdictions applicable to the item were deemed to be of a single jurisdiction.

3. For the purposes of this section, in the case of an S corporation, each resident S shareholder shall be considered to have paid a tax imposed on the shareholder in an amount equal to the shareholder's pro rata share of any net income tax paid by the S corporation to a state which does not measure the income of shareholders on an S corporation by reference to the income of the S corporation or where a composite return and composite payments are made in such state on behalf of the S shareholders by the S corporation.

4. For purposes of subsection 3 of this section, in the case of an S corporation that is a bank chartered by a state, the office of thrift supervision, or the comptroller of currency, each Missouri resident S shareholder of such out-of-state bank shall qualify for the shareholder's pro rata share of any net tax paid, including a bank franchise tax based on the income of the bank, by such S corporation where bank payment of taxes are made in such state on behalf of the S shareholders by the S bank to the extent of the tax paid.

143.121. MISSOURI ADJUSTED GROSS INCOME. — 1. The Missouri adjusted gross income of a resident individual shall be the taxpayer's federal adjusted gross income subject to the modifications in this section.

2. There shall be added to the taxpayer's federal adjusted gross income:

(a) The amount of any federal income tax refund received for a prior year which resulted in a Missouri income tax benefit;

(b) Interest on certain governmental obligations excluded from federal gross income by Section 103 of the Internal Revenue Code. The previous sentence shall not apply to interest on obligations of the state of Missouri or any of its political subdivisions or authorities and shall not apply to the interest described in subdivision (a) of subsection 3 of this section. The amount added pursuant to this paragraph shall be reduced by the amounts applicable to such interest that would have been deductible in computing the taxable income of the taxpayer except only for the application of Section 265 of the Internal Revenue Code. The reduction shall only be made if it is at least five hundred dollars;

(c) The amount of any deduction that is included in the computation of federal taxable income pursuant to Section 168 of the Internal Revenue Code as amended by the Job Creation and Worker Assistance Act of 2002 to the extent the amount deducted relates to property purchased on or after July 1, 2002, but before July 1, 2003, and to the extent the amount

deducted exceeds the amount that would have been deductible pursuant to Section 168 of the Internal Revenue Code of 1986 as in effect on January 1, 2002; and

(d) The amount of any deduction that is included in the computation of federal taxable income for net operating loss allowed by Section 172 of the Internal Revenue Code of 1986, as amended, other than the deduction allowed by Section 172(b)(1)(G) and Section 172(i) of the Internal Revenue Code of 1986, as amended, for a net operating loss the taxpayer claims in the tax year in which the net operating loss occurred or carries forward for a period of more than twenty years and carries backward for more than two years. Any amount of net operating loss taken against federal **taxable** income [taxes] but disallowed [against] **for** Missouri income [taxes] **tax purposes** pursuant to this paragraph [since July 1,] **after June 18, 2002**, may be carried forward and taken against any [loss] **income** on the Missouri income tax return for a period of not more than twenty years from the year of the initial loss.

3. There shall be subtracted from the taxpayer's federal adjusted gross income the following amounts to the extent included in federal adjusted gross income:

(a) Interest or dividends on obligations of the United States and its territories and possessions or of any authority, commission or instrumentality of the United States to the extent exempt from Missouri income taxes pursuant to the laws of the United States. The amount subtracted pursuant to this paragraph shall be reduced by any interest on indebtedness incurred to carry the described obligations or securities and by any expenses incurred in the production of interest or dividend income described in this paragraph. The reduction in the previous sentence shall only apply to the extent that such expenses including amortizable bond premiums are deducted in determining the taxpayer's federal adjusted gross income or included in the taxpayer's Missouri itemized deduction. The reduction shall only be made if the expenses total at least five hundred dollars;

(b) The portion of any gain, from the sale or other disposition of property having a higher adjusted basis to the taxpayer for Missouri income tax purposes than for federal income tax purposes on December 31, 1972, that does not exceed such difference in basis. If a gain is considered a long-term capital gain for federal income tax purposes, the modification shall be limited to one-half of such portion of the gain;

(c) The amount necessary to prevent the taxation pursuant to this chapter of any annuity or other amount of income or gain which was properly included in income or gain and was taxed pursuant to the laws of Missouri for a taxable year prior to January 1, 1973, to the taxpayer, or to a decedent by reason of whose death the taxpayer acquired the right to receive the income or gain, or to a trust or estate from which the taxpayer received the income or gain;

(d) Accumulation distributions received by a taxpayer as a beneficiary of a trust to the extent that the same are included in federal adjusted gross income;

(e) The amount of any state income tax refund for a prior year which was included in the federal adjusted gross income;

(f) The portion of capital gain specified in section 135.357, RSMo, that would otherwise be included in federal adjusted gross income; [and]

(g) The amount that would have been deducted in the computation of federal taxable income pursuant to Section 168 of the Internal Revenue Code as in effect on January 1, 2002, to the extent that amount relates to property purchased on or after July 1, 2002, but before July 1, 2003, and to the extent that amount exceeds the amount actually deducted pursuant to Section 168 of the Internal Revenue Code as amended by the Job Creation and Worker Assistance Act of 2002; and

(h) **For all tax years ending on or after July 1, 2002, with respect to qualified property that is sold or otherwise disposed of during a taxable year by a taxpayer and for which an addition modification was made under paragraph (c) of subsection 2 of this section, the amount by which addition modification made under paragraph (c) of subsection 2 of this section on qualified property has not been recovered through the additional subtractions provided in paragraph (g) of this subsection.**

4. There shall be added to or subtracted from the taxpayer's federal adjusted gross income the taxpayer's share of the Missouri fiduciary adjustment provided in section 143.351.

5. There shall be added to or subtracted from the taxpayer's federal adjusted gross income the modifications provided in section 143.411.

143.241. EMPLOYER'S AND CORPORATE OFFICER'S LIABILITY FOR WITHHELD TAXES — SALE OF BUSINESS, LIABILITIES. — 1. Every employer required to deduct and withhold tax under sections 143.011 to 143.996 is hereby made liable for such tax. For purposes of assessment and collection, any amount required to be withheld and paid over to the director of revenue, and any penalties, interest, and additions to tax with respect thereto, shall be considered the tax of the employer. Any amount of tax actually deducted and withheld under sections 143.011 to 143.996 shall be a special fund in trust for the director of revenue. No employee shall have any right of action against his employer in respect to any money deducted and withheld from his wages and paid over to the director of revenue in compliance or in good faith compliance with sections 143.011 to 143.996.

2. Any officer, director, **or** statutory trustee [or employee] of any corporation, including administratively dissolved corporations, or foreign corporations that have had their certificate of authority revoked, subject to the provisions of sections 143.191 to 143.265, who has the direct control, supervision or responsibility for filing returns and making payment of the amount of tax imposed in accordance with sections 143.191 to 143.265, and who fails to file [and] **or** pay such return with the director of revenue shall be personally assessed for such amounts, including interest, additions to tax and penalties thereon. This assessment shall be imposed only in the event that the assessment on the corporation is final, and such corporation fails to pay such amounts to the director of revenue. Notice shall be given of the director of revenue's intent to make the assessment against such officers, directors, statutory trustees or employees. The personal liability of such officers, directors, statutory trustees or employees as provided in this section shall survive the administrative dissolution of the corporation or, if a foreign corporation, the revocation of the corporation's certificate of authority.

3. If any employer required to withhold and remit tax under sections 143.191 to 143.265 or his successors shall sell all or substantially all of his or their business or shall quit the business, such employer or successor shall file a final return within fifteen days after the date of selling or quitting business.

4. If any employer required to withhold and remit tax under sections 143.191 to 143.265 or his successors shall contract to sell all or substantially all of his or their business, the seller shall request from the director of revenue a statement or certificate as provided in subsection 6 of this section. The seller shall present such statement or certificate to the purchaser prior to consummation of the sale and secure the purchaser's signature thereon as validation of receipt. Failure to comply with this provision shall result in the seller being liable for an additional penalty equal to twenty-five percent of the seller's delinquency at the time of the sale. The provisions of this section to the contrary notwithstanding, this additional penalty shall be the sole liability of the seller and shall not be a liability of the purchaser.

5. Except as provided in subsections 6, 7, and 8 of this section, all successors, if any, shall be required to withhold an amount of the purchase money sufficient to cover the taxes, interest, additions to tax or penalties due and unpaid until such time as the former owner or predecessor, whether immediate or not, shall produce a receipt from the director of revenue showing that the taxes have been paid, or a certificate stating that no taxes are due. If the purchaser of a business shall fail to withhold the purchase money as required by this section and remit at the time of purchase all amounts so withheld to the director to pay all unpaid taxes, interest, additions to tax and penalties due from the former owner or predecessor, the purchaser shall be personally liable for the payment of the taxes, interest, additions to tax and penalties accrued and unpaid by the former owner of the business.

6. The director of revenue shall, notwithstanding the provisions of section 32.057, RSMo, upon written request, furnish within fifteen days from the receipt of such a request by certified mail, return receipt requested, or such other methods as may be mutually agreed upon, to any owner, successor, secured creditor, purchaser, or in the case of a proposed purchaser, if joined in writing by the owner, a statement showing the amount of taxes, interest, additions to tax or penalties due and owing or a certificate showing that no taxes, interest, additions to tax or penalties are due under this chapter, including the date for the last payment for such taxes, interest, additions to tax or penalties as shown by the records of the director of revenue.

7. A secured creditor who shall enforce a lien against a business subject to the provisions of this chapter shall be entitled to obtain from the director of revenue a statement of employer withholding tax due and the status of the employer withholding tax payments from the director of revenue in accordance with subsection 6 of this section. If the director of revenue does not respond within fifteen days from the date of receipt of such request by the secured creditor seeking to enforce its lien, it shall be conclusively presumed that all such employer withholding tax has been paid as to the secured creditor or any successor of the secured creditor, whether such successor be immediate or not. Nothing in this section shall eliminate the liability of the owner of the business owing employer withholding tax from the liability to pay such employer withholding tax. Any purchaser who acquires the business as a result of an enforcement action by a creditor shall be exempt from the liability set forth in subsection 5 of this section, whether such purchaser be immediate or subsequent thereto.

8. Any such creditor who shall enforce a lien against a business subject to the provisions of this section shall be entitled to be paid the principal sums due, all accrued interest to the date of the payment, and the expenses of enforcing the lien of the secured creditor including attorney's fees. The balance, if any, shall be paid to the creditors having a priority interest thereto under the laws of the state of Missouri or the United States of America. Any balance then remaining, up to the amount of the tax, interest, additions to tax and penalties then due, shall be remitted to the director of revenue as provided by this section. Nothing in this section shall affect the priority of any lien filed by the director of revenue against the former owner or predecessor.

9. Mailing of notices or requests, by first class mail, postage prepaid, certified with return receipt requested, or such other methods as may be mutually agreed upon, shall be prima facie evidence that the party to whom it is addressed received the correspondence, notice or request.

143.431. MISSOURI TAXABLE INCOME AND TAX. — 1. The Missouri taxable income of a corporation taxable under sections 143.011 to 143.996 shall be so much of its federal taxable income for the taxable year, with the modifications specified in subsections 2 [and 3] **to 4** of this section, as is derived from sources within Missouri as provided in section 143.451. The tax of a corporation shall be computed on its Missouri taxable income at the rates provided in section 143.071.

2. There shall be added to or subtracted from federal taxable income, the modifications to adjusted gross income provided in section 143.121 and the applicable modifications to itemized deductions provided in section 143.141. There shall be subtracted the federal income tax deduction provided in section 143.171. There shall be subtracted, to the extent included in federal taxable income, corporate dividends from sources within Missouri.

3. (1) If an affiliated group of corporations files a consolidated income tax return for the taxable year for federal income tax purposes and fifty percent or more of its income is derived from sources within this state as determined in accordance with section 143.451, then it may elect to file a Missouri consolidated income tax return. The federal consolidated taxable income of the electing affiliated group for the taxable year shall be its federal taxable income.

(2) So long as a federal consolidated income tax return is filed, an election made by an affiliated group of corporations to file a Missouri consolidated income tax return may be withdrawn or revoked only upon substantial change in the law or regulations adversely changing tax liability under this chapter; or, with permission of the director of revenue upon the showing

of good cause for such action. After such a withdrawal or revocation with respect to an affiliated group, it may not file a Missouri consolidated income tax return for five years thereafter, except with the approval of the director of revenue, and subject to such terms and conditions as he may prescribe.

(3) No corporation which is part of an affiliated group of corporations filing a Missouri consolidated income tax return shall be required to file a separate Missouri corporate income tax return for the taxable year.

(4) For each taxable year an affiliated group of corporations filing a federal consolidated income tax return does not file a Missouri consolidated income tax return, for purposes of computing the Missouri income tax, the federal taxable income of each member of the affiliated group shall be determined as if a separate federal income tax return had been filed by each such member.

(5) The director of revenue may prescribe such regulations not inconsistent with the provisions of this chapter as he may deem necessary in order that the tax liability of any affiliated group of corporations making a Missouri consolidated income tax return, and of each corporation in the group, before, during, and after the period of affiliation, may be returned, determined, computed, assessed, collected, and adjusted, in such manner as clearly to reflect the Missouri taxable income derived from sources within this state and in order to prevent avoidance of such tax liability.

4. If a net operating loss deduction is allowed for the taxable year, there shall be added to federal taxable income the amount of the net operating loss modification for each loss year as to which a portion of the net operating loss deduction is attributable. As used in this subsection, the following terms mean:

(1) "Loss year", the taxable year in which there occurs a federal net operating loss that is carried back or carried forward in whole or in part to another taxable year;

(2) "Net operating loss deduction", a net operating loss deduction allowed for federal income tax purposes under Section 172 of the Internal Revenue Code of 1986, as amended or a net operating loss deduction allowed for Missouri income tax purposes under paragraph (d) of subsection 2 of section 143.121, but not including any net operating loss deduction that is allowed for federal income tax purposes but disallowed for Missouri income tax purposes under paragraph (d) of subsection 2 of section 143.121;

(3) "Net addition modification", for any taxable year, the amount by which the sum of all required additions to federal taxable income provided in this chapter, except for the net operating loss modification, exceeds the combined sum of the amount of all required subtractions from federal taxable income provided in this chapter;

(4) "Net operating loss modification", an amount equal to the lesser of the amount of the net operating loss deduction attributable to that loss year or the amount by which the total net operating loss in the loss year is less than the sum of:

(a) The net addition modification for that loss year; and

(b) The cumulative net operating loss deductions attributable to that loss year allowed for the taxable year and all prior taxable years.

5. For all tax years ending on or after July 1, 2002, federal taxable income may be a positive or negative amount. Subsection 4 of this section shall be effective for all tax years with a net operating loss deduction attributable to a loss year ending on or after July 1, 2002, and the net operating loss modification shall only apply to loss years ending on or after July 1, 2002.

143.782. DEFINITIONS. — As used in sections 143.782 to 143.788, unless the context clearly requires otherwise, the following terms shall mean and include:

(1) "Court", the supreme court, court of appeals, or any circuit court of the state;

(2) "Debt", any sum due and legally owed to any state agency which has accrued through contract, subrogation, tort, or operation of law regardless of whether there is an outstanding

judgment for that sum, court costs as defined in section 488.010, RSMo, fines and fees owed, or any support obligation which is being enforced by the division of family services on behalf of a person who is receiving support enforcement services pursuant to section 454.425, RSMo;

The amount of a refund shall not include any senior citizens property tax credit provided by sections 135.010 to 135.035, RSMo, **unless such refund is being offset for a delinquency or debt relating to individual income tax or a property tax credit**; and

(6) "State agency", any department, division, board, commission, office, or other agency of the state of Missouri, including public community college district.

Notwithstanding any other provisions of law to the contrary, in any retail sale other than retail sales governed by subsections 4 and 5 of this section, where any article on which sales or use tax has been paid, credited, or otherwise satisfied or which was exempted or excluded from sales or use tax is taken in trade as a credit or part payment on the purchase price of the article being sold, the tax imposed by sections 144.020 and 144.440 shall be computed only on that portion of the purchase price which exceeds the actual allowance made for the article traded in or exchanged, if there is a bill of sale or other record showing the actual allowance made for the article traded in or exchanged. [Where the article being traded in for credit or part payment is a motor vehicle, trailer, boat, or outboard motor the person trading in the article must be the owner or holder of a properly assigned certificate of ownership.] Where the purchaser of a motor vehicle, trailer, boat or outboard motor receives a rebate from the seller or manufacturer, the tax imposed by sections 144.020 and 144.440 shall be computed only on that portion of the purchase price which exceeds the amount of the rebate, if there is a bill of sale or other record showing the actual rebate given by the seller or manufacturer. Where the trade-in or exchange allowance plus any applicable rebate exceeds the purchase price of the purchased article there shall be no sales or use tax owed. This section shall also apply to motor vehicles, trailers, boats, and outboard motors sold by the owner or holder of the properly assigned certificate of ownership if the seller purchases or contracts to purchase a subsequent motor vehicle, trailer, boat, or outboard motor within one hundred eighty days before or after the date of the sale of the original article and a notarized bill of sale showing the paid sale price is presented to the department of revenue at the time of licensing. A copy of the bill of sale shall be left with the licensing office. Where the subsequent motor vehicle, trailer, boat, or outboard motor is titled more than one hundred eighty days after the sale of the original motor vehicle, trailer, boat, or outboard motor, the allowance pursuant to this section shall be made if the person titling such article establishes that the purchase or contract to purchase was finalized prior to the expiration of the one hundred eighty-day period.

2. As used in this section, the term "boat" includes all motorboats and vessels, as the terms "motorboat" and "vessel" are defined in section 306.010, RSMo.

3. As used in this section, the term "motor vehicle" includes motor vehicles as defined in section 301.010, RSMo, recreational vehicles as defined in section 700.010, RSMo, or a combination of a truck as defined in section 301.010, RSMo, and a trailer as defined in section 301.010, RSMo.

4. The provisions of subsection 1 of this section shall not apply to retail sales of manufactured homes in which the purchaser receives a document known as the "Manufacturer's Statement of Origin" for purposes of obtaining a title to the manufactured home from the department of revenue of this state or from the appropriate agency or officer of any other state.

5. Any purchaser of a motor vehicle or trailer used for agricultural use by the purchaser shall be allowed to use as an allowance to offset the sales and use tax liability towards the purchase of the motor vehicle or trailer any grain or livestock produced or raised by the purchaser. The director of revenue may prescribe forms for compliance with this subsection.

144.083. RETAIL SALES LICENSE REQUIRED FOR ALL COLLECTORS OF TAX — PREREQUISITE TO ISSUANCE OF CITY OR COUNTY OCCUPATION LICENSE — PREREQUISITE FOR SALES AT RETAIL. — 1. The director of revenue shall require all persons who are responsible for the collection of taxes under the provisions of section 144.080 to procure a retail sales license at no cost to the licensee which shall be prominently displayed at his place of business, and the license is valid until revoked by the director or surrendered by the person to whom issued when sales are discontinued. The director shall issue the retail sales license within ten working days following the receipt of a properly completed application. Any person applying for a retail sales license or reinstatement of a revoked sales tax license who owes any tax under sections 144.010 to 144.510 or sections **143.191 to 143.261, RSMo**, must pay the amount due plus interest and penalties before the department may issue the applicant a license or reinstate the revoked license. All persons beginning business subsequent to August 13, 1986, and who are required to collect the sales tax shall secure a retail sales license prior to making sales at retail. Such license may, after ten days' notice, be revoked by the director of revenue only in the event the licensee shall be in default for a period of sixty days in the payment of any taxes levied under section 144.020 or sections **143.191 to 143.261, RSMo**.

2. The possession of a retail sales license shall be a prerequisite to the issuance of any city or county occupation license or any state license which is required for conducting any business where goods are sold at retail. The revocation of a retailer's license by the director shall render the occupational license or the state license null and void.

3. No person responsible for the collection of taxes under section 144.080 shall make sales at retail unless such person is the holder of a valid retail sales license. After all appeals have been exhausted, the director of revenue may notify the county or city law enforcement agency representing the area in which the former licensee's business is located that the retail sales license of such person has been revoked, and that any county or city occupation license of such person is also revoked. The county or city may enforce the provisions of this section, and may prohibit further sales at retail by such person.

144.157. VIOLATIONS IN COLLECTING, PENALTY. — 1. Any person required to collect, truthfully account for and pay over any tax imposed by sections 67.1170 to 67.1180, RSMo, sections 94.800 to 94.825, RSMo, and sections 144.010 to 144.525 and 144.600 to 144.745 who willfully fails to collect such tax or truthfully account for and pay over such tax or willfully attempts in any manner to evade or defeat the tax or the payment thereof, or who shall willfully and knowingly overcharge or overcollect such tax with intent to make claim to any such overcharged or overcollected amounts under section 144.190, shall, in addition to other penalties provided by law, be liable to a penalty equal to the total amount of the tax evaded, or not collected, or not accounted for and paid over, or overcharged or overcollected.

2. For purposes of this section, the term "person" includes an individual or an officer or employee of any corporation, including an administratively dissolved corporation or a foreign corporation that has had its certificate of authority revoked, or a member or employee of any partnership, who, as such officer, employee or member, is under a duty to perform the act in respect of which the violation occurs.

3. Any officers, directors, or statutory trustees [or employees] of any corporation, including administratively dissolved corporations or foreign corporations that have had their certificate of authority revoked, subject to the provisions of sections 144.010 to 144.745, who has the direct control, supervision or responsibility for filing returns and making payment of the amount of tax imposed in accordance with sections 144.010 to 144.745, and who fails to file such return

[and] or make payment of all taxes due with the director of revenue shall be personally assessed for such amounts, including interest, additions to tax and penalties thereon. This assessment shall be imposed only in the event that the assessment on the corporation is final, and such corporation fails to pay such amounts to the director of revenue. Notice shall be given of the director of revenue's intent to make the assessment against such officers, directors, statutory trustees or employees. The personal liability of such officers, directors, statutory trustees or employees as provided in this section shall survive the administrative dissolution of the corporation or, if a foreign corporation, the revocation of the corporation's certificate of authority.

301.025. PERSONAL PROPERTY TAXES AND FEDERAL HEAVY VEHICLE USE TAX, PAID WHEN — TAX RECEIPT FORMS — FAILURE TO PAY PERSONAL PROPERTY TAX, EFFECT OF, NOTIFICATION REQUIREMENTS, REINSTATEMENT FEE, APPEALS — RULEMAKING, PROCEDURE. — 1. No state registration license to operate any motor vehicle in this state shall be issued unless the application for license of a motor vehicle or trailer is accompanied by a tax receipt for the tax year which immediately precedes the year in which the vehicle's or trailer's registration is due and which reflects that all taxes, including delinquent taxes from prior years, have been paid, or a statement certified by the county or township collector of the county or township in which the applicant's property was assessed showing that the state and county tangible personal property taxes for such previous tax year and all delinquent taxes due have been paid by the applicant or that no such taxes were due or, if the applicant is not a resident of this state and serving in the armed forces of the United States, the application is accompanied by a leave and earnings statement from such person verifying such status **or, if the applicant is an organization described pursuant to subdivision (5) of section 137.100, RSMo, or subsection 1 of section 137.101, RSMo, the application is accompanied by a document, in a form approved by the director, verifying that the organization is registered with the department of revenue or is determined by the internal revenue service to be a tax-exempt entity. If the director of the department of revenue has been notified by the assessor pursuant to subsection 2 of section 137.101, RSMo, that the applicant's personal property is not tax-exempt, then the organization's application shall be accompanied by a statement certified by the county or township collector of the county or township in which the organization's property was assessed showing that the state and county tangible personal property taxes for such previous tax year and all delinquent taxes due have been paid by the organization.** In the event the registration is a renewal of a registration made two or three years previously, the application shall be accompanied by proof that taxes were not due or have been paid for the two or three years which immediately precede the year in which the motor vehicle's or trailer's registration is due. The county or township collector shall not be required to issue a receipt for the immediately preceding tax year until all personal property taxes, including all delinquent taxes currently due, are paid. If the applicant was a resident of another county of this state in the applicable preceding years, he or she must submit to the collector in the county or township of residence proof that the personal property tax was paid in the applicable tax years. Every county and township collector shall give each person a tax receipt or a certified statement of tangible personal property taxes paid. The receipt issued by the county collector in any county of the first classification with a charter form of government which contains part of a city with a population of at least three hundred fifty thousand inhabitants which is located in more than one county, any county of the first classification without a charter form of government with a population of at least one hundred fifty thousand inhabitants which contains part of a city with a population of at least three hundred fifty thousand inhabitants which is located in more than one county and any county of the first classification without a charter form of government with a population of at least one hundred ten thousand but less than one hundred fifty thousand inhabitants shall be determined null and void if the person paying tangible personal property taxes issues or passes a check or other similar sight order which is returned to the collector because the account upon which the check or order was drawn was closed or did

not have sufficient funds at the time of presentation for payment by the collector to meet the face amount of the check or order. The collector may assess and collect in addition to any other penalty or interest that may be owed, a penalty of ten dollars or five percent of the total amount of the returned check or order whichever amount is greater to be deposited in the county general revenue fund, but in no event shall such penalty imposed exceed one hundred dollars. The collector may refuse to accept any check or other similar sight order in payment of any tax currently owed plus penalty or interest from a person who previously attempted to pay such amount with a check or order that was returned to the collector unless the remittance is in the form of a cashier's check, certified check or money order. If a person does not comply with the provisions of this section, a tax receipt issued pursuant to this section is null and void and no state registration license shall be issued or renewed. Where no such taxes are due each such collector shall, upon request, certify such fact and transmit such statement to the person making the request. Each receipt or statement shall describe by type the total number of motor vehicles on which personal property taxes were paid, and no renewal of any state registration license shall be issued to any person for a number greater than that shown on his or her tax receipt or statement except for a vehicle which was purchased without another vehicle being traded therefor, or for a vehicle previously registered in another state, provided the application for title or other evidence shows that the date the vehicle was purchased or was first registered in this state was such that no personal property tax was owed on such vehicle as of the date of the last tax receipt or certified statement prior to the renewal. The director of revenue shall make necessary rules and regulations for the enforcement of this section, and shall design all necessary forms. If electronic data is not available, residents of counties with a township form of government and with township collectors shall present personal property tax receipts which have been paid for the preceding two years when registering under this section.

2. Every county collector in counties with a population of over six hundred thousand and less than nine hundred thousand shall give priority to issuing tax receipts or certified statements pursuant to this section for any person whose motor vehicle registration expires in January. Such collector shall send tax receipts or certified statements for personal property taxes for the previous year within three days to any person who pays the person's personal property tax in person, and within twenty working days, if the payment is made by mail. Any person wishing to have priority pursuant to this subsection shall notify the collector at the time of payment of the property taxes that a motor vehicle registration expires in January. Any person purchasing a new vehicle in December and licensing such vehicle in January of the following year, may use the personal property tax receipt of the prior year as proof of payment.

3. In addition to all other requirements, the director of revenue shall not register any vehicle subject to the heavy vehicle use tax imposed by Section 4481 of the Internal Revenue Code of 1954 unless the applicant presents proof of payment, or that such tax is not owing, in such form as may be prescribed by the United States Secretary of the Treasury. No proof of payment of such tax shall be required by the director until the form for proof of payment has been prescribed by the Secretary of the Treasury.

4. Beginning July 1, 2000, a county or township collector may notify, by ordinary mail, any owner of a motor vehicle for which personal property taxes have not been paid that if full payment is not received within thirty days the collector may notify the director of revenue to suspend the motor vehicle registration for such vehicle. Any notification returned to the collector by the post office shall not result in the notification to the director of revenue for suspension of a motor vehicle registration. Thereafter, if the owner fails to timely pay such taxes the collector may notify the director of revenue of such failure. Such notification shall be on forms designed and provided by the department of revenue and shall list the motor vehicle owner's full name, including middle initial, the owner's address, and the year, make, model and vehicle identification number of such motor vehicle. Upon receipt of this notification the director of revenue may provide notice of suspension of motor vehicle registration to the owner at the owner's last address shown on the records of the department of revenue. Any suspension imposed may remain in

effect until the department of revenue receives notification from a county or township collector that the personal property taxes have been paid in full. Upon the owner furnishing proof of payment of such taxes and paying a twenty dollar reinstatement fee to the director of revenue the motor vehicle or vehicles registration shall be reinstated. In the event a motor vehicle registration is suspended for nonpayment of personal property tax the owner so aggrieved may appeal to the circuit court of the county of his or her residence for review of such suspension at any time within thirty days after notice of motor vehicle registration suspension. Upon such appeal the cause shall be heard de novo in the manner provided by chapter 536, RSMo, for the review of administrative decisions. The circuit court may order the director to reinstate such registration, sustain the suspension of registration by the director or set aside or modify such suspension. Appeals from the judgment of the circuit court may be taken as in civil cases. The prosecuting attorney of the county where such appeal is taken shall appear in behalf of the director, and prosecute or defend, as the case may require.

5. SENATE CONCURRENT RESOLUTION NO. 33 [SCR 33]

WHEREAS, for many years, residents in the greater St. Louis area enjoyed regular airline service by TWA to and from Ronald Reagan Washington National Airport (DCA); and

WHEREAS, St. Louis is a large market, with over 2.6 million people in the St. Louis Metropolitan Statistical Area, and for the year 2003, the St. Louis-Washington market (not including BWI) ranked 13th among Washington destinations inside the 1,250-mile perimeter with 243,302 passengers; and

WHEREAS, because TWA was the dominant airline in St. Louis, fares were relatively high, especially for business travelers who often traveled on a few days' notice. When American Airlines acquired TWA several years ago, they significantly reduced their presence in St. Louis and service to Washington, D.C. has suffered as a result; and

WHEREAS, American Airlines now operates its DCA to STL services using regional jets with a seating capacity of 50 or less seats, United Airlines operates three daily roundtrips using regional jets between St. Louis and Dulles, and Southwest Airlines only flies to BWI, not to DCA or Dulles; and

WHEREAS, with such a lack of competition for flights to Washington, D.C., Primaris, a new entrant airline, would introduce competition in the market served currently only by American Airlines; and

WHEREAS, Primaris proposes to operate a twice-daily premium service between STL and DCA using Boeing 757 aircraft with 126-seat capacity in a two-by-two configuration for passenger comfort; and

WHEREAS, Primaris will provide this premium service which is equal to or better than the current business class service and will offer fares significantly lower than most coach class fares of American Airlines' commuter affiliates that now conduct DCA-STL operations; and

WHEREAS, while recognizing that the United States Congress has given the federal Department of Transportation authority to grant only a few slot exemptions, given the size of the St. Louis market and the current lack of competition on the DCA-STL route, approval of Primaris Airlines' application is strongly recommended to serve the St. Louis-Washington, D.C. market:

NOW, THEREFORE, BE IT RESOLVED that the members of the Senate of the Ninety-second General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby urge the United States Department of Transportation to grant approval to Primaris Airlines' application in Docket OST 2000-7182 for the operation of twice-daily service between Ronald Reagan Washington National Airport (DCA) and Lambert-St. Louis International Airport (STL); and

BE IT FURTHER RESOLVED that the Secretary of the Missouri Senate be instructed to prepare a properly inscribed copies of this resolution for the Honorable Norman Y. Mineta, Secretary of Transportation, and each member of the Missouri Congressional Delegation.

- (1) Reinforce local control of schools;
- (2) Demand greater accountability by state and local administrators which will reduce waste and ensure more money goes to classrooms and less to bureaucrats;

- (4) Support our teachers by looking for new, innovated and practical ideas that the General Assembly can address to assist teachers in the classroom:

SENATE CONCURRENT RESOLUTION NO. 41 [SCS SCR 41]

WHEREAS, the United States Fish and Wildlife Service has mandated that the United States Army Corps of Engineers implement a plan for operating the Missouri River that calls for a "spring rise" and a "summer low flow." This plan would result in an increase in the flow of the Missouri River in the spring when the risk of flooding of bottomland farms is already high. The plan also would result in a reduction of the flow of the Missouri River in the summer of each year, thereby negatively affecting farmers, utilities, and businesses from Omaha to the Gulf of Mexico, purportedly to improve habitat for the pallid sturgeon, an endangered fish; and

WHEREAS, the United States Fish and Wildlife Service has dictated these controversial flow changes primarily to benefit only a short segment of the Missouri River where pallid sturgeon have not even been found in six years of sampling; and

WHEREAS, analyses have shown that low river flows could actually degrade habitat important to the pallid sturgeon in segments of the lower Missouri and Mississippi Rivers where pallid sturgeon have been found in recent years; and

WHEREAS, in the summer months of 2002 and 2003, record low flows on the Missouri River increased transportation costs for Missouri farmers by halting navigation, increased power plant cooling costs for private utilities, increased drinking water treatment costs for public utilities

across the state of Missouri, and caused water quality violations with the temperature in the Missouri River exceeding 90 degrees. Despite the economic harm already experienced by Missourians, the United States Fish and Wildlife Service has unilaterally mandated summer low flows during the next two years that are virtually identical to those experienced in 2002 and 2003; and

WHEREAS, while the United States Fish and Wildlife Service has failed to provide sufficient scientific evidence that proves that their mandated "spring rise" and "summer low flow" will improve habitat for the pallid sturgeon, analysis has shown that their proposal will increase the risk of flooding bottomland farms along the Missouri River, will result in economic harm to public and private utilities, and will risk the jobs of those who rely on the Missouri and Mississippi Rivers for their livelihoods; and

WHEREAS, the so-called "drought conservation measures" under consideration by the United States Army Corps of Engineers for inclusion in the Missouri River Master Manual would take away usable water from Missourians by shifting the storage of more water to upstream reservoirs while decreasing the amount of water available for other designated downstream uses; and

WHEREAS, the Missouri River contributes up to 65 percent of the Mississippi River flow at St. Louis during low-water conditions; and

WHEREAS, reduction of Missouri River flows would result in more frequent and more costly impediments to commerce on the Mississippi River where more than 120 million tons of cargo, which includes 60 percent of the nation's grain harvest, is shipped annually past St. Louis.

WHEREAS, the United States Eighth Circuit Court of Appeals recently affirmed that the dominant functions of the Missouri River Reservoir System are flood control and navigation, with recreation and other interests being secondary uses:

NOW, THEREFORE, BE IT RESOLVED that the members of the Missouri Senate, Ninety-Second General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby respectfully request that the President of the United States direct the United States Fish and Wildlife Service and the United States Army Corps of Engineers to develop a plan for operating the Missouri River Reservoir System that will not increase the risk of flooding for bottomland farmers and will not harm the economy of the Midwestern states by failing to provide adequate flows to meet all designated downstream uses on the Missouri and Mississippi Rivers; and

BE IT FURTHER RESOLVED that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for the President of the United States, each member of the Missouri Congressional Delegation, the United States Fish and Wildlife Service, and the United States Army Corps of Engineers.

SENATE CONCURRENT RESOLUTION No. 47 [SS SCR 47]

WHEREAS, Missouri has a long tradition of providing funding for multimodal transportation services; and

WHEREAS, multimodal transportation services are a tool for economic development, mobility and congestion relief; and

WHEREAS, Missouri citizens directly benefit from multimodal transportation services; and

WHEREAS, recent state budget woes have forced personnel cuts, the elimination of promotional funds, and the implementation of a \$5 ticket surcharge to supplement insufficient state appropriations for passenger rail services; and

WHEREAS, other multimodal transportation services, such as MetroLink and OATS, face financial shortfalls during tight budgetary times; and

WHEREAS, mass transit systems are looking into fare increases in order to balance their budgets; and

WHEREAS, total state multimodal program funding for aviation, passenger rail, waterways, motor carrier, and transit has decreased from approximately \$25 million in fiscal year 2000 to \$16 million in fiscal year 2004; and

WHEREAS, there is a strong desire to stabilize and improve multimodal transportation services in Missouri in order to alleviate and enhance the mobility of people, goods, and freight; and

WHEREAS, according to the U.S. Department of Transportation, a multimodal transportation approach offers the promise of:

1. Lowering overall transportation costs by allowing each mode to be used for the portion of the trip to which it is best suited;
 2. Increasing economic productivity and efficiency, thereby enhancing the nation's global competitiveness;
 3. Reducing congestion and the burden on overstressed infrastructure components;
 4. Generating higher returns from public and private infrastructure investments;
 5. Improving mobility for the elderly, disabled, isolated, and economically disadvantaged;
- and
6. Reducing energy consumption and contributing to improved air quality and environmental conditions.

NOW THEREFORE BE IT RESOLVED that the members of the Missouri Senate, Ninety-Second General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby establish the "Joint Interim Committee on Multimodal Transportation Services"; and

BE IT FURTHER RESOLVED that the joint interim committee herein established shall consist of five members of the Senate appointed by the President Pro Tem of the Senate, of which at least two shall be members of the minority party; and five members of the House of Representatives, appointed by the Speaker of the House of Representatives, of which at least two shall be members of the minority party; and

BE IT FURTHER RESOLVED that the Committee shall make a comprehensive analysis of Missouri's multimodal transportation services and shall:

- (1) Create a long-term vision for state supported multimodal transportation services in Missouri;
-

- (2) Formulate multimodal transportation policies and strategies that will place Missouri in a proactive position with regard to Missouri's future transportation challenges and opportunities;
- (3) Explore how Missouri can better regulate and connect the various modes of transportation into a united system;
- (4) Provide recommendations of how to reduce dependence on state general revenue support by increasing efficiencies, exploring dedicated funding sources, and by establishing local community support requirements;
- (5) Provide recommendations of how to establish public/private partnerships with railroads to complete infrastructure improvements that will reduce track congestion and improve on-time performance of trains;

SENATE CONCURRENT RESOLUTION No. 51 [SCR 51]

Relating to recognition of the Ellis Fischel Cancer Center.

WHEREAS, on January 11, 1937, Governor Lloyd C. Stark of Missouri in his inaugural address stressed the desirability and importance of a cancer hospital, which should be available to "the humblest citizen"; and

WHEREAS, Senator Michael Kinney of St. Louis introduced a cancer hospital bill to the 59th General Assembly, a measure which was subsequently passed and signed by Governor Stark on May 28, 1937; and

WHEREAS, the bill provided for the erection and operation of the first state cancer hospital in the country and provision for the establishment of diagnostic clinics, and for the

Governor to appoint a State Cancer Commission to supervise the maintenance and operation of the state's cancer program and to appoint a hospital administrator; and

WHEREAS, the cornerstone for this historic state cancer hospital was laid December 9, 1938, and the hospital opened in 1940 as the Ellis Fischel State Cancer Hospital in honor of Dr. Ellis Fischel, a St. Louis surgeon who was a staunch advocate and chairman of the Missouri State Cancer Commission who suffered an early and unfortunate death before the hospital was completed; and

WHEREAS, the Ellis Fischel State Cancer Hospital has a long and historical record of compassionate cancer treatment for the citizenry of Missouri and beyond, and of cancer outreach education and prevention activities that have engaged virtually every county in the State of Missouri; and

WHEREAS, the Ellis Fischel State Cancer Hospital, which has been owned and operated by the State of Missouri under the authority of the Missouri State Cancer Commission for fifty years, was transferred by Governor John Ashcroft from management by the Missouri Department of Health and Senior Services to that of the Curators of the University of Missouri, a sovereign entity of the State of Missouri, on November 1, 1990; and

WHEREAS, this transfer of management and the merger of the highest quality cancer research, education, and treatment programs between the staffs of the Ellis Fischel State Cancer Hospital and the Medical School of the University of Missouri-Columbia, which resulted in renaming the program the Ellis Fischel Cancer Center, has resulted in a State Cancer Hospital that provides research in the causes, prevention, and treatment of cancer of the very highest quality care for Missourians:

NOW, THEREFORE, BE IT RESOLVED that we, the members of the Missouri Senate, Ninety-second General Assembly, the House of Representatives concurring therein, unanimously join in extending our recognition of the history and service of the Ellis Fischel Cancer Center as the designated cancer institute of the State of Missouri; and
